ARTICLE I. CITY CLERK'S OFFICE- FEES FOR INSPECTING AND COPYING PUBLIC RECORDS

(Res. 2016-24, 07/12/2016; Res. 2013-50, 10/08/2013; Res. 09.10, 09/21/2009; Res. 04.02, 01/27/2004; ORD. 2018-03; 06/12/2018; Ord. 2019-06); Ord. 2020-04; Ord. 2021-12 05/12/21

SECTION A. What is a public record?

Section 119.11 (12), F.S., defines "public records" to include:

"all documents, papers, letters, maps, books, tapes, photographs, films, sound recordings, data processing software, or other material, regardless of the physical form, characteristics, or means of transmission, made or received pursuant to law or ordinance or in connection with the transaction of official business by any agency."

The Florida Supreme Court has interpreted this definition to encompass all materials made or received by an agency in connection with official business which are used to perpetuate, communicate, or formalize knowledge. *Shevin v. Byron, Harless, Schaffer, Reid and Associates, Inc.*, 379 So. 2d 633, 640 (Fla. 1980).

All such materials, regardless of whether they are in final form are open for public inspection unless the Legislature has exempted them from disclosure.

Wait v. Florida Power & Light Company, 372 So. 2d 420 (Fla. 1979)

SECTION B. Right of access to public records under reasonable conditions, F.S., Sec. 119.07(1)(a):

"Every person who has custody of a public record shall permit the record to be inspected and copied by any person desiring to do so, at any reasonable time under reasonable conditions and under supervision by the custodian of the public records."

The term "reasonable conditions" as used in Sec. 119.07(1)(a), F.S., "refers not to conditions which must be fulfilled before review is permitted but to reasonable regulations that would permit the custodian of the records to protect them from alteration damage, or destruction and also to ensure that the person reviewing the records is not subjected to physical constraints designed to preclude review." *Wait v. Florida Power & light Company*, 372 So. 2d 420. 425 (Fla. 1979). See also *Chandler v. City of Greenacres*, 140 So. 3d 1080, 1084 (Fla. 4th DCA 2014) (noting the narrow interpretation of the phrase "reasonable conditions"): and *Tribune Company v. Cannella*, 458 So. 2d 1075, 1078 (Fla. 1984), *appeal dismissed sub nom.*, *DePerte v. Tribune Company*, 105 S.Ct. 2315 (1985) (the sole purpose of custodial supervision is to protect the records from alteration, damage, or destruction).

Accordingly, the "reasonable conditions" do not include a rule or condition of inspection which operates to restrict or circumvent a person's right of access. AGO 75-50. "The courts of this state have invalidated measures which seek to impose any additional burden on those seeking to exercise their rights to obtain records" under Ch. 119, F.S. inf. op. to Cook, May 27. 2011. And see *State v. Webb*, 786 so. 2d 602 (Fla. 1st DCA 2001) (requirement that persons with custody of the public records allow records to be examined "at any reasonable time, under reasonable conditions" is not unconstitutional as applied to public records custodian who was dilatory in responding to public records requests).

A public records request "shall provide sufficient specificity to enable the custodian to identify the

requested records. The reason for the request is not required to be disclosed." Fla. R. Jud. Admin 2.420(m)(l). The custodian "is required to provide access to or copies of records but is not required either to provide information from records or to create new records in response to a request." *Commentary, In re Report of the Supreme Court Workgroup on Public Records*, 825 So. 2d 889, 898 (Fla. 2002). The custodian having custody of the records shall determine whether the requested records are subject to the rule, whether there are any exemptions, and the form in which the record is provided. Fla. R. Jud. Admin. 2.420(m)(2). If the request is denied, the custodian shall state in writing the basis for the denial. *Id.*

SECTION C. Extensive requests pursuant to F.S. §199.07.(4).

Sec. 119.07(4)(d), F.S., provides, "[i]f the nature or volume of public records requested to be inspected or copied pursuant to this subsection is such as to require extensive use of information technology resources or extensive clerical or supervisory assistance by personnel of the agency involved, or both, the agency may charge, in addition to the actual cost of duplication, a special service charge, which shall be reasonable and shall be based on the cost incurred for such extensive use of information technology resources or the labor cost of the personnel providing the service that is actually incurred by the agency or attributable to the agency for the clerical and supervisory assistance required or both."

