

MEDINA POLICE DEPARTMENT

DATE: December 13, 2021
TO: City Manager Michael Sauerwein
FROM: Chief Stephen R. Burns
RE: Police Department Update – November 2021

The following is a summary highlighting some of the Medina Police Department activity in November 2021.

WASPC Accreditation: The Medina Police Department has successfully completed an accreditation program that certifies it is operating under best practices and standards for law enforcement. The program is administered by the Washington Association of Sheriffs and Police Chiefs (WASPC) and involves a multi-phase process over several months. The benefits of accreditation include administrative and operational effectiveness, fair recruitment and employment practices, better records management, improved use of technology, health and safety, training, codes of conduct and prisoner security, among other important law enforcement tasks. The certification is awarded for a four-year period after initial accreditation has been achieved. Medina's 2021 accreditation follows its previous accreditation in 2017 and 2013.

The Washington Legislature originally called for the development of standards and goals for law enforcement in 1976. The current WASPC program is continually updated and strives to guide law enforcement with best practices, accountability measures and heightens organizational discipline. Medina is one of 63 law enforcement organizations, which make up approximately 25% of all Washington law enforcement, that is currently WASPC accredited.

WASPC was founded in 1963 and represents executive and top management personnel from law enforcement agencies statewide. With more than 900 members it includes the 39 elected county sheriffs, and 240 police chiefs, as well as the Washington State Patrol, the Washington Department of Corrections, and representatives of several federal agencies.

IFIT-KC Exercise Coordination: On Tuesday, November 9th, IFIT-KC (Independent Force Investigation Team – King County) participated in a full-scale exercise. Sergeant Austin Gidlof planned, coordinated, and monitored the exercise. Gidlof did an outstanding job at planning a realistic officer involved shooting scenario and worked closely with Bellevue Square Facilities and Kemper Freeman Security to hold the incident.

Thanksgiving: No issues were reported over the Thanksgiving holiday weekend.
