Nothing herein is intended to serve as a waiver of sovereign immunity by any Recipient to which sovereign immunity applies. Nothing herein shall be construed as consent by a state agency or subdivision of the State of Florida to be sued by third parties in any matter arising out of any contract.

(10) DEFAULT

If any of the following events occur ("Events of Default"), all obligations on the part of the Division to make further payment of funds shall, if the Division elects, terminate and the Division has the option to exercise any of its remedies set forth in Paragraph (11). However, the Division may make payments or partial payments after any Events of Default without waiving the right to exercise such remedies, and without becoming liable to make any further payment:

(a) If any warranty or representation made by the Recipient in this Agreement or any previous agreement with the Division is or becomes false or misleading in any respect, or if the Recipient fails to keep or perform any of the obligations, terms or covenants in this Agreement or any previous agreement with the Division and has not cured them in timely fashion, or is unable or unwilling to meet its obligations under this Agreement;

(c) If any reports required by this Agreement have not been submitted to the Division or have been submitted with incorrect, incomplete or insufficient information;

(d) If the Recipient has failed to perform and complete on time any of its obligations under this Agreement.

(11) REMEDIES

If an Event of Default occurs, then the Division shall, after thirty calendar days written notice to the Recipient and upon the Recipient's failure to cure within those thirty days, exercise any one or more of the following remedies, either concurrently or consecutively:

(a) Terminate this Agreement, provided that the Recipient is given at least thirty days prior written notice of the termination. 1. Request additional information from the Recipient to determine the reasons for or the extent of non-compliance or lack of performance,

2. Issue a written warning to advise that more serious measures may be taken if the situation is not corrected,

3. Advise the Recipient to suspend, discontinue or refrain from incurring costs for any activities in question, or

4. Require the Recipient to reimburse the Division for the amount of costs incurred for any items determined to be ineligible.

(f) Exercise any other rights or remedies which may be available under law;

(g) Pursuing any of the above remedies will not stop the Division from pursuing any other remedies in this Agreement or provided at law or in equity. If the Division waives any right or remedy in this Agreement or fails to insist on strict performance by the Recipient, it will not affect, extend or waive any other right or remedy of the Division, or affect the later exercise of the same right or remedy by the Division for any other default by the Recipient.

(12) TERMINATION

(a) The Division may terminate this Agreement for cause after thirty days written notice. Cause can include misuse of funds, fraud, lack of compliance with applicable rules, laws and regulations, failure to perform on time, and refusal by the Recipient to permit public access to any document, paper, letter, or other material subject to disclosure under Chapter 119, Florida Statute, as amended.

(b) The Division may terminate this Agreement for convenience or when it determines, in its sole discretion that continuing the Agreement would not produce beneficial results in line with the further expenditure of funds, by providing the Recipient with thirty calendar days prior written notice.

(c) The parties may agree to terminate this Agreement for their mutual convenience through a written amendment of this Agreement. The amendment will state the effective date of the termination and the procedures for proper closeout of the Agreement.

(d) In the event that this Agreement is terminated, the Recipient will not incur new obligations for the termination portion of the Agreement after the Recipient has received the notification of termination. The Recipient will cancel as many outstanding obligations as possible. Costs incurred after receipt of the termination notice will be disallowed. The Recipient shall not be relieved of liability to the Division because of any breach of Agreement by the Recipient. The Division may, to the extent authorized by law, withhold payments to the Recipient for the purpose of set-off until the exact amount of damages due to the Division from the Recipient is determined.

Property Address: 905 Bay Point Drive, Madeira Beach, Florida 33708

Scope of Work

The scope of work for this Mitigation Reconstruction project is to demolish the existing residence at 905 Bay Point Drive in Madeira Beach, Florida and build a new structure on the same site that is code-compliant, hazard-resistant and constructed on an elevated foundation system. The newly constructed and elevated structure shall be no more than ten (10) percent greater than that of the original structure. The new structure will have a minimum lowest finished floor elevation of fifteen (15) feet NAVD which is three (3) feet above the Base Flood Elevation of twelve (12) feet. Any enclosed space at grade level will have hydrostatic vents and can only be used for storage or parking. The new residence will be designed and constructed in compliance with the National Flood Insurance Program requirements and all applicable local, state and federal code and permitting requirements.

