Page 2 Questions—Alcoholic Beverage Permit Application

- Consideration of alcoholic beverage application: On a separate attached page, please answer the following questions:

[1] The extent to which the location and the extent to which the proposed alcoholic beverage request will adversely affect the character of the existing neighborhood.

- The request will be compatible with adjoining development and the proposed character of the John's Pass Village Activity Center. As described in the Code, the John's Pass Village Activity Center Development Standards are an attempt to memorialize the character of this tourist, commercial, and cultural center, and to provide for future enhancement and revitalization. Approval of this request would further these goals by allowing for the subject property to offer alcoholic beverages to guests which will enhance the attractiveness of the hotel to guests.

[2] The extent to which traffic generated as a result of the location of the proposed alcoholic beverage request will create congestion or present a safety hazard.

- The subject property has adequate off-street parking and loading and ingress/egress so that the request should cause minimum interference with traffic on abutting streets. The hotel currently operates without any traffic issues and the request will not create traffic issues for the subject property or the abutting streets. Furthermore, the proposed alcoholic beverage request will be for guests of the hotel to utilize and will not be a public bar, thus no additional traffic will be generated as a result of this request.

[3] Whether or not the proposed use is compatible with the particular location for which it is proposed.

- The request is compatible with adjoining development and the proposed character of the John's Pass Village Activity Center. As described in the Code, the John's Pass Village Activity Center Development Standards are an attempt to memorialize the character of this tourist, commercial, and cultural center, and to provide for future enhancement and revitalization. Approval of this request will allow for the hotel to continue to flourish and bring guests to the area which positively impacts the surrounding businesses in the John's Pass Village Activity Center.

[4] Whether or not the proposed use will adversely affect the public safety.

- The proposed request for alcoholic beverage use will be offered to guests of the hotel only and the applicant will utilize the request in a manner which comports to the protection of the public health, safety, welfare, and convenience.

[5] No application for review under this section shall be considered until the applicant has paid in full any outstanding charges, fees, interest, fines or penalties owned by the applicant to the City under any section of the Code.

- The applicant has no knowledge of any outstanding charges, fees, interest, fines or penalties which are outstanding with the City.

Section 110-124. Standards and requirements.

(b) Such uses shall be found by the special magistrate to comply with the following requirements and other applicable requirements:

(1) That the use is a permitted special use.

- The subject property is located in the C-1 John's Pass Activity Center Transitional zone. Under Section D-105(6)(c), "[o]pen rooftop, balcony and elevated terrace use" is a permitted special use "if commercial use or accessible to more than one temporary lodging, vacation rental, or residential unit." The hotel on the subject property would qualify under Section D-105(6)(c) and is therefore a permitted special use.

(2) That the use is so designed, located and proposed to be operated that the public health, safety, welfare and convenience will be protected.

- The applicant has designed the use and intends to utilize the special use in a manner which comports to the protection of the public health, safety, welfare, and convenience.

(3) That the use will not cause substantial injury to the value of other property in the neighborhood where it is to be located.

- The requested use will be a benefit to the value of other property in the neighborhood and will not cause substantial injury to property values. Rather, the requested use will assist in enhancing and revitalizing the neighborhood by drawing more business and tourism to the area.

(4) That the use will be compatible with adjoining development and the proposed character of the district where it is to be located.

- The requested use will be compatible with adjoining development and the proposed character of the John's Pass Village Activity Center. As described in the Code, the John's Pass Village Activity Center Development Standards are an attempt to memorialize the character of this tourist, commercial, and cultural center, and to provide for future enhancement and revitalization. Approval of this requested use would further these goals by allowing for the subject property to utilize the rooftop for commercial uses which will enhance the hotel.

(5) That adequate landscaping and screening is provided as required in the land development regulations, or otherwise required.

- The applicant will comply with all landscaping and screening requirements as required in the land development regulations or as otherwise required by the City.

(6) That adequate off-street parking and loading is provided and ingress and egress is so designed as to cause minimum interference with traffic on abutting streets.

- The subject property has adequate off-street parking and loading and ingress/egress so that the requested use should cause minimum interference with traffic on abutting streets. The hotel currently operates without any traffic issues and the requested use will not create traffic issues for the subject property or the abutting streets.

(7) That the use conforms with all applicable regulations governing the district where located, except as may otherwise be allowable for planned unit developments.

- The requested use conforms with all applicable regulations governing the district where the subject property is located.

(8) If a variance is also desired, and/or required, a separate application shall be submitted concurrently with the special exception application.

- No variance is requested at this time.

(9) Special exception use will not grant to the land more privilege than the best use available in a zone where that special exception use would be a principal permitted use.

- Approval of this special exception use in this zoning district will not grant the subject property any more privilege than the best use available in a zone where the special exception use would be considered a principal permitted use.

(10) No application for special exception use shall be considered by the special magistrate until the applicant has paid in full any outstanding charges, fees, interest, fines or penalties owed to the city by the applicant or the owner or possessor of the property under any section of the Code.

- The applicant has no known outstanding charges, fees, interest, fines or penalties owing to the City.

Hello,

I have attached the roof deck drawing.

In regard to events:

We envision utilizing the rooftop for events of no more than fifty (50) persons which are also guests of the hotel. As a requirement to host an event, units must be rented within the hotel to ensure that events are for guests. Furthermore, we desire to maintain the character of the family-friendly environment we have cultivated at the hotel and will not be hosting large events at the site, nor will we allow amplified music for smaller events. If a guest party requests a larger event, we refer those requests to a local event company, West Events, to provide a more suitable location for such an event.

In regard to a kitchen:

We are not working on any kitchen plans at this time.

Please let me know if you have any questions or if there is anything else I need to do.

Thanks so much,

Amanda Huffman

Amanda,

Will the rooftop be used for events? Are you still moving forward with installing a kitchen facility up there? Also, here is a copy of the alcohol license permit application and our amended alcohol ordinance. The alcohol license permit application will still require a public hearing at a BOC Regular Meeting. The next BOC Regular Meeting is May 14th, 2025. The Special Exception Use would be for the use of the roof top area and the alcohol license permit application would be for selling alcohol on the roof top and at the pool.

Best Regards,
