COMMENT SHEET

T-Mobile's Open House, April 26, 2023
Proposed project in the City of Medina Right of Way

- PLEASE PROVIDE A MAP OF COVERAGE ISSUES / GOALS
- PLEASE SHOW AREAS IN RIGHT OF WAY THAT WERE CONSIDERED TO LOCATE UNDERGROUND VAULTS
- PLEASE SHOW COVERAGE GOALS BEING ACCOMPLISHED USING 2 SMALLER / SHORTER ANTENNAS
- PLEASE SHOW ANTENNAS THAT IMPACT FEWER LOTS IN THE VIEW PRESERVATION AREA KNOWN AS THE MEDINA HEIGHTS OVERLAY.
- MEDINA HEIGHTS OVERLAY LOTS ARE UNDERSLY BURDENED BECAUSE STRUCTURES ARE HELD LOWER TO A 20 FT STANDARD VS 25 FT IN OPEN AREAS
- GOING NORTH ON 84TH FOR THE ANTENNA PROGRESS MORE HEIGHT & COVERAGE AND ALSO IMPACTS FEWER VIEWS
- AN ANTENNA PLACED AT OR NEAR MEDINA ELEMENTARY WOULD MITIGATE HOW CLOSE THE VIEW IMPACT IS TO VIEW LOTS, LESS IN YOUR FACE IMPACT.

- WANT BEST IN CLASS TECHNOLOGY CAN BE USED TO SHOWING THE SIZE & HEIGHT AND ALSO INTRODUCE BETTER SOLUTIONS?

- PLEASE PROVIDE ~~ALTERNATIVES~~ A MAP OF ALL POSSIBLE ^{TOWER} ~~POLE~~ LOCATIONS WHICH MEET 100%, 90%, 80%, 70% OF YOUR GOAL ON SEPARATE SHEETS
- WHAT OPTIONS OPEN UP IF PSE WAS TO ^{& OTHER PROVIDERS} MOVE EQUIPMENT & MAKE ACCOMMODATIONS?
- WHAT WOULD BE DIFFERENT IF THE ST THOMAS OR OTHER ANTENNAS WERE RAISED 5, 10, 15 FT?
- WHAT POLE LOCATIONS IMPACT THE FEWEST VIEWS?
- WHAT WOULD BE LESS IMPACTFUL IF T-MOBILE SPENT 25%, 50%, 100%, 200% MORE ON THE INFRASTRUCTURE THAT IS PROPOSED.
- WHAT NEW TECHNOLOGY IS ANTICIPATED IN THE NEXT 24 MONTHS WHICH WOULD MITIGATE IMPACT.
- PLEASE PROVIDE ACCESS TO T-MOBILE INTERNAL STUDIES OF ALTERNATIVES & DOCUMENTS VIA CLOUD STORAGE FILES.
- IS T-MOBILE WILLING TO WANT TO GATHER & SHARE MORE INFO WITH THE PUBLIC? VOLUNTARILY?
- CAN OTHER PROVIDERS CO-LOCATE ON THE POLE?

do not want install
of tower

why should T-Mobile
get to build this cell tower
if it's only for T-Mobile

FORMAT:

Someone should have gotten up
and spoke.

NOT ENOUGH STRUCTURE W/ FORMAT.
WANTED TO HAVE SOMEONE FROM
COMMUNITY SPEAK.

Proposed project in the City of Medina Right of Way

1. No one could answer how many current T-Mobile customers will be helped by this pole.
 2. Our property value will be greatly reduced by this pole - it is right in our view.
 3. No one knows how much noise will be generated by the "tower". Our house may be negatively affected by vibrations from the equipment.
 4. We have height restrictions on our house & all of Medina Heights. This is not fair to inflict such an eyesore on the neighborhood.
- selecting format was great!!

I AM VERY EXCITED TO BE ABLE TO
GET HIGH SPEED (WIRELESS) INTERNET IF
I WILL GET INTERNET.

MY WIRELESS COVERAGE IS SPOTTY

MY INTERNET IS TERRIBLE

MY JOB REQUIRES INTERNET & WIRELESS
(CONSISTENTLY (MEDICAL))

Please don't put it in our Beautiful Property
After talk with many people in neibore
is really no point to put pole in this
area, so ugly and server nothing for us.

Proposed project in the City of Medina Right of Way

Concerns:

1. Noise from equipment in lot - does noise levels (DB vs Frequency) meet Federal Reg's
2. Radiation level - not sure 100 ft from the proposed location
3. Location - some another job up SA at higher elevation could be built lower and have lower view obstructions
4. Antenna Design - a cylindrical fiberglass antenna like @ St Thomas Church Pool would be less objectionable for views

Proposed project in the City of Medina Right of Way

I'm a T-Mobile user. Never had problem with my reception as of now. Don't see any reason for a new cell tower for the community here. The tower extending 55 feet / or about 20ft above the current utility post would be ugly and totally devalue the properties of the neighborhood. I'm against the location of the tower.

Comments

• Proposed pole is aesthetically unpleasing and will impair vistas

• Medina is currently assessing opportunities to underground some utility poles — why not underground the proposed pole and replace with just what is needed for cell service? That could be a four tree at a smaller height.
