Re: #2024-01 HR Classification and Compensation Plans Study

Dear Robin,

We are pleased to submit this proposal to work with the City of Madeira Beach on the HR Classification and Compensation Plans Study. We are excited to share our passion for strategic workforce staff planning and custom pay plan development. We look forward to the opportunity to work as your partner and achieve success together. We are a local Florida firm located in Saint Augustine with a satellite location in Tampa only 24 miles away from the City of Madeira Beach.

The goal of this study is to evaluate the present salary structure as compared to the specific job market for comparable positions in the public sectors. The study will focus on approximately 83 full time employees and approximately 69 classifications / job titles. The City of Madeira Beach serves a population of approximately 3,895.

AutoSolve, Inc. (AutoSolve) is an experienced Management Consulting firm that has been providing consulting services to private and public agencies for more than 30 years. Our success has been contributed to our ability to continuously deliver value to our clients. We have an exceptionally qualified staff assigned to the engagement. The AutoSolve team will listen, collaborate, and communicate effectively with your team to ensure that we develop a custom pay plan that is both internally equitable and externally competitive. We will have all work completed within 3 months of starting and our target completion date is 7/19/2024.

All work will be performed by AutoSolve employees. If you need any additional information as you consider your options, please let me know.

This proposal will remain valid for ninety (90) days from the date of submittal.

Thank you for your time and consideration,

Jeff Turner, President

Town of Redington Shores	FL	2,176	\$9,264,240	2.8

Sample of Improvement Opportunities in Relevant Projects.

Compression / Compliance

At the start of the study, we performed a deep dive analysis on the city's current compensation system. Informed by this detailed analysis, our team then recognized and addressed compression issues. One finding from this analysis was that 4 employees were being compensated below their current paygrade minimum. We immediately provided the city with data that allowed for corrective action to take place and to resolve a non-compliance issue.

Compression / Custom Pay Plays

In a prior project, we found that a city was utilizing only one pay plan for all their employees. This led to compression issues and employees being inadequately compensated compared to their operating market. We corrected this issue by creating pay plans for each department/employee group that was then implemented by the client. The deliverable was a customized compensation system for the city.

Internal Survey / Classifications

We performed an internal, individual employee assessment survey that collected current job duties and responsibilities for job classifications from the city's employees. The survey analysis revealed that 3 city employees were working in the wrong job classification and performing duties outside of their designated positions and failed to align with their job description. This issue was corrected via a re-classifying of said employees.

Project Goals, Objectives, and Outside Databases

A classification and compensation study aligns your people strategy with your business strategy. The objective of every organization is to optimize the workforce for today while proactively planning for future resource needs. AutoSolve will review internal equity pay relationships between positions and external competitiveness pay relationships with labor market competitors. Our team will provide quantitative numerical data analysis along with qualitative interpretation-based analysis.

We understand that every organization is different and has their own unique goals and concerns. We strive to provide a tailored made solution addressing your organization's individual wants/needs. The following objectives and methodology outlined with this document are a road map for completing the classification and compensation study.

Communication and Interaction

- All work will be done with regular involvement of the City of Madeira Beach Project Team. Additional key personnel, identified by the City of Madeira Beach Project Team, will be included.
- The project initiates with a kickoff meeting to review the process and tasks to be performed by the study.
- Schedule weekly touchpoint meetings to discuss the project and review the work plan.
- Provide weekly updates on the progress of the project.
- Schedule as needed meetings with department heads.
- Incorporate feedback into the process.
- Jointly agree on comparable organizations to be surveyed.
- Work with management during all phases of this project, including an onsite visit to present final recommendations to the City Council.

Scope of Work

Conduct comprehensive classification and compensation study. The study shall evaluate the present salary structure as compared to the specific job market for comparable positions in the public sectors.

- We will review and evaluate Human Resources/Personnel processes relative to all City job classifications and compensation.
- We will review and evaluate all current job classifications to ensure compliance with federal, state, and local laws and regulations including the Fair Labor Standards Act, exempt/non-exempt classifications, and all other applicable personnel provisions.
- We will review all current job classifications, confirm, and recommend changes to hierarchical order of jobs using your evaluation system.
- We will establish appropriate benchmarking standards and conduct salary surveys as needed for similar positions as required.
- We will identify potential pay compression issues and provide potential solutions.
- We will analyze and recommend changes to the present compensation matrix and/or structure to meet the market analysis. This recommendation will include recommendations for individual positions.

