RELATED COURSEWORK AND PROJECTS

Public Management – The University of Georgia

Major concepts and theories associated with the modern public organization. Instruction regarding organizational environments, goals and effectiveness, strategy and decision-making, structure and design, communication, leadership, individual work behaviors, and other topics.

Summer 2021

Government Bids and Contracting – The University of Georgia

Provides exposure to the rationale, theory, and complex context of contracting and an opportunity to learn and apply fundamentals of the various stages of government contracting for private sector business: integration, operations, management, and termination.

Fall 2021

Public Personnel Administration – The University of Georgia

Procedures and problems of personnel administration. Included in the topics are classification, performance appraisal, hiring practices, affirmative action, and pay equity. Studies of governmental agencies are employed to give the students first-hand knowledge of governmental personnel administration.

Summer 2020

Unified Incident Command – Texas A&M University System

Completed a program focused on the processes used in an Incident Command Post (ICP) and the key decision-making requirements within that response node. Command and coordination, resource management, and communications & information management were emphasized.

Spring 2016
