

City of McCleary
STAFF REPORT

To:	Mayor Huff and Council
From:	Paul Nott
Date:	3/6/2026
Department:	Light and Power

Hello All,

Since our last report the crew has responded to 2 outages, began work on West Oak Street, completed a primary line extension on Elma Hicklin and 9 other miscellaneous work orders.

Outages were 1 vehicle vs transformer and 1 blown fuse with unknown cause.

We have been on Oak Street changing poles and upgrading transformers to be cut over to the 12 KV substation.

We completed a 5 pole 1000' foot line extension on the West Elma Hicklin.

Other work orders were a mixed bag, we did have one meter tampering that has been resolved, assisted the school with a shorted street light that was energizing the ground around the light and the others were normal requests.

If anyone has any questions or concerns, feel free to contact us...

Paul
