RE: Police Department Update – February 2022

The following is a summary highlighting some of the Medina Police Department activity in February 2022.

Bear Scouts Police Department Tour: On Monday, February 7th, Officer Brady Halverson, and Acting Chief Jeff Sass met with the local scouts group. Officer Halverson worked with the group and explained how fingerprints are taken and how they are used to help solve crimes. The scouts were given a tour of the office as well as the police officer cars and Officer Halverson spoke with the scouts about his job and what it takes to become a police officer. The scouts had lots of questions for Officer Halverson, and he did a fantastic job answering all of them. The scout master grew up here in the community and was very pleased with the tour.

Solar-Powered Digital Radar Speed Signs: Solar powered digital radar speed signs were installed throughout the city during the month of February. Two signs were installed on NE 24th Street, one on NE 12th Street and one on Lake Washington Boulevard NE. We have received numerous positive comments and after talking with the residents, they believe that they have been helpful in reducing speeds in these areas.

Police Scenario Training Simulator: The Coalition of Small Police Agencies has a computerized training simulator that puts officers into life-threatening scenarios to help them understand how to respond if they are in a similar situation. The Medina Police Department had use of the training simulators which were set up in the Council Chambers. Officers Brady Halverson and Tyler Glenn trained the Police Department and City Hall staff in situational awareness and de-escalation techniques. The simulator provided City Hall staff a glimpse into the split-second decisions officers are required to make while on patrol.

Save the Date: Spring is just around the corner. Get a head start on your spring cleaning, gather your paper for shredding, your electronics for recycling and your unused prescription medication and save the date Saturday, April 23rd for our Shredder/Drug-Take-Back/E-recycle from 9A-12N at Medina Park.
