EXECUTIVE SUMMARY

The purpose of this agenda item is to proclaim April 2026 as Autism Acceptance Month on Mercer Island with Proclamation No. 380 (Exhibit 1) to recognize all individuals around the world who live on the autism spectrum and to celebrate the numerous ways autistic individuals enhance the quality of our communities and enrich our world.

BACKGROUND

Autism spectrum disorder (ASD) is a complex, lifelong disability that typically manifests itself during early childhood. It is one of the fastest growing developmental disabilities in the world affecting approximately one in 44 children in the U.S. It is characterized by difficulties with social, emotional, and communication skills. People with ASD have a different way of learning and reacting to stimuli. ASD occurs in all racial, ethnic, and socioeconomic groups, and it is four times more prevalent in boys than in girls.

There is currently no cure for ASD, however early intervention treatment can have a positive impact on childhood development. Treatment plans can include therapies and counseling that meet the specific needs of the individual. Research continues for a better understanding of the factors that lead to ASD and the associated treatment options.

ISSUE/DISCUSSION

As many individuals and families living with autism know, acceptance is often one of the biggest barriers to finding and developing a strong support system. The Mercer Island community understands the importance of fostering acceptance to lead to improved support and to achieve equity in education, employment, housing, health care, and comprehensive long-term services.

Proclaiming April 2026 as Autism Acceptance Month is continuing Mercer Island's commitment to be a supportive community for those families dealing with the challenge of supporting family members who are on the autism spectrum, and to extend kindness and compassion to those who struggle with disabilities

RECOMMENDED ACTION

Approve Proclamation No. 380 Proclaiming April 2026 as Autism Acceptance Month on Mercer Island.
