

2022 City Manager Goals, Projects, and Objectives

Police

- **Update Intersections Security Cameras** – Complete update/replace intersection security cameras.
- **Training** (on-going) – Fulfilling the expanded training requirement for the Law Enforcement Training and Community Safety Act (LETCSA), passed in 2018 and Law Enforcement Reform passed by the Washington State Legislature in 2021.
- **Emphasis on Traffic Safety** (on-going) – Continue to focus on all traffic safety – vehicular, bicycle, and pedestrian – throughout the community through education, engineering (where possible and cost effective), social media, and enforcement to reduce collisions, improve awareness, and improve safety.
 - Increased “Direct Patrols” targeting high complaint areas:
 - Between the 800 block and 3200 block of Evergreen Point Road
 - Between the 7600 block and 8700 block of NE 12th Street
 - All areas of Overlake Drive East and Overlake Drive West
 - Between the 7600 block and 8200 block of NE 8th Street
 - Education using E-Lert, Facebook, and Twitter.
 - Use speed survey data to target problem areas and times to address high speeds.
- **Speeding and Traffic Calming** – Build off recommendations made to Medina City Council in 2021 about additional traffic calming tools to address traffic concerns.
 - In 2021, speed pavement markings were added in addition four speed digital signs to slow traffic.
 - Based on the data generated by the speed study, City Staff will review and recommend further implementation of appropriate traffic calming techniques.
- **Support and promote Medina Emergency Preparedness Committee including Schools Sub-Committee** (on-going).
 - Police Officers routinely participate in Emergency Preparedness Radio Group exercise on Sunday evenings.
