1. Summary of the proposed ordinance (must include a statement of the public purpose, such as serving the public health, safety, morals and welfare):

Ordinance 2024-02 allows for open accessory structures in residential and commercial properties which was previously not defined in the Code. This provides a way for property and business owners to create permanent shaded areas for a respite from the sun and rain.

2. An estimate of the direct economic impact of the proposed ordinance on private, for-profit businesses in the City of Madeira Beach, if any:

(a) An estimate of direct compliance costs that businesses may reasonably incur;

(b) Any new charge or fee imposed by the proposed ordinance or for which businesses will be financially responsible; and

(c) An estimate of the City of Madeira Beach's regulatory costs, including estimated revenues from any new charges or fees to cover such costs.

The City may see a minor increase in permit and inspection revenue by allowing property owners to build open accessory structures in addition to enclosed accessory structures.

3. Good faith estimate of the number of businesses likely to be impacted by the proposed ordinance:

All properties will be able to apply for a permit for an open accessory structure.

4. Additional information the governing body deems useful (if any):