If a public records request requires an extensive use of the City's resources, a special service charge may be imposed. Special service charges will be calculated based upon the City's actual cost of burden, (wages, taxes, insurance, and benefits), for the lowest paid personnel capable of fulfilling the request.

Large volume of records requested. Deposits are based upon an actual estimate of the cost of production, with a minimum of 50% due before production of the records begins.

SECTION D. Fees for inspecting and copying public records pursuant to F.S. §119.07(1)(a).

Public records held by the City are open to inspection by any person, during reasonable times and under reasonable circumstances. Although Florida law makes some records exempt or confidential, the City wishes to make all non-exempt records available to the public at no cost provided the request to inspect or copy records does not involve an extensive use of City personnel or other resources.

****For all other requests, the fee prescribed for duplication of public records shall represent the actual cost of duplication.***

For purposes of this sections, "Duplicating" means the process of reproducing an image or images from an original to a final substrate through the electrophotographic, xerographic, LED, inkjet or dye sublimation, laser, or offset process or any combination of these processes, by which an operator can make more than one copy without rehandling the original.

(3) Billing.

It is the property owner's responsibility to pay charges against the property. It shall be at the discretion of the city to determine the appropriate billing party. Upon request, the city will attempt to bill tenants, but only if the owner signs a statement acknowledging his responsibility for the charges generated, along with the information necessary so that they may be contacted at the point wherever a delinquency occurs. The city reserves the right to bill the property owner, if it so chooses, regardless of circumstances surrounding the account.

(4) Owner's liability.

If the premises are sold, any remaining claims by the city for garbage and trash services not settled at time of transfer of ownership of the property shall become the responsibility of the new owner. This applies equally to the sale or foreclosure of any property and represents charges for service presently or previously provided. Bills not paid within 30 days shall have penalty interest added at the rate of 1½ percent per month beyond the delinquency date (30days).

B. Stormwater Utility Management

(1) Created.

A stormwater management utility fee, also referred to in this section as "fee" was created and imposed on all developed property within the city for services and facilities provided by the stormwater management program. For the purposes of imposing the fee, all developed property within the city shall be classified into the following three classes:

- a. Residential Property
- b. Non-Residential Property
- c. Mixed Use Property

The Public Works Director will, from time to time, prepare a list of property within the City and assign a classification of residential or nonresidential property.

(2) Schedule of Rates

(Res. 05.20, 09/14/2005)

- (1) The EDU rate shall be ~~\$10.00~~ **\$20.00** per month for each EDU.
- (2) The stormwater management utility fee shall be calculated for each developed property as follows:

- i. The fee for property consisting solely of dwelling units is the rate of one EDU multiplied by the number of dwelling units existing on the property. That is:

$$\text{Fee} = (\text{EDU rate}) \times (\text{Number of dwelling units})$$

- ii. The fee of a property with no dwelling units is the rate of one EDU multiplied by the numerical factor. The numerical factor is obtained by dividing the total impervious area in square feet of the nonresidential property by 1,249 square feet. The resulting calculation is:

$$\text{Fee} = (\text{EDU rate}) \times (\text{Impervious area expressed in square feet}) / 1,249 \text{ square feet, but not less than the rate for one EDU}$$

****Fractional remainders***

- iii. The fee for mixed use property (dwelling units and commercial) is the rate of one EDU multiplied by the number of dwelling units existing on the property. The total on-site impervious is then compared to the impervious area allocated to dwelling units by multiplying the number of dwelling units X 1,249 square feet per dwelling unit and subtracting the resulting square footage of impervious area from the total impervious area. If the remaining impervious area is zero or negative, the fee is the EDU rate multiplied by the number of dwelling units.

If the remaining impervious area is greater than zero, then the additional fee for the remaining impervious area is calculated under subsection (2)(b) of this section.

