III. STAFF ANALYSIS

Comprehensive Plan and Unified Development Code (UDC)

A. History

The subject property is zoned C-G and was previously platted as Lot 3, Block 1, Vanguard Village Subdivision No. 1. Performance surety is being held by the City for the street buffer and pathways improvements associated with Vanguard Village Subdivision No. 1, which are the responsibility of that developer. Development of this property is governed by the Development Agreement for Vanguard Village (Inst. #2022-049799, Amended Inst. #2024-050341).

B. General Overview

This property is designated as Commercial on the Future Land Use Map (FLUM) contained in the Comprehensive Plan. This designation provides a full range of commercial uses to serve area residents and visitors. Desired uses may include retail, restaurants, personal and professional services, and office uses, as well as appropriate public and quasi-public uses. Multi-family residential may be allowed in some cases, but should be careful to promote a high quality of life through thoughtful site design, connectivity, and amenities.

The proposed short plat will subdivide the existing 21.78-acre lot into four (4) new buildable lots for future development. The northern boundary of the property abuts W. Grand Mogul Dr., the western boundary abuts S. La Vista Ln., the southern boundary abuts I-84 and W. Navigator Ln. bisects the property east/west. The Williams Northwest gas pipeline runs along the east boundary of the site in a separate common lot.

A cross-access easement should be granted between all the proposed lots for internal access from the private streets via a separate recorded easement or a note on the plat. If parking will be shared between the proposed lots, a cross-parking agreement should also be recorded and/or noted on the plat.

*There is an existing ingress/egress easement (Inst. #2025-047961) across proposed Lots 1 and 2 from S. La Vista Ln. to Lot 4, Block 1, Vanguard Village Subdivision No. 1, which is not a part of the proposed subdivision. **A blanket cross-access easement is required to be granted to this lot with the proposed subdivision.***

2. Pressurized Irrigation (UDC 11-3A-15):

The City of Meridian requires that pressurized irrigation systems be supplied by a year-round source of water (UDC 11-3B-6). The applicant should be required to use any existing surface or well water for the primary source.
