 - b. Is not attached to a dwelling; and

EXHIBIT A

- c. Does not provide access to an exit door required by R311.4.
- 14. Boat moorage covers over open water not exceeding 120 square feet in horizontally projected roof area and which otherwise fully complies with all state and local requirements.
- 15. Re-roofing of a residence provided:
 - a. Replacement roofing materials use the same or similar type of materials as the roofing materials being replaced;
 - b. The work performed does not activate other building or energy code requirements;
 - c. The re-roof work does not reduce the existing ventilation or storm drainage connections and dispersal; and
 - d. If the re-roof work involves asphalt composition overlaying existing asphalt composition, the total layers of roofing does not exceed two.
- 16. Any work not regulated by provisions of this Code or any elements of the State Building Code.

The listings of exemptions for electrical, gas and mechanical shall remain unchanged.

Section 4. Section 16.40.060 Amended. Section 16.40.060 of the Medina Municipal Code is hereby amended to read as follows:

16.40.060. Expiration—Subsections 105.5 and R105.5 amended.

Subsection 105.5 of the 2018 International Building Code and Subsection R105.5 of the 2018 International Residential Code are hereby amended to read as follows:

Expiration. Every permit issued shall become invalid unless the work authorized by such permit is commenced within 180 days after its issuance. The building official is authorized to grant, in writing, not more than two extensions of time, for periods not more than 180 days each. The extension shall be requested in writing and justifiable cause demonstrated. The processing of the extension may be subject to a fee set forth in the adopted fee schedule.

All work authorized by a permit shall be completed and final inspections made within 18 months from the date the permit is issued and all permits shall finally expire by limitation 18 months from the date of issuance. The building official is authorized to grant extensions for a period not to exceed 12 months provided the work authorized by the permit has not been suspended or abandoned for any 180 day period after the time the work has commenced. The extension shall be requested in writing and justifiable causes demonstrated.

If work or inspections are incomplete at the time a building permit expires, the property owner or their authorized agent may renew action on an expired building permit by paying a new permit fee. The permit fee shall be

EXHIBIT A

based upon the building official's determination of percentage of inspections completed and the fee schedule in effect at the time a new permit application is submitted. However, the permit fee shall not be less than 25 percent of the fee calculated using the fee schedule in effect at the time the new permit application is submitted. Any previous fees owed on the expired permit shall be paid before a new permit is issued.

If work or inspections are incomplete at the time a permit, other than a building permit, expires, the property owner or their agent may renew action on the expired permit by paying a new full permit fee based upon the fee schedule in effect at the time.

Section 5. Section 16.40.070 Amended. Section 16.40.070 of the Medina Municipal Code is hereby amended to read as follows:

16.40.070 Work commencing before permit issuance—Subsections 109.4 and R108.6 amended.

Subsection 109.4 of the 2018-International Building Code and Subsection R108.6 of the 2018-International Residential Code are amended to read as follows:

Any person who commences work requiring a permit on a building, structure, electrical, gas, mechanical or plumbing system before obtaining the necessary permits shall be subject to an investigation and administration fee equal to the amount of the permit fee. This fee is in addition to all other fees that may apply to the project.

Section 6. Section 16.40.090 amended. Section 16.40.090 of the Medina Municipal Code is hereby amended to read as follows:

16.40.090. Other inspections—Subsections ~~440.3.8~~110.3.10 and R109.1.5 amended.

Subsection ~~440.3.8~~110.3.10 of the 2018-International Building Code and Subsection R109.1.5 of the 2018-International Residential Code are amended to read as follows:

In addition to regular code specified inspections, special inspections, and structural observations required by this Code, the building official may require visual observation and testing to confirm compliance with approved construction documents for structural systems, mechanical systems, plumbing systems, and energy systems. This inspection requirement shall apply to all projects involving 4,000 square feet or greater of new or additional floor area, or where the building official determines such a requirement is necessary. All costs for inspections under this subsection are the responsibility of the permit holder.

Section 7. Section 16.40.100 amended. Section 16.40.100 of the Medina Municipal Code is hereby amended to read as follows:

EXHIBIT A

16.40.100 Temporary certificate of occupancy – subsections 111.3 and R110.4 amended.

Subsection 111.3 of the 2018 International Building Code and Subsection R110.4 of the 2018 International Residential Code are amended to read as follows:

Temporary occupancy. The building official is authorized, but not required, to issue a temporary certificate of occupancy before completion of the entire work covered by the permits issued, provided that such portion or portions shall be occupied safely. A temporary certificate of occupancy may only be issued in association with a valid building permit. A cash financial guarantee shall be required in an amount set at 50 percent of the permit fee, or \$10,000, whichever is the lesser amount.

Section 8. Section 16.40.130 Amended. Section 16.40.100 of the Medina Municipal Code is hereby amended to read as follows:

16.40.130. Sprinkler systems—Section 903.3.1 amended.

Subsection 903.3.1 of the 2018 International Fire Code is amended to read as follows:

903.3.1 Standards. Sprinkler systems shall be designed and installed in accordance with Section 903.3.1.1, 903.3.1.2 or 903.3.1.3 and other chapters of this Code, as applicable.

In addition, sprinkler systems shall be designed with a buffer to account for water system fluctuations to include a low reservoir condition. Such buffer shall be five percent for static pressures less than 50 p.s.i. and ten percent for static pressures above 50 p.s.i.

Exception: Buffers are not required for systems designed in accordance with Section 903.3.1.3 (NFPA 13 D).

Permit applicants shall independently verify site specific static pressure:

- Prior to initiating sprinkler system;
- Prior to installing any sprinkler piping, including the underground supply; and
- Prior to requesting any cover inspections.

The rest of Subsection 903.3.1 shall remain unchanged.

Section 9. Severability. If any section, sentence, clause, or phrase of this ordinance should be held to be invalid or unconstitutional by a court of competent jurisdiction, such invalidity or unconstitutionality shall not affect the validity of any other section, sentence, clause, or phrase of this ordinance.

Section 10. Publication. This Ordinance shall be published by an approved summary consisting of the title.

EXHIBIT A

Section 11. Corrections. Upon the approval of the city attorney, the city clerk, and/or the code publisher is authorized to make any necessary technical corrections to this ordinance, including but not limited to the correction of scrivener's/clerical errors, references, ordinance numbering, section/subsection numbers, and any reference thereto.

Section 12. Effective Date. This ordinance shall take effect March 15, 2024.

PASSED BY THE CITY COUNCIL ON THIS 12th DAY OF FEBRUARY, 2024 BY A VOTE OF 6 FOR, 0 AGAINST, AND 0 ABSTAINING, AND IS SIGNED IN AUTHENTICATION OF ITS PASSAGE ON THE 12th DAY OF FEBRUARY, 2024.
