AMOUNT OF EXPENDITURE \$ n/a

AMOUNT BUDGETED \$ n/a

APPROPRIATION REQUIRED \$ n/a

### **SUMMARY**

Representatives of the Washington State Auditor's Office (SAO) will lead an Exit Conference to report on the results of the Financial and Accountability Audits for the year ending December 31, 2019. The purpose of the Exit Conference is for the audit team to report audit results to management prior to publication of the audited financial statements. After the Exit Conference, the SAO will publish the audit reports, audited financial statements, notes to the financial statement, and required supplementary information on the SAO website. Exhibits 2-6 will be provided once submitted by the SAO's office.

#### **BACKGROUND**

The City of Mercer Island is audited on an annual basis. The SAO performs two types of audits each year: A Financial Audit and an Accountability Audit, resulting in an Audit report for both types. Additional

information regarding the scope and limitations of each audit type can be found in the audit representation letter included as an exhibit to this agenda bill.

A financial audit provides an independent opinion on a local government's financial statements and the results of its operations and cash flows. In other words, these audits determine whether the financial statements present a reliable, accurate picture of a government's finances.

An accountability audit evaluates whether a local government has adhered to applicable state laws, regulations, and its own policies and procedures. Auditors review records to ensure public funds are accounted for and controls are in place to protect public resources from misappropriation and misuse.

## **RECOMMENDATION**

Staff recommends the City Council receive and review the attached exhibits from the Washington State Auditor's Office.