The property owners may select the contractors of their choosing to demolish the current home and reconstruct a new residence. Madeira Beach will follow local, state, and federal procurement guidelines when selecting and contracting for services. Madeira Beach will assist the property owners with the procurement and contracting process as applicable.

Tasks

Task 1

The recipient shall enter into a Flood Mitigation Project Agreement between the City of Madeira Beach and the property owners that passes along the terms of this Federally-funded Subgrant Agreement. Recipient will ensure that any agreement between property owners and contractor will contain the language from Section 14 (Subcontracts) of this agreement. The recipient will review and concur with property owners' selection of contractor(s) to ensure work proposed and cost fit within the grant eligible costs and budget.

The property owners shall be responsible for furnishing or contracting for all labor, materials, equipment, tools, transportation and supervision and for performing all work per sealed engineering designs and construction plans presented to the Division by the recipient and subsequently approved by the Division and FEMA.

The recipient shall ensure that no contractors or subcontractors are debarred or suspended from participating in federally funded projects. The recipient will provide an executed

"Debarment, Suspension, Ineligibility, Voluntary Exclusion Form" for each contractor and/or subcontractor performing services under this agreement.

The selected contractor shall have a current and valid occupational license/business tax receipt issued for the type of services being performed. The recipient shall provide a copy of a current and valid occupational license or business tax receipt issued for the type of services to be performed by selected contractor.

All recipient contracts with contractors and/or subcontractors will be provided to the Division by the recipient prior to execution.

Task 2

The recipient shall monitor and manage the reconstruction of the new home in accordance with sealed engineering designs and construction plans approved by the local building official and presented to the Division by the recipient. The recipient shall ensure that all applicable state, local and federal laws and regulations are followed and documented, as appropriate. The foundation of the elevated home will be designed in consultation with a PE/structural engineer and will meet all Madeira Beach codes. In addition, Madeira Beach will be permitting and conducting inspections as needed. The completed work shall comply with all Federal, State and Local Rules and Regulations.

Construction activities will be completed by a qualified and licensed Florida contractor. The recipient must complete the project in accordance with all required permits. All work will be completed in accordance with applicable codes and standards.

Upon completion of the work, the recipient will schedule and participate in a final inspection of the completed project by the local building official, if applicable. Any deficiencies found during this final inspection will be corrected by the recipient prior to recipient's submittal of the final inspection request to the Division.

The recipient will submit a final copy of the project's as-built drawings and necessary supporting documentation, and will provide a summary of all contract scope of work changes, if any.

Additional documentation will include:

1. Local Building Official Building Permit
2. Certificate of Occupancy/Completion from a local building official as applicable
3. Color photographs of completed project sites
4. Signed notices from the affected property owner in the SFHA that the recipient will record a Deed Notice applicable to their property, as described in 6, below, and that they will maintain flood insurance.

5. Verification that the property located within a SFHA is covered by an NFIP flood insurance policy to the amount at least equal to the project cost or to the maximum limit of coverage made available with respect to the particular property, whichever is less.
6. Confirmation that the recipient (or property owner) has legally recorded with the county or appropriate jurisdiction's land records a notice that includes the name of the current property owner (including book/page reference to record of current title, if readily available), a legal description of the property, and the following notice of flood insurance requirements:

"This property has received Federal hazard mitigation assistance. Federal law requires that flood insurance coverage on this property must be maintained during the life of the property regardless of transfer of ownership of such property, pursuant to 42 U.S.C. §5154a, failure to maintain flood insurance on this property may prohibit the owner from receiving Federal disaster assistance with respect to this property in the event of a flood disaster. The property owner is also required to maintain this property in accordance with the floodplain management criteria of 44 CFR 60.3 and City/County Ordinances."
7. Letter verifying compliance with the National Historic Preservation Act, to include if archaeological material or human remains were encountered during project activities, and if so, how they were handled.

Task 3

During the course of this agreement the recipient is required to submit requests for reimbursement. Adequate and complete source documentation is required to be submitted to support all costs (federal share and local share) related to the project. The recipient shall submit to the Division requests for reimbursement of actual construction and administrative costs related to the project as identified in the project application, sealed engineering designs, and construction plans. In some cases, all project activities may not be fully complete prior to requesting reimbursement of costs incurred in completion of this scope of work; however, a partial reimbursement may be requested.

2. Proof of payment from the recipient to the contractor, subcontractor, and/or vendor for invoiced services.
3. Clear identification of amount of costs being requested for reimbursement as well as costs being applied against the local match amount.

