DISCLAIMER: According to Florida Statutes, Chapter 119, it is the policy of this state that all state, county, and municipal records are open for personal inspection and copying by any person. Providing access to public records is a duty of each agency. All documents and information not specified in F.S. 119.071 and 119.0713 are subject to public record requests.

***REQUIRED:** Please attach required supporting materials (i.e. Survey, Narrative Response to the criteria upon which a rezoning is determined (see attached page), and any other materials the applicant wishes to present).*

Please review the below section on Reimbursement of expenses, the applicant will be responsible for all fees listed below:

Madeira Beach Code of Ordinances

Sec. 2-78. Conduct of hearing.

- (a) *Application.* An application for a zoning change or land use change shall be submitted 30 days prior to the scheduled meeting.
- (b) *Application filing fee.* Application fees are listed in the fees and collection procedure manual.
- (c) *Notification.* When and at such time as an application is made, the application shall be filed with the community development department who shall post a ten-day notice, or meet the Florida Statutory requirements, whichever is greater, of the time and place when the local planning agency shall consider the subject matter on the application. At the time of posting, all property owners of record, on the tax roll of the year within which the case is being heard, within 300 feet in any direction of the property, which is the subject matter of the application, shall be notified and the notice shall be posted on the property itself setting forth the date, time and place of the hearing. Note: Failure to notify all of the abutting property owners, as shown on the records of the Pinellas County Property Appraiser's Office, shall not constitute grounds for re-advertising the public hearing or conducting additional public hearings and shall not affect any action or proceeding of the application. For all other meetings and workshops not involving an application that must meet specified notification requirements, a minimum of three days' notice must be given.
- (d) *Public hearing.* At the hearing any interested person may be heard upon the subject matter. The procedures established in article I, division 2 shall govern the local planning agency's conduct of public hearings for a site specific rezoning, which is by definition a quasi-judicial matter.
- (e) *Recommendations.* The planning commission or the local planning agency, by majority vote, shall submit its recommendation with respect to the application to the board of commissioners with the written reasons therefore.
- (f) *Written records.* Minutes shall be kept of all hearings by the planning commission and the local planning agency, and all hearings shall be open to the public. The written record shall include the vote of each member upon each question, or if absent or failing to vote, indicating such fact. The minutes of all proceedings, and recommendations of the planning commission and the local planning agency shall be made public record on file with the city clerk.

DISCLAIMER: According to Florida Statutes, Chapter 119, it is the policy of this state that all state, county, and municipal records are open for personal inspection and copying by any person. Providing access to public records is a duty of each agency. All documents and information not specified in F.S. 119.071 and 119.0713 are subject to public record requests.

ALL APPLICATIONS SHALL SUBMIT A RESPONSE TO THE CRITERIA LISTED BELOW:

1. Consistency with the Madeira Beach Comprehensive Plan and Forward Pinellas Countywide Plan.
All zoning district and future land use category assignments shall be consistent with the comprehensive plan, including the future land use map and future land use element goals, objectives and policies. The zoning district assigned shall be consistent with the land use category of the future land use map.

The proposed rezoning and future land use amendment is consistent with the MadeiraBeach Comprehensive Plan by ensuring that the residential/family and beach commu-
nity character of the City is maintained and protected while maximizing the potential for economic benefit from tourist trade. Approval of this request will allow Applicant to redevelop the site along with 14099 Gulf Blvd. as a single development which will provide modern housing meeting FEMA standards while maintaining a business presence along Gulf Blvd.

2. Zoning and Future Land Use Compatibility. The assigning of zoning districts and future land use categories shall promote the compatibility of adjacent land uses.

The proposed rezoning and future land use amendment are compatible with adjacent land uses as the parcels are adjacent to property with the same zoning (C-3) and future land use designation (R/O/R). Additionally, the zoning and land use pattern in the area shows a history of allowing C-3 zoning and R/O/R land use to extend back to Palm Street and 1st Street E (see 14251 Gulf Blvd, 14361 Gulf Blvd, 13999 Gulf Blvd, etc.). Thus, the proposed rezoning and future land use amendment follow pattern in the area and would allow the Applicant to develop the site together with 14099 Gulf Blvd.

3. *Adequate Public Facilities.* The assigning of zoning districts shall be consistent with the public facilities available to set the types of uses allowed in the proposed zoning district. The level of service standards shall be considered in assigning zoning districts and there shall be reasonable assurance that the demand for services allowed in the proposed zoning district can be met.

The parcels proposed for rezoning and future land use amendment are in an area with adequate public facilities and the demand for services will be able to be met.

4. Public Interest. Zoning district and designations shall not be in conflict with the public interest and will promote the public health, safety and welfare.

Approval of the proposed rezoning and future land use amendment will be in harmony with the public interest and promotes the public health, safety, and welfare by allowing for redevelopment of the site as an elevated multi-family dwelling option with first-floor commercial retail. This will allow the property to come into compliance with FEMA standards while upgrading the site with a modern housing option with first floor commercial retail.

5. Consistency with Land Development Regulations. Zoning district and future land use designations shall be consistent with the purpose and intent of these Land Development Regulations

The proposed zoning and land use are consistent with the purpose of protecting, promoting, and improving the public health, safety, morals, and general welfare of the community. Approval of this request will make the City a safer place and will keep businesses along Gulf Blvd.

CERTIFICATION

I hereby certify that I have read and understand the contents of this application, and that this application, together with all supplemental data and information, is a true representation of the facts concerning this request; that this application is made with my approval, as owner and applicant, as evidenced by my signature below.

It is hereby acknowledged that the filing of this application does not constitute automatic approval of the request; and further, if the request is approved, I will obtain all the necessary permits and comply with all applicable orders, codes, conditions, rules and regulations pertaining to the subject property.

For a Rezoning and Future Land Use Amendment:

I have received a copy of Sec. 2-78. Conduct of hearing (attached), read and understand the reasons necessary for granting this application and the procedure, which will take place at the Public Hearing.
