**STAFF REPORT**  
**COMMUNITY DEVELOPMENT DEPARTMENT**

HEARING DATE: 5/19/2026  
TO: Mayor & City Council  
FROM: Nick Napoli, Associate Planner  
208-884-5533  
SUBJECT: Windrow No. 1  
FP-2026-0010

LOCATION: Generally located at the NEC of S. Linder Road and W. Amity Road (Parcels #S1225347078, #S1225325700, #S1225336520, #S1225336505., in the SW 1/4 of Section 25, T.3N., R.1W.

**I. PROJECT DESCRIPTION**

Final Plat consisting of eight (8) building lots and four (4) common lots on 4.82 acres of land in the R-8 zoning district for the second phase of Windrow Neighborhood Subdivision.

**II. APPLICANT INFORMATION**

- A. Applicant:  
Laren Bailey, Conger Group – 4824 W. Fairview Avenue, Boise, ID 83706
- B. Owner:  
C4 Land LLC – 4824 W. Fairview Avenue, Boise, ID 83706
- C. Representative:  
Same as Applicant

**III. STAFF ANALYSIS**

Staff has reviewed the proposed final plat for substantial compliance with the approved preliminary plat (H-2023-0031) in accord with the requirements listed in UDC 11-6B-3C.2.

In order for the proposed final plat to be deemed in substantial compliance with the approved preliminary plat as set forth in UDC 11-6B-3C.2, the number of buildable lots cannot increase and the amount of common area cannot decrease. However, the road alignment and open space have changed

ORDER OF CONDITIONAL APPROVAL OF FINAL PLAT  
FOR (Windrow Subdivision No. 2 – FP-2026-0010)

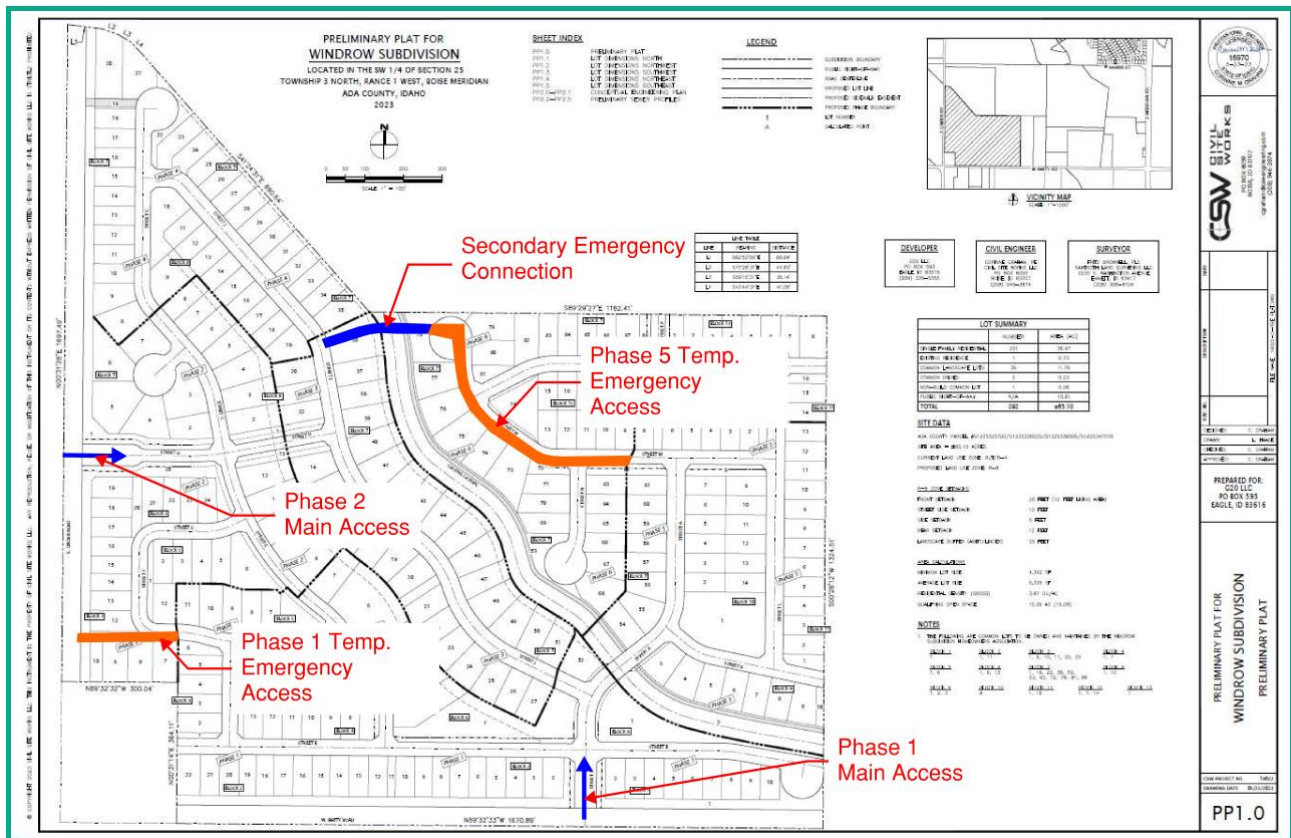

slightly from the preliminary plat. The applicants change in the phasing plan has accelerated the access point off of Linder Road to the second phase instead of the third. While this is a deviation from the approved phasing plan, staff has discussed with the applicant on the reasoning behind this change and it primarily due to market demands and having a second access point into the subdivision. Since there is no change to the number of buildable lots and the amount of common open space has increased slightly, therefore, Staff deems the proposed final plat to be in substantial compliance with the approved preliminary plat as required.

#### IV. DECISION

Staff recommends approval of the proposed final plat with the conditions noted in Section VI of this report.