The study will focus on approximately 83 employees and approximately 69 classifications / job titles.

Cloud Survey Platform

AutoSolve has its own secure cloud survey platform providing a quality customer centric experience for the organization survey and the individual employee survey. The AutoSolve Cloud Survey Platform is developed and maintained by AutoSolve employees.

Key Databases

We understand that the key to a successful study relies on the quality of data utilized. In addition to the internal and external surveys, we utilize key databases to ensure comprehensive, balanced, and accurate results. Below is a description of the outside databases we utilize along with the client's operating market compensation data.

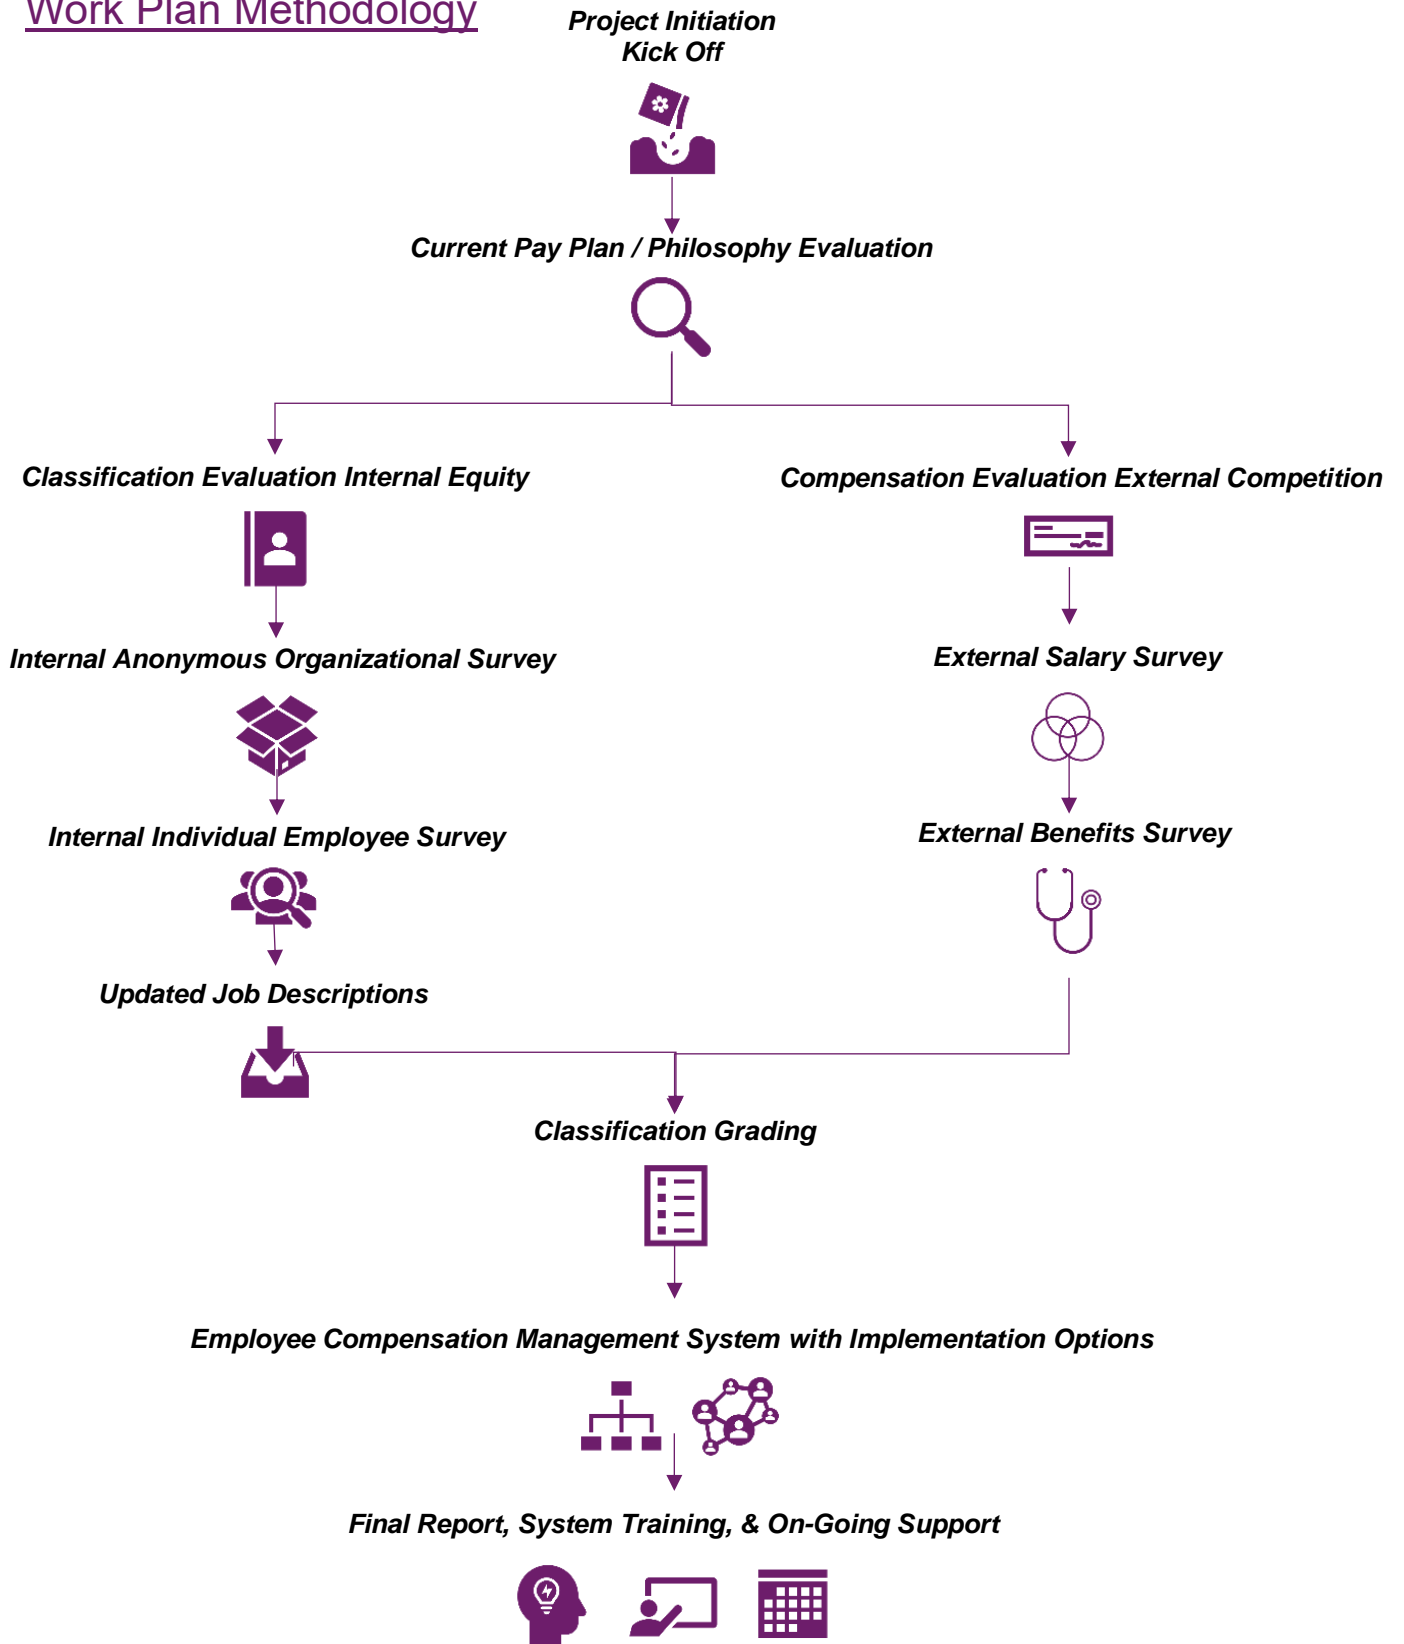

Economic Research Institution (ERI)

Provides access to private sector pay ranges for over 46,000 classifications across 10,000 plus locations globally. This database allows us to compare your organization's classifications and pay ranges against identical classifications and pay ranges found in the private sector.

The Council for Community and Economic Research (Cost of Living Index)

Provides up to date cost of living data for over 3,000 different counties and urban areas. We utilize this database to adjust peer market data to the cost of living of the client organization. This allows an "apples to apples" analysis of salary ranges found within the organizations competitive market, making for a better recommendation to the client.

