Mr. Hatch,

This responds to the City's request for proposal #23-04.

We have visited the site and have interest in assisting the City with Reflection Pond Repair and Upgrades. Given the lack of as-built information and concealed conditions, it is our opinion, the work could be **value-engineered** successfully to complete Part B Scope of Services listed on page 7 of the RFP. We would propose to negotiate with the City with respect to schedule and probable costs to repair and upgrade.

We would be happy to meet with the City to discuss details if you would like to pursue this course of action.

Thank you

Dave Kloote
