## STAFF REPORT

<b>To:</b>	Mayor and Council
<b>From:</b>	Jenna Jarvis, Public Works Field Foreman
<b>Date:</b>	December 2, 2025
<b>Department:</b>	Public Works

Hello everyone!

The Public Works department has initiated our annual winter preparations. Two of the three plows have been attached and ready to go. We will attach the third plow if we see there is a big snow event coming our way. Our sander has also been loaded and ready to go. Cross training will continue for newer staff to ensure coverage for plowing/sanding and emergency response.

The Public Works crew has also been supporting the Fire Department in meeting L&I compliance requirements. We have added nonslip surfaces for when they enter and exit the trucks. We have also added the same surface in the living quarters for a more updated and sanitary area. We have also started on some bathroom remodel work moving the bathroom door from the living quarters to then entering from the shop. When the old vinyl was taken out, we discovered that the toilet had been leaking. Once we are done painting in the bathroom, we will install the toilet, dough nut, and flange.

Have a wonderful day!

-Jenna Jarvis
