

Development Project Tree Permit Activity Report  
 July 2023  
 By Sean Dugan

July 2023 - Tree Code Consultant Monthly Report					
* Size meets minimum standards outlined in 16.52.100.A.1.					
Permit Type	Address	# Trees Removed	Removed Tree Size (inches)	*Supplemental Required	Description
<b>TAP Review - TREE-WITH BUILDING/DEVELOPMENT</b>					
TREE-WITH BUILDING/DEVELOPMENT	116 Overlake Dr E	4	18, 23, 26, 50	?	Tree T26 is over 50" DSH and requires a nonadministrative tree activity permit. Supplemental planting TBD
TREE-WITH BUILDING/DEVELOPMENT	8637 NE 6TH ST	7	12, 32, 12, 6, 6, 6, 6	3+?	Previously reported in January 2023. Four additional significant trees not previously identified on site require removal. One significant tree reported to be retained was not present on site during pre-construction meeting. Supplemental trees TBD.

116 Overlake Dr. E. – Four trees are proposed for removal (red arrows). Tree T26 is a Redwood tree over 50-inches in diameter proposed for removal (yellow oval). \*Note: Twenty-four trees were removed from the site in 2019 with no supplemental plantings required.

8637 NE 6<sup>th</sup> St. – Original submission proposed 3 significant trees to be removed. The city determined an additional 4 significant trees exist on site that were not on survey or properly located. An additional tree shown on survey did not exist. Four additional significant trees will be removed for a total of seven. Total supplemental plantings TBD.

**Non-Development Tree Permit Activity Report**  
**July & August 2023**