- (3) The minimum fee for developed property, whether residential or nonresidential, within the city is equal to the rate of one EDU subject to reduction as set forth in subsection (4) of this section.
- (4) On-site stormwater quality management facilities reduction shall be allowed and calculated as follows:
 - i. In order to encourage the improvement of the quality of stormwater runoff, a reduction in the stormwater management utility fee is authorized for those developed properties which are addressed by a stormwater management facility designed and constructed for the purpose of stormwater pollution reduction.
 - ii. A reduction in fee is allowed for a particular developed property only if the stormwater runoff from the property is treated by a stormwater management facility that has been designed, constructed, and is maintained properly for the purpose of stormwater pollution reduction and adheres to the drainage requirements of the ten-year frequency, 60-minute storm event. If it is determined by the Director of Community Services that the stormwater

management facility has not been, nor is currently being, properly maintained as designed, the Director of Community Services may disallow the on-site stormwater management facility credit.

- iii. Specific stormwater treatment facilities that qualify for this reduction include, but are not limited to, retention or filtration ponds; front, rear, and side lot swales; mechanical treatment or separation facilities; or extensive improvement in the amount of pervious surfaces by the use of turf-block for parking areas, driveways, patios and sidewalks.
- iv. For applicable properties, the fee shall be reduced by 25 percent. The reduced fee will, therefore, be calculated as the fee determined in this subsection multiplied by the factor of 0.75 (Fee X0.75).

(3) Billing, Collecting, Delinquency, and Penalty

- a. Bills for stormwater service shall be rendered bimonthly by the county water system as agent for the city. The fixed monthly charge shall be payable in advance.
- b. If any bill shall not be paid within seven days after the date it has been declared delinquent, water service to the premises shall be disconnected until such delinquent account is paid in full, including all applicable disconnection and reconnection charges.
- c. Statements for the stormwater management utility fee shall be payable at the same time and in the same manner and subject to the same penalties as they are otherwise set forth for other utility fees administered by the city. The property owner or fee payer will be notified of any delinquency in the payment of the stormwater management utility fee in the same manner that delinquent water, garbage and sewer bills are notified and the failure to pay such fee as is otherwise provided in the statement rendered to the payer shall subject the property to the discontinuance of water, garbage and sewer services and shall subject the fee payer to all other penalties and charges provided relative to the discontinuance of such utility services.
- d. The administrative appeal and hearing procedure applicable to the discontinuance of utility services shall be applicable to the discontinuance of such services for the nonpayment of the stormwater management utility fee.

(4) Adjustments of fees.

(Code 1983, §19-512)

- a. Any owner, tenant or occupant who has paid the rendered fee and who believes that the fee is in error may, subject to the limitations set forth in this division, submit an adjustment request to the Public Works Director.
 - i. Adjustment requests shall be made in writing and shall set forth in detail the grounds upon which the belief is based.

- ii. The Public Works Director shall review the adjustment request within 90 days of the submittal of the request and shall respond in writing to the requesting fee payer, either denying or granting the request with the reason therefore stated in such response.
 - iii. The rate adjustment, if granted, will apply retroactively to the date at which the erroneous information was applied to the fee payer's fee, but will not exceed one year prior to the adjustment request.
 - iv. Upon denial of the adjustment request, the owner, tenant, or occupant making the original adjustment request may, within 30 days of the receipt of denial, petition for a review of the adjustment request by the board of adjustment. The board of adjustment shall review the adjustment request in accordance with the provisions set forth in the City Code, Chapter 2, as well as the documented evidence provided in the original adjustment request and supplemental evidence requested by the Director of Community Services or provided by the fee payer prior to the decision made by the Director of Community Services. Within 60 days of the petition the board of adjustment shall in writing, either grant or deny the petition. If the petition is granted, the Public Works Director will apply the adjustment to the fee for the requesting customer for the retroactive period identified by the board of adjustment.
- b. The Public Works Director, upon discovering an error or oversight in the calculation of the fee, may initiate an adjustment request. The request must be made in writing documenting the reasons for the adjustment. In the event that the adjustment would require the increase in fee for a fee payer, the Public Works/Marina Director must provide the adjustment request to the affected fee payer 30 days prior to adjusting the fee and offer the fee payer an opportunity within the stated 30 days to provide reasons why the adjustment should not be made. An increase or decrease in fee shall not be retroactively effective more than one year from the date of adjustment.

(5) Sec. 70-156. - Enforcement.

- a. *Civil penalties.* Any violation of any provision of this article, or of any regulation or order issued under this article, shall be subject to a civil penalty not less than \$50.00 or more than \$500.00 per day, or imprisonment of up to 60 days, or both such fines and imprisonment, for each violation.
