#	Question	Answer(s)
1	in the proposed design, how many "play toys" are age appropriate for the 2-5 yo group vs. the 6-12 yo group?	live answered
2	Swinging and sliding were my two choices but I had to choose one!	Thanks Meg for picking one.
3	I suggest you not announce the choices before the poll is over so as not to influence anyone's vote!	Thanks againg Meg for the feedback.
4	How do wheelchairs and walkers do with synthetic grass?	The grass is very firm. It is over a pad which provides the fall protection. It is fully accessible for wheelchairs.
5	Kudos on the polls --very clear and the photos are FANTASTIC.	Thanks for the feedback Meg.
6	What is the cost difference between the options for the surfacing. Thanks!	The rubber and grass are not that much different. what drives up the cost is the labor to create designs with them. So the mixed media surface would be more expensive, and the cost goes up with the amount of detail that is incorporated.
7	My kids are wondering if that picture of the mixed use surface is from a park nearby,... we want to visit :)	It's cool isn't it? Sorry, it's from a catalog. I don't know where it is.
8	What is the height of the current playground?	I haven't measured, but I think it is 5' at its tallest from my memory.
9	Next to the curly Q slide, what is that?	That is the Flexthead climber, a conveyer belt like material that moves as you climb
10	Side by side in option 4?	Yes we included in all options
11	The height looks great but I'm concerned that with the 60" or 72" so much space is taken up that there isn't enough room for other activities. Also I'm wondering what the difference is cost is.	live answered
12	what are ADA stairs?	live answered
13	are we able to do a poll of the attendees as to how many people who are attending have children with disabilities , people attending who are disabled (as parents grandparents) and people who have fully "capable" children?	If panelists would like to self-identify or share more about their personal experiences they are welcome to do so here or on the Let's Talk Page. The City cannot ask that type of qesiton in a public meeting. Thank you for the thought.
14	We have one vote for elevated climbers and one for the climbable cone spinner form our house	It's tough when the household is divided! Thanks for participating.
15	Thank you! Great presentation & thoughtful options...appreciate your work, City!	Thank you for joining the meeting tonight!
16	Great format - super way to have the entire family participate -thank you!	Thank you for participating!
17	Great job on the polls and images! Nice presentation. Thanks. Love the thoughtful inclusivity additions.	Thank you for making time for the meeting tonight and for providing your feedback.
18	Thank you!!! Our kiddos loved being able to vote and provide input.	Thanks for joining the meeting and bringing along the kiddos!
19	Is there a chance for open conversation?	The raise hand function is operational now.
20	Thank you for your attention to making this playground a fun place for ALL children.	We appreciate you joining the meeting. Thank you!
21	Do we see any chance for a possible water feature?	live answered

22	Thank you so much, this was a fun way for the kids to be involved! We can't wait for the new park, thanks for all your hard work.	Thanks to you and your family for participating in the meeting tonight!
23	Will the final design be audited by your consultant Mara Kaplan?	Yes! Mara has even helped in our continued design of the train feature
24	Has anyone suggested turning those exercise stations into additional park features? We go to Mercerdale a lot, and have seen only one person ever using any of the stations. Signage could be changed to include play options.	live answered
25	yes i would like a water featyre PLEASE From Valerie, i am 9	Thanks so much Valerie for sharing your ideas! My kids love water features too!
26	My two children with special needs would enjoy a water feature for the rest of their lives!	Thank you Jill, the water feature is popular for many ages. We've also received feedback as part of the Parks, Recreation, and Open Space (PROS) Plan and imagine we'll be talking more about the spray park as part of that process.
27	Great point about the workout stations (that are also not accessible) nobody ever uses them. Those are options for monkey bars.	live answered
28	Will the musical/sernsory equipment area be sufficiently distanced from the more active play areas?	live answered
