III. DESCRIPTION

A. Background

During recent CCTV Van work, the City discovered that a fiber Optics line had been bored through the 36" Ten Mile Sewer Trunk. CenturyLink has taken responsibility for the bore strike and has reached an agreement with the City to fully fund the project. At this time, CenturyLink has provided a \$100,000 deposit to cover the cost of the repair and the management of the project. The agreement

stipulates that the City would refund any remaining funds or if the cost exceeds \$100,000, CenturyLink would further provide funding to cover the balance.

B. Reason for Amendment

The bore strike has created holes on both sides of the sewer line which need to be repaired as soon as possible. This Net Zero amendment would give approval to spend the deposited funds to complete the operational repairs needed to fix the sewer trunk.

IV. **IMPACT**

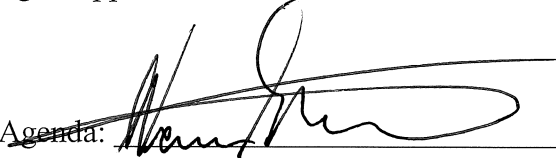

Project Cost

As mentioned, CenturyLink will fully cover the costs of the repair to the Sewer Trunk.

V. **TIME CONSTRAINTS**