Work Plan Methodology

Work Plan Breakdown

Project Initiation / Kick Off

The project kickoff meeting sends the signal to all stakeholders that the project has started. We will take this opportunity to provide team introductions, align on key objectives and establish working relationships.

- Meet with organization's project team (human resources, associations, unions, and/or key leadership staff) to validate and finalize scope of service, methodology, timetable, and other key deliverables.
- Review work plan methodology for the study.
- Collect current pay plan data including but not limited to employee classifications, employee compensations, employee tenure details; job descriptions; organizational charts; collective bargaining agreements; policy handbook, benefit offerings; etc.
- Review and validate communication plan.
- If needed, additional orientation and briefing sessions will be scheduled to present the project objectives and to address questions/concerns.

Deliverables: Excel file detailing the finalized project plan with agreed upon deliverables and timeline.

Current Pay Plan/Philosophy Evaluation

We will review the organization's current classification and compensation plan and then meet to discuss the organization pay plan philosophy. Key recommendations will be derived from the data analysis on the current pay plan data provided.

- Analyze the organization's work force based on classification, tenure, pay grade, and current annual/hourly salary.
- Analyze the number of classifications utilized.
- Analyze how an employee fits within their current pay grade. Quartile analysis based on employee's current salary in respected to their assigned salary range.
- Analyze the expected pay based on tenure.
- Analyze pay compression within the current pay plan system.
- Meet with the organization's project team to discuss the pay plan/philosophy.
- Provide recommendations to better align client pay plan system to current best practices.

Deliverables: PDF report outlining and illustrating the current workforce classification system and pay plan philosophy creating a foundation for both the classification and compensation reviews.

Classification Evaluation – Internal Surveys, Job Descriptions - Internal Equity

We conduct 2 internal surveys to gather feedback from employees. The anonymous internal organizational survey helps us to understand the employee sentiment within the organization. The internal individual employee survey provides us with the most up to date job duties and information that will arm us with the knowledge to create/update job descriptions and assist job grading/hierarchy matrix. Both surveys are conducted in our secure cloud survey platform providing a quality customer centric experience. We will conduct employee focus group and department head interviews as needed.

- Meet with the organization's project team to review and designate appropriate scheduling to conduct both the internal organization survey and the individual employee survey.
- Provide login credentials for all participating employees in the study.
- Conduct an anonymous online internal organizational survey for each current employee to participate in, to better assess positives and negatives of the organization's benefits, current compensation system, culture, etc. from their employee's perspective. This allows the employees to participate in the study and have their concerns about the organization heard.

- Meet with the management team to determine classifications with retention, hiring, and/or compression issues.
- Ensure position descriptions are in full compliance with all applicable federal, state, local statutes, and regulations, including the FLSA and Americans with Disabilities Act (ADA).

- Position Descriptions Questionnaires (PDQ's). Conduct an online internal individual employee survey. This survey allows us to gather current job responsibilities, duties, education level, required certification, etc. for each classification involved within the study. This survey is the basis for performing job audits, conducting our internal classification grading, and updating job descriptions. The survey calls for full employee participation. PDQ question examples: Name, Job Title, Department, Supervisor Responsibility, Education Level, Required Certification, Other Certifications, Job Duties, Type of Work, and Leadership Responsibility questions.

- Create updated job descriptions utilizing the findings from the individual employee survey and organization's project team insight.
- Review updated job descriptions with organization's project team and make revisions. Provide final job descriptions in word format after the completing revisions.

Deliverables: PDF breaking down findings from both conducted surveys, interviews, job audits, and organization's project team insights. Updated job descriptions provided to organization as a word file.

Compensation Evaluation – Salary Survey - External Equity

We utilize public and private data to support the external equity compensation evaluation which enables us to determine the organization's operating market. The salary survey serves as the gauge for how competitive the organizations compensation system currently is compared to their operating market and shows us which classification are currently behind in reference to the organizations compensation philosophy. The 3 data sources utilized are salary survey of 10-15 peer organization, the Council for Community and Economic Research (Cost of Living Index) database, and the Economic Research Institute (ERI) private sector salary databases.

