

# AB 6499

## Adoption of 2025-2030 Transportation Improvement Program

June 18, 2024

# TIP Review

- Staff presented the draft 2025-2030 TIP at the June 4 City Council meeting (AB6468).
- Held public hearing and continued to tonight.

# Direction to Staff from TIP Preview

- Council directed Staff to evaluate three topics:
  1. Accelerate Mercerwood Drive Pedestrian Improvements (90.25.0030) Project Timeline and Extend Limit to East Mercer Way
  2. 71st Avenue SE One-Way Street Conversion
  3. 72nd Avenue SE and SE 29th Street Rectangular Rapid-Flashing Beacon (RRFB) Feasibility

## **Topic 1** - Accelerate Mercerwood Drive Pedestrian Improvements (90.25.0030) Project Timeline and Extend Limit to East Mercer Way

- Underground utility projects planned between now and 2029
- Limits proposed for 2029-2030 are prioritized by MISD (93<sup>rd</sup> Ave SE to 96<sup>th</sup> Ave SE) for \$1.8M.
- Full stretch to EMW is ~\$3.5M.
- Would require delay of other ped/bike projects (see list of projects in AB6499)
- Opportunities for grant funding

*Staff recommendation:*

*Keep timeline and project limits as presented in draft TIP*

## Topic 2 – 71<sup>st</sup> Avenue SE One-Way Conversion

- Met with 71<sup>st</sup> Ave SE residents. Asked to not proceed with one-way study.
- City crews to trim vegetation this summer to increase visibility.
- Safety evaluation planned for 2024/2025 prior to street resurfacing in 2025.

