From: Greg Lelito, Fire Chief  
Re: Support Emergency Operations Plan  
Date: 7/8/2024

---

The Emergency Management Act 390, 1976, MCL 30.4.9(3), as amended, requires planning, response, recovery, and mitigation for natural and humanmade disasters within the State of Michigan. The Oakland County Homeland Security Division wants to ensure a coordinated plan between the county and local jurisdictions. Oakland County Homeland Security Division must review updated local plans for communities with more than 10,000 people every four years.

The Emergency Operations Support Plan provides a framework for the City to perform emergency functions before, during, and after a natural disaster, technological incident, or hostile attack. The City's current Emergency Operations Support Plan was adopted by the City Council on February 10, 2020.

Adopting the updated Support Emergency Operations Plan fulfills the City's requirement through 2028. The document has been reviewed and signed by all the appropriate department heads. Staff and I recommend the City Council approve the 2024 Support Emergency Operations Plan.