- Meet with organization's project team to identify and reach consensus on a list of relevant peer organizations to be used in the external salary survey. (10-15 peer organizations similar in size)
- Meet with organization's project team to strategically create a comprehensive list of organization's positions to survey with appropriate descriptions for peer organizations to provide the correct comparative salary ranges. (Best Practices: Maximum of 80 classifications for external salary survey)

- Conduct external salary survey by collecting agreed upon peers' salary range data on strategically picked positions. (Exhibit A.1 – A.3)
- Aggregate and analyze external market survey findings to assess the organization's current compensation system competitiveness within its peer market.
- Adjusting for cost of living to get the most accurate analysis, utilize The Council of Community and Economic Research's database.
- Utilize private sector salary data gathered from the Economic Research Institute (ERI) to assist in creating the proposed compensation system.
- Present analysis and recommendations to the organization's project team to receive integrate feedback.

Deliverables: PDF report summarizing market survey findings, comparing the organization's current salary ranges to the surveyed market peers, and highlighting the relative market competitiveness of each surveyed classifications' minimum, midpoint, and maximum salary range point.

Benefits Survey - External Competition

We will conduct an external custom benefits survey based on the agreed upon peer group collecting health insurance, retirement, paid time off and other supplemental benefits data. The benefit survey will provide us with an understanding of the external competitive markets for fringe benefit offerings.

- Meet with organization's project team to identify and reach consensus on a list of relevant peer organizations to be used in the external benefit survey.
- Conduct external benefits survey by collecting agreed upon market peers' benefit data.
- Prepare written and illustrated commentary on organization's benefit offerings compared to collected peer data.

Deliverables: PDF report summarizing benefits survey findings, comparing the organization's current benefits offerings to the survey market peers.

Classification Grading

We utilize data from the internal individual employee survey, and external salary survey to create a corrected classification hierarchy based on updated classification data. The classification hierarchy list is the utilized in creating the proposed pay plan aligning pay with hierarchy eliminating pay compression.

- Incorporating analysis, findings, and recommendation from both the classification review and the compensation review, we utilize a hierarchical scoring mechanism for the placement of positions in the classification system. We will provide recommendation on updating classification placement, addition and deletion as needed.
- The hierarchical grade placement per classification is derived from compensation, job duties, and job impact in the organization and community.
- Meet with organization's project team to present initial classification grading to receive feedback and make revisions.

Deliverables: Excel file containing a list of all classification and its finalized agreed upon grade/placement within the organization

Employee Compensation Management System / Custom Pay Plan

We will create the new custom pay plan to meet the organizations goals/needs and to align the new pay system with current industry best practices. We will recommend and discuss multiple pay plan implementation options.

- Analyze survey data to develop externally competitive salary range and step-plan recommendations for each job classification.
- Provide recommendations for multiple salary structures to accommodate specialized labor markets.
- Prepare a recommended pay plan and salary range assignment separating employees by department and job function. (Exhibit A.4 -A.6)
- Develop recommended strategies for setting hiring rates for new and promoted employees.
- Provide seven or more implementation cost options for the new recommended compensation system. (Exhibit A.7)
- Meet with the organization's project team to present initial system and receive feedback on revising the newly recommended pay scales. (Exhibit A.8)
- Review all implementation options and select the option or options that best fit the needs of the organization.
- Provide a custom employee compensation management system. The employee compensation management system will be a workable excel file that incorporates the organizations selected implementation option and the multiple recommended pay plans. The new system outlines the estimated cost to move all employees based upon the chosen implementation option, and the client's ability to add new hires and/or move employees up/down in their pay plan. (Exhibit A.9)
- The system will ensure useability of the recommended compensation system for the next two years.

Implementation Options

We provide a set of initial implementation options as a starting point for the discussion to match the organization's compensation philosophy and business needs. (Exhibit A.7), (Exhibit A.10)

Deliverables: A workable excel file of the employee compensation management system.

Final Report, System Training

We will prepare a final report to include all aspect of the classification and compensation study.

- Prepare a final report illustrating project findings and recommendations derived from project results.
- Present findings and recommendations at a public meeting of the organization's stakeholders at an agreed upon date either in person or virtually.
- Prepare an in-depth manual and training video for maintenance of the recommended classification and compensation plan job management system.

Deliverables: Draft and Comprehensive final PDF report, maintenance/training PDF manual, maintenance/training video.

