General Fund and Street Fund:

Revenue

General Fund revenue makes up a large portion of what the city brings in each year, and with the good majority of City Departments falling within the fund, most of Medina's expenditures as well. The general fund includes the Police Department, Central Services, Finance, Parks and more (green tabs on excel budget sheet). Please note while the Street Fund is separate on the accounting side, it has been included here as over 75% of its revenue consists of transfers from the General Fund.

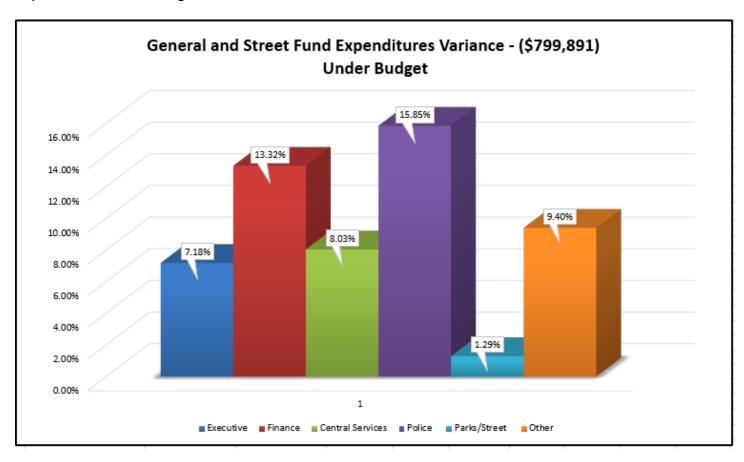

General Fund Revenue is projected to have been overestimated for 2022, with an estimated deficit of (\$597,733). The following line items are the main reason for the deficit.

- (\$400,000) Passport Services
- (\$100,000) Contributions and Donations

With the rise in interest rates over the course of 2022, the City has been able to utilize the Bond market and our LGIP Investment account to improve our Investment Earnings. We project around \$125,000 in 2022 with \$50,000 being allocated to the General Fund. This is well over 700% more than expected this year and helps to cover our revenue shortfalls elsewhere.

Expenditures

With the projected revenue deficit, it was important in 2022 for staff to be conservative with spend across all departments. Based on actuals for our first three quarters and conversing with the City Directors, we estimate that each department will be giving money back in 2022. The graphic below highlights the percentage each department is under budget.

Budget Variances of Note by Department:

Legislative

(Medina Days) - \$24,870 No firework or barge spend in 2022

Executive

(Professional Services) - \$34,872 Financial Consultant for Director position under budget

Central Services

(Repairs and Maintenance) – \$26,130 City Hall maintenance costs scaled back in 2022

(Postage/Telephone) – \$5,900 Dependent on amount of mail sent out, hard to anticipate

(Technical Services) – \$57,772 Special projects moved to 2023 with contracted IT firm

(Advertising) – \$7,727 Multiple job postings in 2022, for unplanned employee turnover

(Professional Services) - \$22,480 Laserfiche contract to be paid in Q4 2022, approved by Council

(Postcard/ Public Info) - \$3,740 At Council direction, more public communication was sent for PW and DS

Police Department

(Education) - \$8,995 Significant backpay of an employee for previously earned degree (Uniforms) - \$17,000 2 new officers, new Chief, new Captain, new Sergeant (Vehicle Exp.) - \$9,000 Unanticipated increase in fuel prices drove up gasoline expenses (Jail Service) - \$12,000 Less activity in 2022 (Surveillance Cameras) - \$335,000 Looking to lease system instead of buying

Legal

Development Services:

2022 was the first year of the Development Services Department's Enterprise Fund. The Government Accounting and Standards Board (GASB) has pronounced that if any service or program's principal revenue source has a pricing policy that fees and charges be set to recover cost meets the criteria to be reported as a separate "Enterprise Fund". The City, to meet its goal of greater transparency, decided to extract the Development Services Department's related revenues, expenses (direct and allocated) and customer deposits from the General Fund and place them in a newly created Development Services Fund.

\$400K was allocated from the General Fund at the beginning of 2022 to start the fund. Revenues is projected to be down around \$438K from what was budgeted in 2022. Learning from this the 2023 preliminary budget shows a much more conservative prediction of revenue based on trends and contractor feedback. With the decrease in revenue, the Development Services staff has worked hard to limit unnecessary spending to make sure to carry a positive fund balance into 2023. The department is under budget on the expenditure side by a projected \$199K.

With the unplanned for downturn in permit and fee revenue, we expect to use \$63K out of the \$400K allocated from the General Fund in 2022 to cover costs. This will leave us with about \$337K left in the Development Services fund for 2023. With more conservative revenue numbers and a reallocation of a .5 FTE away from the department, we will continue to monitor the enterprise fund over the next few years to determine longtime viability.
