CITY MANAGER

Overview: The City of Madeira Beach has a commission-manager form of government, whereby elected officials entrust the day-to-day responsibilities of managing government operations to a professionally trained municipal administrator. The City Manager is considered a charter officer. The charter stipulates the manager's roles and responsibilities as they relate to the municipal corporation's management and operations. The charter requires the elected officials referred to as the "Board of Commissioners" to serve as policymakers and to provide policy guidance and direction to the City Manager, who then maintains the responsibility of executing the policy edicts. This relationship between the Board and the City Manager represents one of the most common government structures in the state of Florida, and in the nation as a whole. The City Manager serves as the Chief Administrative Officer, or CAO, similar to a CEO in a for-profit entity. However, a municipal manager's duties and responsibilities focus on government operations and quality-of-life elements that are intended to improve the lives of those who call this community home or who choose to visit or invest in the city.

COMMUNITY DEVELOPMENT

Overview: The Community Development Department's mission is to foster an attractive, economically, and environmentally healthy city that is safe, diverse, and livable for all. The department includes planning and zoning, business licensing, floodplain management, and shared responsibility for the management of code compliance. The department is directed by the Community Development Director who answers directly to the City Manager.

Planning and zoning goals are accomplished through the development review processes, and the update and implementation of the Madeira Beach Comprehensive Plan and Land Development Regulations. Planning and zoning and building staff implement a consolidated plan review process, which incorporates the input of a wide range of consultants, outside agencies, and other city departments. Code compliance functions involve coordination with the Code Enforcement Officers to interpret and implement the use of the city's Land Development Regulations. The department also updates and manages the Community Rating System, associated floodplain management, and the business tax program.

Community Development staff supports city-wide programs sponsored by other departments and represents City planning interests by participation in County and Regional planning and development programs. Community Development staff provides staff support to the Board of Commissioners, the Planning Commission, and Special Magistrate in review of special exceptions, variance requests and zoning code violation hearings.
