Mayor Brycen Huff
City of McCleary

Dear Mayor Huff,

I am writing to express my sincere interest in the vacant City Council Seat #2. As a dedicated resident of McCleary for the past 13 years and a registered voter, I meet all eligibility requirements outlined in the city's announcement. I currently serve with the Aberdeen Fire Department, where I have proudly worked for 25 years, and I am eager to bring my experience and commitment of public service to our community.

Throughout my career in the fire service, I have developed a deep understanding of serving others with integrity, accountability, and calm decision-making under pressure. I have had the privilege of assisting residents during their most challenging moments, collaborating with local agencies, and responding to community needs with urgency and compassion. These experiences have reinforced my belief in transparent leadership, preparedness, and thoughtful planning—values I am committed to upholding as a member of the City Council.

I am fully aware of the responsibilities this position entails, including regular Council meetings, committee participation, and active community engagement. I am prepared to dedicate the necessary time and effort to contribute constructively to the city's strategic goals and initiatives.

My priorities include supporting public safety, fostering responsible growth, and strengthening community relationships. My background in emergency response, teamwork, and problem-solving equips me to listen attentively, act decisively, and advocate effectively for the well-being of McCleary residents.

Thank you for considering my application. Please feel free to contact me if you require any additional information.

Sincerely,

Brian Peterson
