| Questions | asked at VFW meeting Sept 26, 2023   |
|-----------|--|
|           |  |
| 1         | How can we get a copy of the 2022 Income/Expense Report?   |
| 2         | How can we get a copy of the proposed 2024 budget by Nov 8th, 2023 Public Hearing?               |
| 3         | What is a water loan? How much is owed? Will Rates/ bill go down when paid off?                  |
| 4         | I'd like to know how much money was wasted on the city well property?                            |
| 5         | Why is McCleary Electric so much more per Kw than Grays Harbor PUD?                              |
| 6         | 2026 bump - why? Who has this info?  |
| 7         | How much money is currently in the City Reserve Fund (account)?                                  |
|           | Why is power budget affected by the budget if costs are not going up? Why are reserves being     |
| 8         | spent or used?   |
| 9         | Why isn't the auditor (state) involved?  |
| 10        | If our water rates are going up, are we going to get cleaner drinkable water?                    |
| 11        | What is a new debt for?  |
| 12        | Why do we need an IT manager and urban developer?  |
| 13        | Why would the city brag about people needing help to pay for their water bills?                  |
|           | Who wants another park? The one we have doesn't get used or maintained. Prove you can            |
|           | maintain what we have first. Try finishing something correctly, in time and on budget!           |
| 14        |  |
|           | How can someone on a fixed income afford rate increases if they barely make it now? Especially   |
| 15        | if they make "too much" to get help from CCAP?   |
|           | Why is it that people who come buy water from the city of McCleary pay less than a resident      |
| 16        | inside the city? Limits per gallon?  |
|           | Why are we paying 3 times the rate Elma pays for water/ sewer? How did we get here? This will    |
| 17        | drive people out, companies, new residents. Where is 1.4 million going?                          |
|           | So what work was budgeted for this year that has not got done? Budget left = planned work that   |
| 18        | hasn't gotten done! You aren't very good at managing city business or money.                     |
|           | How much of the "Reserve" can be used before the state auditor has a finding against the city? I |
|           | believe once there is such a finding by the state - at some point the state can come in and take |
| 19        | over the city?   |
