

Aubrey Davis Park Trail Safety Improvements June 6, 2023

Public Comment

- Trail width
- Shoulders
- Impervious Surface
- Vegetation Removal

Trail Width

- 12' wide (existing)
- 2' "Clear Zone"
- Per master plan

TRAIL SECTION THROUGH THE LID PARK

Trail Shoulder = “Clear Zone”

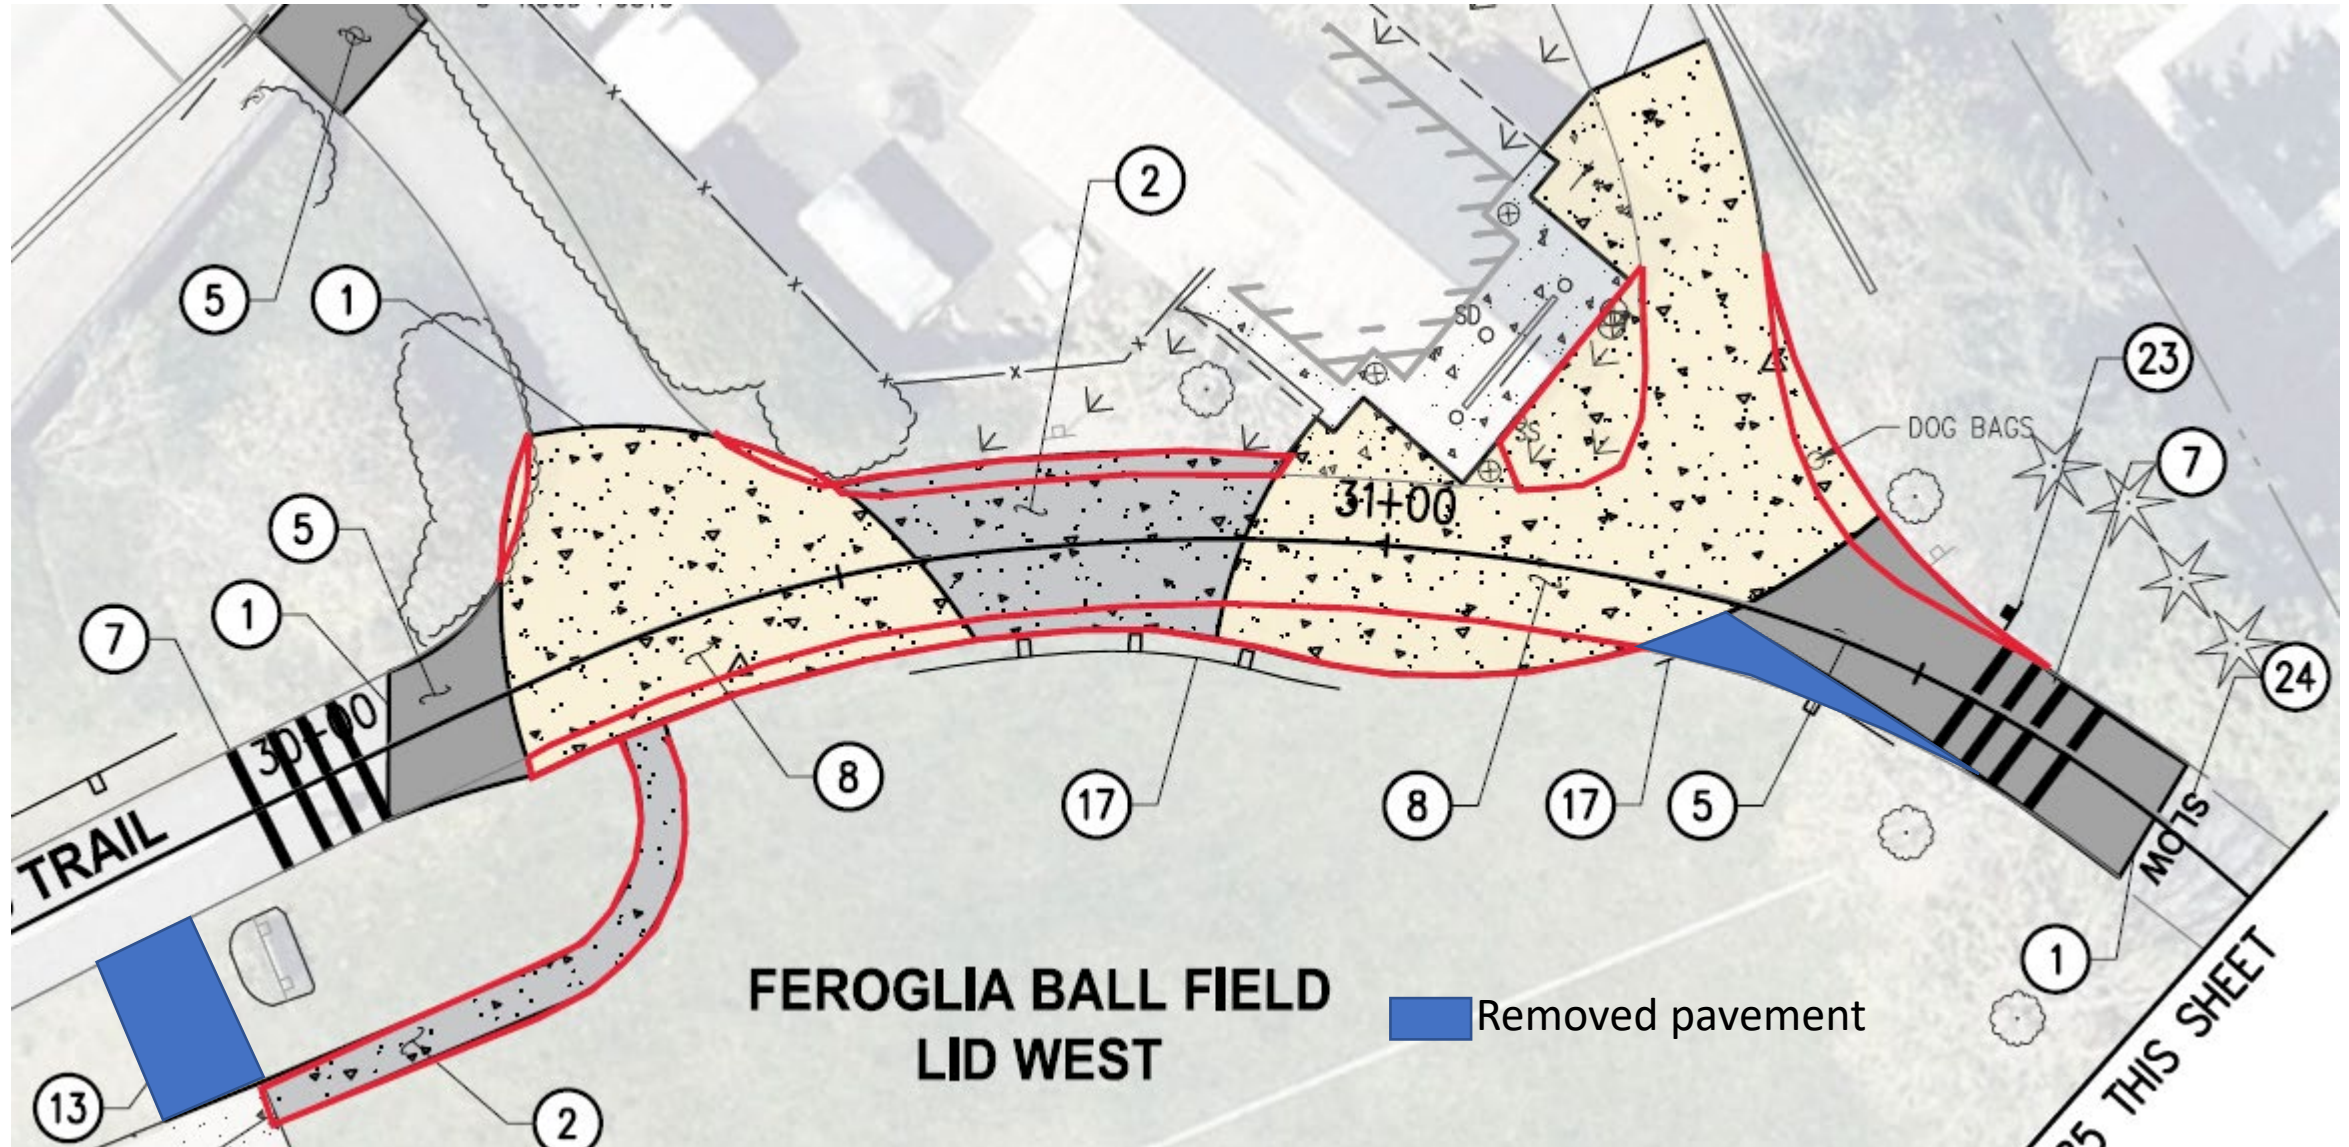

“These shoulders will be allowed to grow grass, moss, or groundcovers to create a transitional edge on the sides of the trail that is walkable, does not impact necessary sightlines, and is free of overhanging vegetation.” ADMP

Clear Zone

Impervious Surface = 345 square ft net increase

Vegetation
