Communications

- Progress has been made with the water meter replacement program in the areas selected and are nearing completion, there are approximately 30-40 properties left that have either not scheduled an appointment for the meter change or are vacant in some cases, we are working with DB Utility assisting in making contact for the remaining properties that are left.
- Hydrant and Watermain flushing for Madison and Fairfield Townships is scheduled for September 28th, 2026, and will take place through October 31st, 2026. During this time residents are reminded that before doing any laundry to check for water clarity before washing any light-colored clothing, if you do experience discolored water, please run the cold water only until it becomes clear from your tap.
- The WTP plant improvement project is nearing completion, the Dpw staff have participated in the start up and commissioning of all the new equipment and controls, The EGLE is scheduled for a site visit of September 3rd, 2026, to review the new plant improvements along with the new well that was drilled and is almost ready to be put into service. We will be meeting with the engineer and general contractor at WTP to go over a final punch list of items that still need to be completed.
