DESCRIPTION

- A. Background
For the past six years of Public Works Week, the Mini Heavy Equipment Rodeo has been a focal point of the Public Works Week Expo. This year, we are working primarily with Coastline to keep the tradition alive by having a Mini Heavy Equipment Rodeo at the Expo.

IMPACT

- A. Strategic Impact:
The City Hall east parking lot will be closed for the Expo and the mini heavy equipment rodeo. The rodeo will take place in the center of the parking lot, and will be roped off using traffic cones and caution tape. The equipment will be live and operational, so it can be quickly moved, if necessary.

- B. Fiscal Impact:
License and Indemnity Agreement \$0.00

ALTERNATIVES

- A. The City could choose not to sign the License and Indemnity Agreement with Coastline; this will prevent the Mini Heavy Equipment Rodeo at City Hall.

TIME CONSTRAINTS

Council's approval will allow for the timely return of the signed license agreement to Coastline. This will allow Coastline to prepare properly for the Mini Heavy Equipment Rodeo.
