

GOALS

- H-G1 The City shall preserve and foster housing development consistent with Medina's high-quality residential setting.
- H-G2 The City shall explore affordable housing opportunities.

POLICIES

- H-P1 The City shall minimize changes to existing zoning designations except as to meet above goals when deemed necessary by citizens.
- H-P2 The City shall consider ways to restrict the size of homes in order to retain the character of the community.
- H-P3 The City shall seek to maintain the informal single family character of its neighborhoods, including preventing the intrusion of non-residential activities.
- H-P4 When a home is constructed such that it may potentially have no feasible resale market as a single family residence, the owners should be aware that this would not set the stage for a future conversion to a nonresidential use.
- H-P5 The City should work with cities and community representatives on countywide or subregional funding sources for housing development, preservation, and related services.
- H-P6 The City should continue participation in inter-jurisdictional organizations to assist in the provision of affordable housing on the Eastside.
- H-P7 The City shall continue to make contributions to agencies that support affordable housing.
- H-P8 The City shall explore additional affordable housing options that are compatible with the City's high-quality residential setting.
- H-P9 The City shall not discriminate between a residential structure occupied by persons with handicaps and a similar residential structure occupied by a family or other unrelated individuals.
- H-P10 The City shall assure that zoning does not unduly restrict group homes or other housing options for persons with special needs by making reasonable accommodations in its rules, policies, practices, and services, when such accommodations may be necessary, to afford persons with disabilities equal opportunity to use or enjoy a dwelling.
- H-P11 The City shall permit group living situations that meet the definition of "family status", including where residents receive such supportive services as counseling, foster care, or medical supervision, within a single family house.
- H-P12 To reduce the loss of households, the City should discourage lot aggregation that impacts the scale and character of the neighborhood.