The recipient must maintain accurate time records. The recipient must ensure invoices are accurate and any contracted services were rendered within the terms and timelines of this agreement. All supporting documentation must agree with the requested billing period. All costs submitted for reimbursement must contain adequate source documentation which may include but not be limited to: cancelled checks, paid bills and invoices, payrolls, time and attendance records, contract and subcontract award documents.

Construction Expense: The recipient will pre-audit bills, invoices, and/or charges submitted by the contractors and subcontractors and pay the contractors and subcontractors for approved bills, invoices, and/or charges. Recipient will ensure that all contractor/subcontractor bills, invoices, and/or charges are legitimate and clearly identify the activities being performed and associated costs.

Administrative Expenses: The recipient shall pre-audit source documentation such as payroll records, project time sheets, attendance logs, etc. Documentation shall be detailed information describing tasks performed, hours devoted to each task, and the hourly rate charged for each hour including enough information to calculate the hourly rates based on payroll records. Employee benefits must be clearly shown.

The recipient's final request for reimbursement should include the final construction project cost. Supporting documentation must show that all contractors and subcontractors have been paid. The Division will review all submitted requests for reimbursement for basic accuracy of information. Further, the Division will ensure that no unauthorized work was completed prior to the approved project start date by verifying vendor and contractor invoices. The Division will verify that reported costs were incurred in the performance of eligible work, that the approved work was completed, and that the mitigation measures are in compliance with the approved scope of work prior to processing any requests for reimbursement.

Review and approval of any third party in-kind services, if applicable, will be conducted by the Division in coordination with the recipient.

Task 4

The recipient shall provide the Division with quarterly reports. These reports shall include the current status and progress by the recipient and all subrecipients and subcontractors in completing the work described in the Scope of Work and the expenditure of funds under this agreement, in addition to any other information requested by the Division. The new residence will be designed and constructed in compliance with the National Flood Insurance Program requirements and all applicable local, state and federal code and permitting requirements

Provided the Subgrantee performs in accordance with the Scope of Work outlined in this Agreement, the Division will reimburse the Subgrantee based on the percentage of overall project completion.

Project Requirements and Conditions:

Environmental:

1. The recipient must follow all applicable state, local and federal laws, regulations and requirements, and obtain (before starting project work) and comply with all required permits and approvals. Failure to obtain all appropriate federal, state, and local environmental permits and clearances may jeopardize federal funding. If project work is delayed for a year or more after the date of the categorical exclusion (CATEX), then coordination with and project review by regulatory agencies must be redone.
2. Any change, addition or supplement to the approved Scope of Work that alters the project (including other work not funded by FEMA, but done substantially at the same time), regardless of the budget implications, will require re-submission of the application to FEMA through the Division for National Environmental Policy Act (NEPA) re-evaluation before starting project work.
3. Construction vehicles and equipment used for this project shall be maintained in good working order to minimize pollutant emissions.
4. In the event of an unexpected discovery involving an undertaking that has affected a previously unidentified historic property, human remains, or affected a known historic property in an unanticipated manner, the recipient should cease all activities involving subsurface disturbance in the immediate vicinity of such discoveries and take all reasonable measures to avoid or minimize harm to the property. The recipient, or other designee, should contact the Florida Department of State, Division of Historical Resources, Review and Compliance Section at 850.245.6333 or 800.847.7278, as well as the Division and FEMA. Project activities should not resume without verbal and/or written authorization for the Division of Historical Resources and FEMA. In the event that unmarked human remains are encountered during permitted activities, all work shall stop immediately and the proper authorities notified in accordance with Section 872.05, *Florida Statutes*.

5. Recipient shall provide a copy of the public notice and copies of any feedback received and resolution of those comments.
6. Unusable equipment, debris and material shall be disposed of in an approved manner and location. In the event significant items (or evidence thereof) are discovered during implementation of the project, Recipient shall handle, manage, and dispose of petroleum products, hazardous materials and toxic waste in accordance to the requirements and to the satisfaction of the governing local, state and federal agencies. Failure to comply with these conditions may jeopardize FEMA funding; verification of compliance will be required at project closeout.
7. If any asbestos containing material, lead-based paint, or other hazardous materials are found during remediation or repair activities, the Recipient must comply with all federal, state, local abatement and disposal requirements. Coordination with the FDEP Division of Air Resource Management or the local pollution control agency PRIOR to any demolition or renovations of buildings that contain asbestos or asbestos-containing materials is required. Failure to comply with these conditions may jeopardize FEMA funding; verification of compliance will be required at project closeout.

