

PARK AREA NAMING POLICY

Purpose

This policy establishes the criteria for the naming of City of Mercer Island owned park and recreation facilities, parks, park features, trails, open space areas, and select right-of-way spaces (collectively, “Park Areas.”)

Definitions

Open space areas: areas purposefully left predominantly in a vegetated space to create urban separators and greenbelts and to: 1) sustain native ecosystems, connect and increase protective buffers for environmentally critical areas; or 2) provide a visual contrast to continuous development, reinforce community identity and aesthetics; or 3) provide links between important environmental or recreational resources.

Park and Recreation Facilities: buildings that are maintained by the Parks or Recreation division of the City.

[Park Areas: Park and Recreation facilities, Park Features, Open Space Areas, Right-of-Way Spaces, and Trails as defined in this policy.](#)

Park Features: sub-areas of parks that may be suitable for naming, including batting cages, courts, dog parks, galleries, gardens, pavilions, playfields, playgrounds, pools, p-patches, shelters, skate parks, stages, theaters, walking paths, etc.

Parks: without limitation, any public area created, established, designated, maintained, provided, or set aside by the City for the purposes of public rest, play, recreation, enjoyment, or assembly, and all buildings, facilities, and structures located thereon or therein, as well as all associated areas, including but not limited to parking lots.

Right-of-way spaces: public land areas zoned for right-of-way use. This policy applies to right-of-way spaces that have been designated for public recreation use and as such may benefit from a common name that can be used by City staff and residents.

Trail: a marked or established path or route meant primarily for recreational and/or educational use.
