EXHIBIT 1

E-Bikes in Parks, Trails, and Open Spaces In-Person Outreach Summary

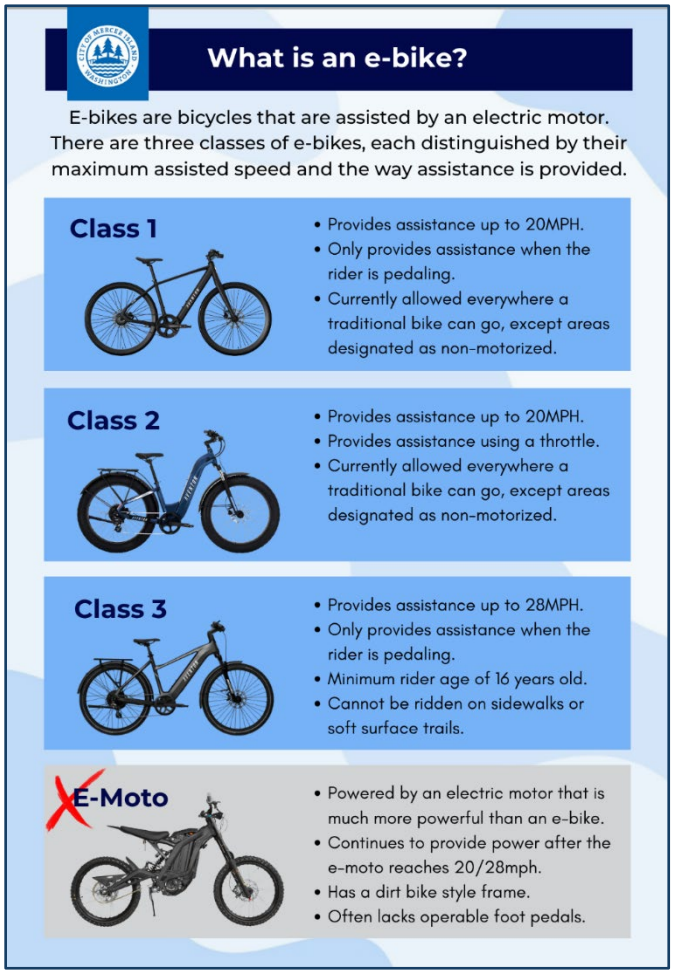
Representatives from the PRC and OCT, alongside City staff, hosted the four in-person outreach events to engage directly with community members.

- May 15, 2026 – Bike to Work Day
- July 11, 2026 – Summer Celebration
- July 23, 2026 – Mostly Music in the Park
- August 9, 2026 – Mercer Island Farmer's Market

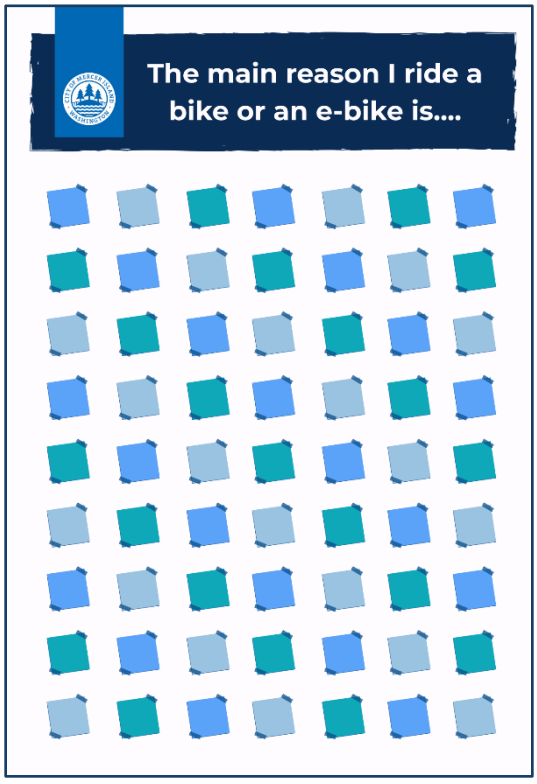
Each event featured an educational board and a question board for community members to engage with described below. The board exercises varied between the events.

Educational Board

The image below was the educational poster used at three of the four outreach events to educate the community members about the three classes of e-bikes, and to differentiate e-bikes from e-motos.



Bike to Work Day Board Exercise



Summer Celebration Sticky Dot Board Exercise
