Clock Repair:

Four (4) self-starting electric clock movements. These clock movements have stainless steel spindles, composite gears, and self-lubricating nylon bushings.

Hand fixings to fit onto the new clock movements.

One (1) Tempus III controller that will accurately regulate the clock movement. This controller is maintenance free, has a 10-year lifetime built-in lithium battery and corrects the time automatically after power outages, including Daylight Saving Time twice a year.

Installation by Lumichron will be provided on site. A Lumichron installer will bring the proper installation hardware with him and ensure a proper installation and hook up. The digital bell system will be running by the time the installation is complete as well as training on the digital bell controller (if power is supplied). The installer will make final connections to Lumichron supplied parts.

The price for these parts and installation will be \$13,700.00. This price excludes electrical wiring, shipping, and a lift to access the clock level.

 As an option, we can provide a climate controlled (cooled and/or heated) NEMA fiberglass enclosure to house the clock controller in the event that the clock controller cannot be placed in a climate controlled and accessible area. The price for this lockable cabinet would be an additional \$1,200.00.

Terms & Warranty on next pages.

Please call us if you have additional questions or we can be of service. Thank you so much for considering Lumichron!

TERMS of SALE & WARRANTY

TERMS: 50% of the total is due as a deposit unless otherwise noted. Our receipt of this down payment and signed quote will initiate your order. The balance is due Net 30 days after completion of installation by Lumichron.

CREDIT CARD PAYMENTS: Payments by credit card incur a 3.5% processing fee. Visa & Mastercard only.

SALES TAX NOTE: Purchaser is responsible for Sales Tax. The price of our product excludes sales tax outside the State of Missouri.

QUOTE VALID for 60 days.

FREIGHT SHIPPING is not included unless otherwise noted. A loading dock or forklift must be available to unload freight shipments or Buyer must notify Seller to request liftgate service. While call ahead can be requested, we make no guarantees that any delivery service will comply with this request. Client must make arrangements to accept shipments unless otherwise agreed upon. If Lumichron is to make special arrangements to receive freight, an additional fee will apply. If client rejects the freight shipment for any reason except for damage and a redelivery is required, the redelivery fee from our chosen freight company will be passed onto the client unless otherwise agreed upon in writing.

CRANES, LIFTS, & OTHER EQUIPMENT:

The rental, acquisition, insurance and any related aspects of required cranes, scaffolding, ladders, or other extraordinary equipment are the sole responsibility of the Buyer. When specified by the Proposal/Contract, and for an additional agreed-upon fee, Seller will procure these services as agent of the Buyer.

REGULATIONS & CODES: Compliance with federal, state, and local building codes or regulations is the sole responsibility of contractor(s), Buyer, or agent of Buyer. Lumichron does not assume any liability or responsibility for violations thereof.

DELAYS: The Seller shall not be responsible for delays caused by unavailability of material, labor troubles weather occurrences, transportation or shipping interruptions, fire, earthquake, or other events beyond Seller's control. The Buyer will be responsible for delays caused by inaccessibility to the work site and/or the failure to provide electrical wiring, cranes, lifts, scaffolding, or other extraordinary equipment in a timely manner. If delays arise due to delayed, or incorrect wiring, a fee will apply and in the event that the Buyer or agents of the Buyer change the date of installation after travel arrangements for such installation have already been made by Lumichron.

WARRANTY: Two years on all parts and workmanship. Does not include: service, labor or shipping costs, from date of delivery. All parts are tested prior to shipping. If within the warranty period, a defect in the part(s) provided by Seller occurs and Buyer notifies Seller of the defect, Buyer will need to ship the parts to Seller for testing. If Seller determines the part(s) are defective, Seller will promptly replace or repair part(s). If Seller determines the parts(s) are defective due to improper usage or installation by Buyer, Seller can repair or replace parts at Buyer's expense. If parts are determined to not be defective, Seller will ship part(s) back to Buyer at Buyer's expense.

INSTALLATION: Our warranty does not include the installation of our clocks unless performed by Lumichron. If Movement and Controller fail due to exposure to water or moisture (which can occur if

there is incorrect installation of cover box) it is not covered by our warranty nor the manufacturer's warranty. The standard protocol for electrical and electronic equipment is: Keep away from moisture or water, or places where it could come in contact with water or moisture. Use a licensed electrician for installation and primary electrical connections. Installation price excludes electrical wiring and a lift to access the clock level. This covers one mobilization unless otherwise noted by Lumichron.

CLIENT RESPONSIBILITIES: (1.) The client is required to provide electrical wiring to Lumichron supplied clock controller as well as wiring from Lumichron supplied clock controller to the clock movement locations. Electrical wiring must be in place prior to Lumichron's arrival. Lumichron will make all final connections provided the wiring is in place at the time of installation. If the required electrical wiring is not in place when our installers arrive, the client will need to make final connections. Client may request to have an Lumichron installer make final connections at a later date for an additional charge. (2.) The client is required to provide a lift to access clock level (if needed). (3.) The client is required to provide any street, sidewalk, or any other permits required for this work.

INSURANCE: Lumichron is a fully insured clock company. Upon acceptance of our proposal, we will supply you with our certificate of insurance.

RETURNS: Since most of our clocks are custom-built, returns are not accepted.