Complementary Six (6) Months Support/Maintenance

- **Six Months (Free)** maintenance on an as needed basis. Support includes job description updates, applying new hires to the proper pay grade, appropriate employee promotion through their grade, determining if employee should be promoted to a higher grade.

Yearly Maintenance

- **Yearly Maintenance (Additional Purchase Required)** includes job description updated on an as needed basis. Assisting in applying new hires to the proper pay grade. Assisting in how high an employee should be promoted through their grade, or if they should be promoted up a grade. Exhibit A.10: Implementation Option Descriptions

Implementation Options	Description
Bring to New Minimum/Closest Step	Each employee's salary is adjusted to the minimum of the new proposed pay grade per their classification. If their current salary is already within the new proposed pay grade range, little to no adjustment is made.
Class Year Parity	Class year parity aims to align an employee's salary within their recommended new paygrade range based on how long they have worked in their current classification. This is calculated on 30-year career basis, where an employee with 15 years of experience in one classification is placed at the midpoint of their new paygrade range.
Hire Year Parity	Hire year parity aims to align an employee's salary within their recommended new paygrade range based on their overall tenure with the organization. This is calculated on 30-year career basis, where an employee with 15 years of experience with the organization is placed at the midpoint of their new paygrade range.
Current Range Penetration	Current range penetration utilizes the employee's current penetration within their current paygrade range and applies it to their new proposed paygrade. For example, if an individual is 25% through their current paygrade range, they are brought to 25% percent of their recommended paygrade range.
Current Range Penetration Capped at 10%	Current range penetration capped at 10% utilizes the employee's current penetration within their current paygrade range and applies it to their new proposed paygrade or no more than 10% of their current salary. (The capped percentages an adjustable number that can be changed based on client desire and need.)
Step to Step	Step to step calculates the cost of keeping each employee on their current step within the new proposed plan.
Step Plus One	Step plus one calculates the cost of moving each employee up one step from their current step using the new proposed plan.
Hybrid Year	Hybrid year places employees into their newly recommended paygrade ranges based on a hybrid between class year parity and hire year parity.
Compensation Ratio	Compensation Ratio is a calculation that evaluate an employer's current ratio to their grade midpoint. The ratio places employees into a new recommended pay grade range at the same ratio vs. the midpoint. For example, employees who are at their current paygrade range quarter mark are now at (50% compa ratio) would be place at their new recommended salary at 25% range penetration.

Exhibit D – Reference Letter - Ms. Hannah Metevia - GrowFL

July 28, 2023

To Whom It May Concern,

I am pleased to write this letter of recommendation for Mr. Jeff Turner, whose exceptional contributions and expertise have significantly impacted the success of our organization's programs and initiatives.

Throughout his tenure with us, Jeff has been instrumental in various capacities. As a strategy consultant, he played a pivotal role in the growth and success of our System for Integrated Growth program, a highly valuable initiative aimed at assisting CEOs in addressing internal and external challenges. Jeff's active involvement in over 350 strategic engagements with CEOs not only impacted their top line revenue but contributed significantly to the program's enduring growth and success.

Moreover, we utilize Jeff's expertise to conduct two rounds of in-depth due diligence for our annual awards program, GrowFL Florida Companies to Watch. His proficiency and extensive knowledge of the business landscape make him an invaluable asset in this critical capacity. Unlike similar organizations to GrowFL that frequently rotate their due-diligence providers, Jeff's unwavering experience and dedication have made him the sole individual we trust to handle this crucial responsibility year after year.

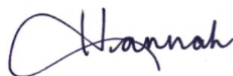

No matter the project, Jeff's meticulousness, analytical skills, and risk assessment and mitigation abilities have consistently delivered outstanding results. His keen eye for detail ensures thorough and accurate evaluations, providing us with valuable insights and recommendations for informed decision-making. Throughout our collaborations with Jeff, he has consistently met deadlines, displaying flexibility a commitment in accommodating our needs.

We are continually impressed with Jeff's professionalism, leadership, and dedication to our organization's goals. His diligent work and his exceptional support have contributed significantly to the success of our annual awards program and the System for Integrated Growth program for well over a decade.

We are privileged to have worked with Jeff, and without reservation, will contract with Jeff again, knowing that our programs would be in the most capable hands.

I wholeheartedly recommend Jeff Turner for any venture or project requiring a skilled, knowledgeable, and dedicated individual.

Sincerely,

Hannah Metevia
Engagement Manager
