The manufacturer provided a lifetime disinfection guarantee on the system, however, in order to maintain the guarantee, the following conditions must be met:

- The system must be operated within the prescribed Design Parameters and Operation & Maintenance (O&M) manual.
- Only Trojan Approved and Validated replacement parts may be used in the system.
- Technical field service is supervised or provided by a Trojan Certified Technician;

The following statement is contained with the performance guarantee:

- Should an alternate UV lamp be used on any Trojan system, your Plant shall be deemed out of compliance with regards to: Trojan's Lifetime Disinfection Guarantee; Free 24/7 access to phone Technical Assistance; and Free lamp recycling. Equally important, you also risk voiding peripheral component warranties.
