Chair Thompson, Vice Chair Gibson, and Commissioner Nice chose not to identify specific items on the matrices to discuss further.

Commissioner Perez outlined his concerns regarding Development Code, Log 29, to which Principal Planner Zack responded, explaining that the staff recommendation was based on City Council direction to hold off on amending the design standards until Phase 2 of the Station Subarea Plan.

A motion was made by Nice; seconded by Perez to:

Request that staff make clarifying amendments to daylight plaining related to Development Code, Log 29.

Motion Passed 4-1 (Gibson)