*Staff Recommendation:*

*Proceed with 71<sup>st</sup> Ave SE safety evaluation in 2024/2025*

## Topic 3 - 72nd Avenue SE and SE 29th Street Rectangular Rapid-Flashing Beacon (RRFB) Feasibility

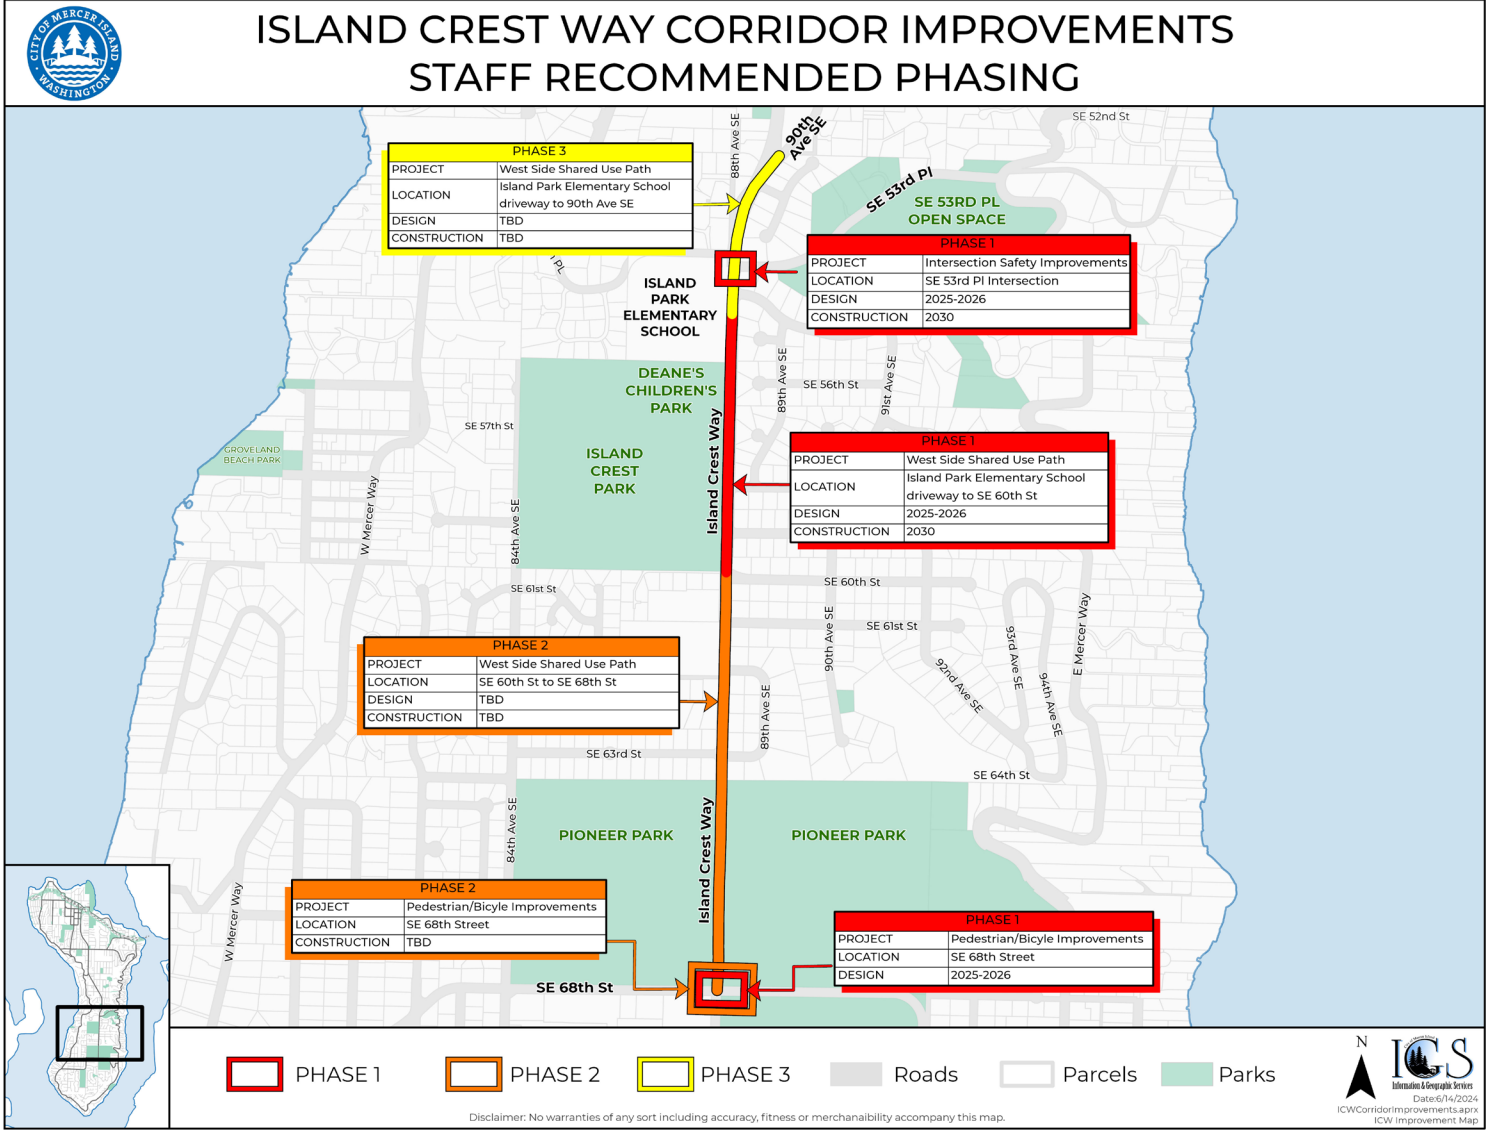

- Existing, raised crosswalk
- Does not meet City RRFB criteria (vehicle traffic volumes)
- Other enhancements (such as pavement markings, advanced warning signs, or reflectorized posts) to improve visibility can be implemented through Neighborhood Traffic Program

### *Staff Recommendation:*

*Through the Neighborhood Traffic Program, install enhancements at this location and other crosswalk locations on 72<sup>nd</sup> Ave SE.*

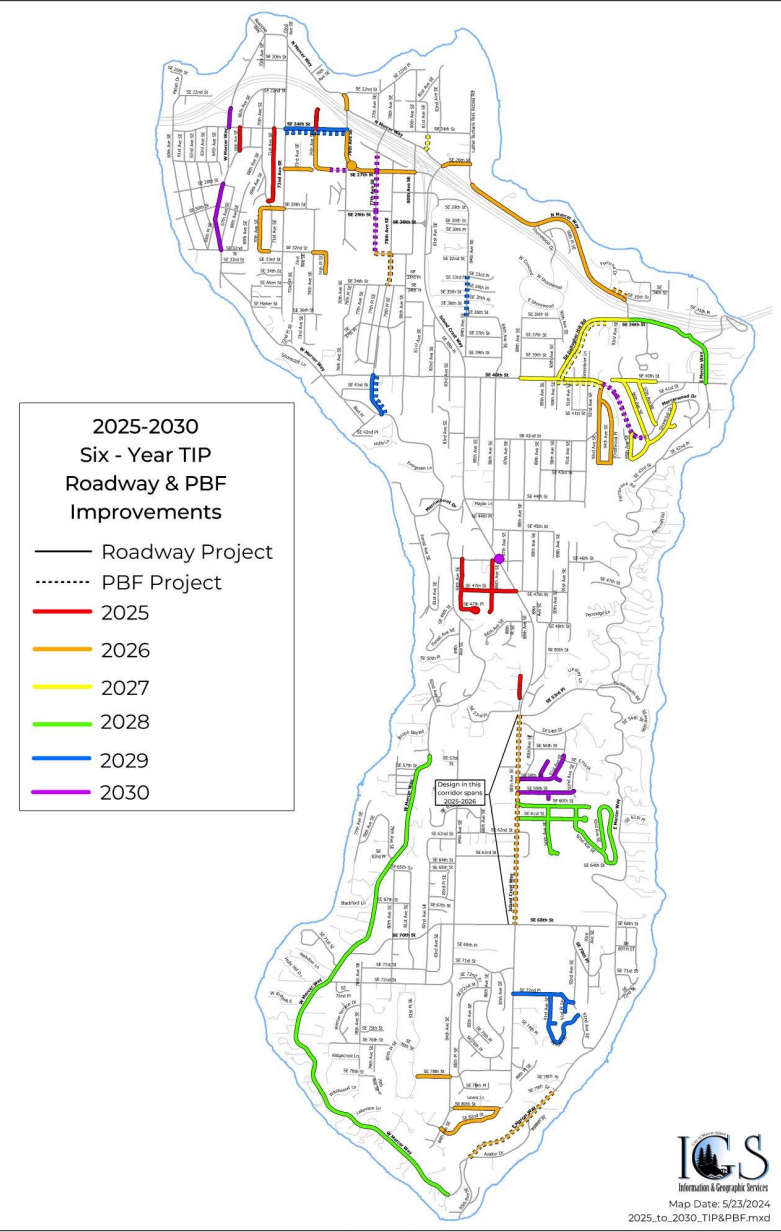

# Island Crest Way Corridor Improvements

- Staff’s recommendation for ICW (AB6503 – ICW Shared Use Path Discussion) is included in TIP Ex. 3
- Update ICW project in Ex. 3 if Council decision on ICW differed from recommendation.

# Recommended Action

- Adopt the 2025-2030 TIP (Ex. 3)

# Questions and Discussion
