Interest and Experiences

Why you interested in serving on a board or commission.

Hello again. I previously applied for a commission opening a few months ago and am resubmitting my application for currently open positions. As before I don't believe my attached resume is particularly relevant to this submission but feel free to review. Up to recently I have had a long career in the IT industry.

I'm currently retired and my interest in applying is to be able to serve in some capacity this wonderful city that my wife and I live in. I have no prior experience in any type of government role but hopefully can learn quickly what is needed from the position if selected. I am thoughtful easygoing logical and try to always find reasonable solutions when presented with issues to solve. I enjoy helping others.

Thank you for considering my submission!
