To: Police & Fire Pension Board

From: Amy J. Mischak, HR Director 

Re: Duty Disability Retiree Christopher Lock

The Madison Heights Human Resources Department has received verbal confirmation from former Madison Heights Police Lieutenant Christopher Lock that he has been made a conditional offer as a deputy with the Oakland County Sheriff's Department, and the Madison Heights Police Department has also received verbal confirmation from Oakland County that Mr. Lock's start date is August 29, 2022

Mr. Lock was approved for a duty disability pension under Act 345 effective April 8, 2015. As Mr. Lock is no longer considered medically disabled by virtue of his employment with the Oakland County Sheriff's Department, we are requesting that the Board discontinue his duty disability pension benefits effective September 1, 2022. We would also respectfully request that the Police & Fire Pension Board Chairman Jeff Gerald submit a formal written request to the Oakland County Sheriff's Department on behalf of the Pension Board to receive confirmation regarding Mr. Lock's employment status.

Upon an approved motion by the Police and Fire Pension Board to discontinue Mr. Lock's duty disability pension benefits effective September 1, 2022, Mr. Lock will be considered a deferred pensioner under Act 345. He will become eligible for his regular pension effective with his fifty-fifth (55th) birthday on October 20, 2024, upon which he may receive his pension calculated at the 2% multiplier and receive retiree medical benefits available at that date.

Thank you for your attention to his matter.
