Proposed Council Action

Discuss and provide direction regarding proposed Interlocal Agreements:

- (1) Town of Hunts Point for public works services/resource sharing (proposed Agreement included in packet materials; Council may approve and authorize City Manager to sign)
- (2) Town of Beaux Arts Village for public works services/resource sharing
- (3) City of Bellevue to extend the Interlocal Agreement for EMS and Fire Services

Summary

1. Consistent with Council's direction to work with the other Points Communities and look for ways to share resources and improve scale economies, City staff have been engaged in discussions with the Towns of Beaux Arts Village and Hunts Point. These discussions have produced agreement on the terms under which the City of Medina may provide public works services on an on-call basis. Compensation for services rendered are for time using the hourly rates published in the City's adopted fee schedule and materials at actual cost.

The proposed Interlocal Agreement with the Town of Hunts Point is in final form and is included in the packet for Council approval. The proposed Interlocal Agreement with the Town of Beaux Arts Village is not yet in final form, and is anticipated to be on the November 9, 2026 City Council agenda for approval.

2. The City's current agreement with the City of Bellevue for EMS and Fire Services was entered into in 2017. The Agreement is through December 31, 2027 and a ten-year extension (through December 31, 2037) is provided for if the parties agree in writing by December 1, 2026. This Agreement is not yet in final form. It is anticipated to be on the November 9, 2026 City Council agenda for approval.