Programmatic:

1. The Recipient must notify the Division as soon as significant developments become known, such as delays or adverse conditions that might raise costs or delay completion, or favorable conditions allowing lower costs or earlier completion.
2. A change in the scope of work MUST be approved by the Division and FEMA in advance regardless of the budget implications.
3. The Recipient must "obtain prior written approval for any budget revision which would result in a need for additional funds" [44 CFR 13(c)] from the Division and FEMA.
4. Any extension of the Period of Performance must be submitted to FEMA 60 days prior to the expiration date. Therefore, any request for a Period of Performance Extension must be in writing and submitted along with substantiation of a new expiration date and a new schedule of work to the Division a minimum of seventy (70) days prior to the expiration date for Division processing to FEMA.
5. The Recipient must avoid duplication of benefits between FMA and any other form of assistance, as required by Section 312 of the Stafford Act, and further clarification provided in 44 CFR 206.191.

Financial Consequences

if the recipient fails to comply with any term of the award, the Division shall take one or more of the following actions, as appropriate in the circumstances:

1. Temporarily withhold cash payments pending correction of the deficiency by the recipient;
2. Disallow all or part of the cost of the activity or action not in compliance;
3. Wholly or partly suspend or terminate the current award for the recipient's program;
4. Withhold further awards for the program; or
5. Take other remedies that may be legally available.

- (1) Consulting with the State Historic Preservation Office to identify properties listed in or eligible for inclusion in the National Register of Historic Places that are subject to adverse effects (see 36 CFR, Section 800.8) by the proposed activity; and

- (4) When any of the Recipient's projects funded under this Agreement may affect a historic property, as defined in 36 CFR, Part 800 (2)(e), the Federal Emergency Management Agency (FEMA) may require the Recipient to review the eligible scope of work in consultation with the State Historic Preservation Office (SHPO) and suggest methods of repair or construction that will conform with the recommended approaches set out in the **Secretary of Interior's Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings 1992 (Standards)**, the **Secretary of the Interior's Guidelines for Archeological Documentation (Guidelines)** (48 Federal Register 44734-37), or any other applicable Secretary of Interior standards. If FEMA determines that the eligible scope of work will not conform with the **Standards**, the Recipient agrees to participate in consultations to develop, and after execution by all parties, to abide by, a written agreement that establishes mitigation and recondition measures, including but not limited to, impacts to archeological sites, and the salvage, storage, and reuse of any significant architectural features that may otherwise be demolished.

FEMA will request the SHPO's opinion on the potential that archeological properties may be present and be affected by such activities. The SHPO will advise the Recipient on any feasible steps to be accomplished to avoid any National Register eligible archeological property or will make recommendations for the development of a treatment plan for the recovery or archeological data from the property.

If the Recipient is unable to avoid the archeological property, develop, in consultation with SHPO, a treatment plan consistent with the **Guidelines** and take into account the Advisory Council on Historic Preservation (Council) publication "Treatment of Archeological Properties". The Recipient shall forward information regarding the treatment plan to FEMA, the SHPO and the Council for review. If the SHPO and the Council do not object within 15 calendar days of receipt of the treatment plan, FEMA may direct the Recipient to implement the treatment plan. If either the Council or the SHPO object, Recipient shall not proceed with the project until the objection is resolved.

- (6) The Recipient shall notify the Division and FEMA as soon as practicable: (a) of any changes in the approved scope of work for a National Register eligible or listed property; (b) of all changes to a project that may result in a supplemental DSR or modify a HMGP project for a National Register eligible or listed property; (c) if it appears that a project funded under this Agreement will affect a previously unidentified property that may be eligible for inclusion in the National Register or affect a known historic property in an unanticipated manner. The Recipient acknowledges that FEMA may require the Recipient to stop construction in the vicinity of the discovery of a previously unidentified property that may be eligible for inclusion in the National Register or upon learning that construction may affect a known historic property in an unanticipated manner. The Recipient further acknowledges that FEMA may require the Recipient to take all reasonable measures to avoid or minimize harm to such property until FEMA concludes

consultation with the SHPO. The Recipient also acknowledges that FEMA will require, and the Recipient shall comply with, modifications to the project scope of work necessary to implement recommendations to address the project and the property.
