1. Summary of the proposed ordinance (must include a statement of the public purpose, such as serving the public health, safety, morals and welfare):
Proposed ordinance updates the Fees and Collection Procedures Manual, specifically fees related to facility rentals in the Recreation Center and City Hall. Update eliminates redundancies, simplifies pricing, and brings pricing in line with similar facilities. The public purpose is to enhance transparency in the fee schedule and increase access to the facilities which are available.

2. An estimate of the direct economic impact of the proposed ordinance on private, for-profit businesses in the City of Madeira Beach, if any:
(a) An estimate of direct compliance costs that businesses may reasonably incur;
(b) Any new charge or fee imposed by the proposed ordinance or for which businesses will be financially responsible; and
(c) An estimate of the City of Madeira Beach's regulatory costs, including estimated revenues from any new charges or fees to cover such costs.

Proposed changes should translate to an increased numbers of rentals and uses of the facility. Related increase would increase the annual revenue captured by facility rentals for the Recreation Department.

3. Good faith estimate of the number of businesses likely to be impacted by the proposed ordinance:

5-10 businesses may be impacted. There are not very many rental facilities in our direct area and most rentals are done so by individuals wishing to utilize the facility.

4. Additional information the governing body deems useful (if any):
The City of Madeira Beach solicited feedback from previous facility users and other stakeholders. Additionally, research was conducted to compare current rates with similar facilities in the area.
