PRC 25-10 | September 4, 2025

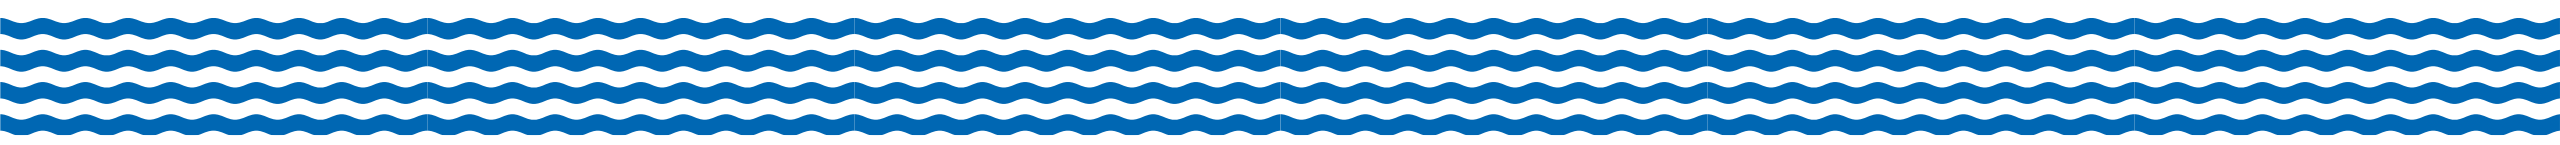

Agenda

Site-Tour

- Site Conditions / Early Assessment
- Phase I Community Engagement
- Preliminary Design Concepts
- Phase II Community Engagement

Meeting

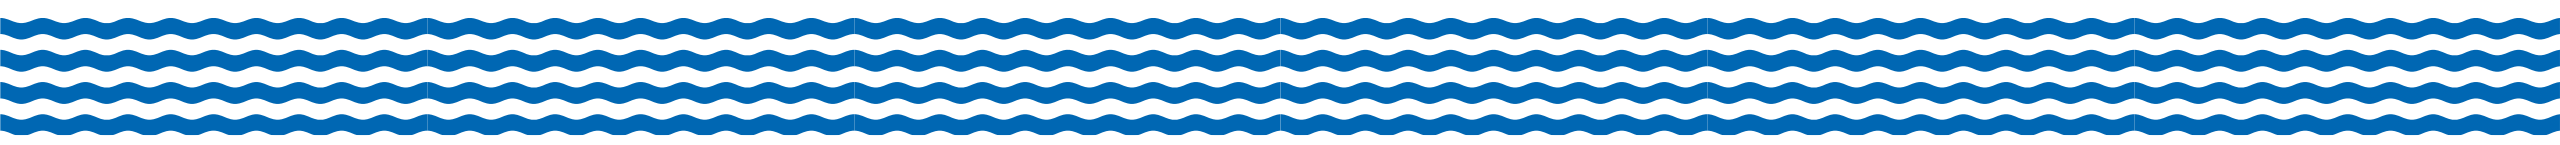

- Design Refinement Discussion
- Next Steps

Purpose

Design Refinement Discussion

1. To what extent do you feel community input has been reflected in these two concepts?
2. Which concept better supports the community's long-term goals?
3. Are there specific aspects of either concept that need additional exploration or clarification before moving forward?
4. Are there strengths in one concept that should be carried over into the other as we move toward one refined plan?
5. Based on community outreach to date, does the preferred concept aligns with the community's priorities and values?

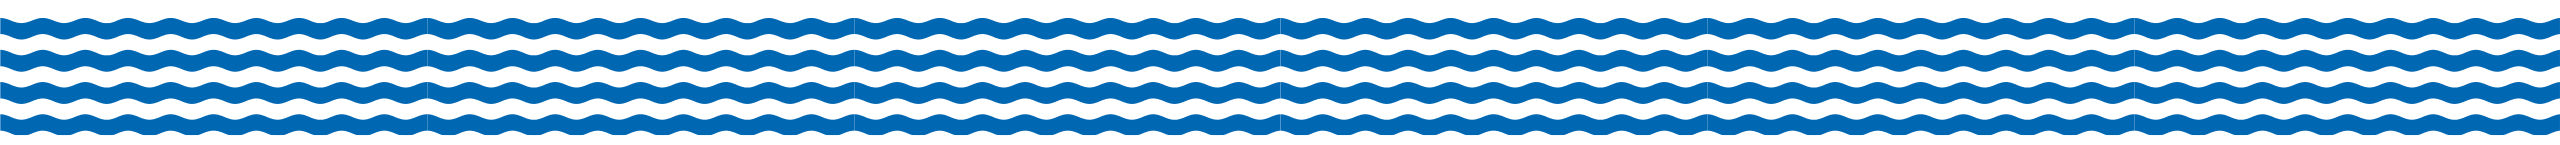

Next Steps

Next Steps

- Refine design concepts into a single preferred plan
 - Further develop play equipment layout and features
- Present the preferred plan and play equipment features to the Parks and Recreation Commission at the November 6, 2025, Regular Meeting

Thank You!
