## SUMMARY

### BACKGROUND

The 2023-2024 City Arts and Culture Priorities were endorsed by the Arts Council at the [October 19, 2022](#), meeting. At the [January 18, 2023](#) Arts Council meeting, staff presented objectives to meet the priorities based on upcoming projects, available resources, city-wide goals, and balancing the changing needs of the community. These objectives assist in prioritizing staff’s work related to arts and culture initiatives and are woven into the Parks and Recreation Department workplan.

### PROGRESS ON ARTS AND CULTURE WORKPLAN ITEMS

The 2023-2024 priorities and objectives are listed below. Staff has provided narrative on work through the first quarter (Q1) of 2023, and estimated percentage of completion for the biennium, as well highlighting relevant next steps.

### Priority 1: Strengthen community awareness of and support for Mercer Island’s arts and culture ecosystem.

**1.1 Develop and facilitate communication tools to easily share arts and culture events with the Mercer Island community.  
(10% Complete)**

Staff have evaluated current practices and reviewed how arts and culture event information is currently shared on Mercer Island. This work has been combined with a review of overall Recreation Division communication efforts.

During Q1 of 2023, the Recreation Division began initial implementation of a new software tool through CivicOptimize to create and manage form submittals. The tool is currently being utilized for a sample of Community Center services. Staff are currently exploring how this tool may integrate with other City systems and the possibilities for expansion of usage. The desired outcome is to integrate arts and culture event form submittals with calendar functions to publicly solicit and display

information. It is anticipated that this new process for public submittals will be operational in Q2-Q3 of 2024.

**Next steps:**

- Engage the City’s Communications Manager and evaluate CivicOptimize integration for calendar functions, and access by third parties for submitting data.
- If integration is possible, establish approval criteria for arts and culture event submissions, including engaging the Arts Council to develop the criteria and have the City Attorney’s Office perform a legal review.
- Develop processes for the public submitting and publishing event entries.
- Evaluate and establish resource needs, including identifying a Recreation Division staff lead for implementation and management.
- Determine feasibility for public implementation and request additional resources if required.

**1.2 Create presence and exposure at events for the Arts Council to engage with the community. (15% Complete)**

The Arts Council Events Committee met on February 2, 2023, to discuss opportunities for the Arts Council to engage the community through events. The Committee determined that Mostly Music in the Park would provide the best opportunity for members to attend and engage the community.

**Next steps:**

- Educate Arts Council members about Open Public Meeting Act (OPMA) requirements.
- Establish resource and equipment needs for Arts Council attendance at Mostly Music in the Park.
- Enhance and promote opportunities for Arts Council Members to attend other community events for engagement opportunities.
- Engage the Arts Council Events Committee to establish what, if any, additional level of active participation is desired, evaluate required resources.

**1.3 Maintain long-term perspectives on sustainability for arts and culture events and programming. (10% Complete- Ongoing)**

Staff has developed the following guidelines for arts and culture event and program vendors and partners for immediate implementation:

- Use of commercially compostable food packaging, such as trays, plates, bowls, utensils, straws, and napkins will be required.
- Beverages must be provided in marked compostable cups, unless sold in recyclable aluminum cans, glass, or plastic bottles will be required.
- Compost and recycling bins will be provided throughout all our events. The Mercer Island Community and Event Center (MICEC) will add additional compost bins and related signage.

**Next steps:**

- Align arts and culture event and programming guidelines with sustainability work plan items identified in the City’s 2023-2024 biennial budget for Public Works and in alignment with the City’s Climate Action Plan.

- Evaluate opportunities through facility capital projects to enhance sustainability efforts.

In 2022, staff revised policies to reduce barriers for organizations to host public events in partnership with the City or as 3<sup>rd</sup> party providers. These updated policies are being implemented in 2023.

**Next steps:**

- Seek input from partners, vendors, and users to inform future changes and enhancements to ease of access.
