The District and the City previously entered into a Project/Pathway Agreement dated December 2, 2025, recorded as Instrument No. 2025-081166, records of Ada County, Idaho (hereinafter the "***Project/Pathway Agreement***") . The purpose of the Project/ Pathway Agreement is to permit City to: 1) construct and install a 10' wide asphalt pedestrian pathway across and over the Rutledge Lateral and Nine Mile Drain and within the District's easements; and 2) in order to construct the above-referenced pathway over the Nine Mile Drain, pipe the Nine Mile Drain for a distance of 207 linear feet in 60" Class III RCP, including a new concrete headwall on the downstream end; and 3) in order to construct the above-referenced pathway over the Rutledge Lateral, pipe the Rutledge Lateral for a distance of 1,340 linear feet in 36" Class III RCP, including six new cast in place boxes and reconstruction of one existing delivery box, located in Meridian, Ada County, Idaho. Construction authorized by this Addendum shall be performed in accordance with the plans attached hereto as **Exhibit 1** and by this reference incorporated herein.
2. Construction/installation of the pipe authorized by this Addendum has already been

completed.

3. Said Project/Pathway Agreement is hereby affirmed and shall remain in full force and effect except as modified by this Addendum. The District and City acknowledge and agree that each is bound by the covenants, conditions and agreements contained in said Agreement.

4. The covenants, conditions and agreements contained herein and in said Project/Pathway Agreement shall constitute covenants to run with, and running with, all of the lands of the City described in Exhibit A of said Project/Pathway Agreement, and shall be binding on each of the parties hereto and on all parties and all persons claiming under them or either of them, and the advantages hereof shall inure to the benefit of each of the parties hereto and their respective successors and assigns, including, but not limited to, dedications, transfers and assignments of facilities to public entities.
