APPLICANT)

CASE NO. FP-2026-0014

**ORDER OF CONDITIONAL
APPROVAL OF FINAL PLAT**

This matter coming before the City Council on July 28, 2026 for final plat approval pursuant to Unified Development Code (UDC) 11-6B-3 and the Council finding that the Administrative Review is complete by the Planning and Development Services Divisions of the Community Development Department, to the Mayor and Council, and the Council having considered the requirements of the preliminary plat, the Council takes the following action:

IT IS HEREBY ORDERED THAT:

1. The Final Plat of “PLAT SHOWING LENNON POINTE SUBDIVISION,
SITUATED IN GOVERNMENT LOT 4, SECTION 1, TOWNSHIP 3 NORTH,
RANGE 1 WEST, BOISE MERIDIAN, CITY OF MERIDIAN, ADA COUNTY,

ORDER OF CONDITIONAL APPROVAL OF FINAL PLAT
FOR LENNON POINTE SUBDIVISION FP-2026-0014

IDAHO, 2026, HANDWRITTEN DATE: 1/26/2026, by RONALD M. HODGE, PLS, SHEET 1 OF 6,” is conditionally approved subject to those conditions of Staff as set forth in the staff report to the Mayor and City Council from the Planning and Development Services divisions of the Community Development Department dated July 28, 2026, a true and correct copy of which is attached hereto marked “Exhibit A” and by this reference incorporated herein.

2. The final plat upon which there is contained the certification and signature of the City Clerk and the City Engineer verifying that the plat meets the City’s requirements shall be signed only at such time as:
 - 2.1 The plat dimensions are approved by the City Engineer; and
 - 2.2 The City Engineer has verified that all off-site improvements are completed and/or the appropriate letter of credit or cash surety has been issued guaranteeing the completion of off-site and required on-site improvements.

NOTICE OF FINAL ACTION

AND RIGHT TO REGULATORY TAKINGS ANALYSIS

The Applicant is hereby notified that pursuant to Idaho Code § 67-8003, the Owner may request a regulatory taking analysis. Such request must be in writing, and must be filed with the City Clerk not more than twenty-eight (28) days after the final decision concerning the matter at issue. A request for a regulatory takings analysis will toll the time period within which a Petition for Judicial Review may be filed.

Please take notice that this is a final action of the governing body of the City of Meridian, pursuant to Idaho Code § 67-6521. An affected person being a person who has an interest in real property which may be adversely affected by this decision may, within twenty-eight (28) days after the date of this decision and order, seek a judicial review pursuant to Idaho Code§ 67-52.

By action of the City Council at its regular meeting held on the _____ day of _____, 2026.

By:

Robert E. Simison
Mayor, City of Meridian

Attest:

Chris Johnson
City Clerk

Copy served upon the Applicant, Planning and Development Services Divisions of the Community Development Department and City Attorney.

By: _____ Dated: _____

The logo for Meridian, Idaho, features the word "MERIDIAN" in a large, blue, serif font. Below it, the word "IDAHO" is written in a smaller, blue, sans-serif font. A stylized blue wave or ribbon graphic flows from the right side of "MERIDIAN" down to the right side of "IDAHO".

Record of Survey No. 8705, Instrument No. 109141988
 Creason Creek No. 1 Subdivision, Book 112, Pages 16486-16488
 Creason Creek No. 2 Subdivision, Book 119, Pages 18301-18303
 Record of Survey No. 12994, Instrument No. 2021-112429
 Warranty Deed Instrument No. 2021-182745

SURVEYORS NARRATIVE

The purpose of the survey is for the development of the property into a platted subdivision. Monuments found and set as shown on Record of Survey No. 12594, Instrument No. 2021-112479 were held. The sectional ties were held as described in the corner records, the eastern boundary is contiguous with Creason Creek Subdivision No. 1 and the southern boundary is contiguous with Creason Creek Subdivision No. 2.

VI. CITY/AGENCY COMMENTS & CONDITIONS

A. Planning Division

1. Applicant shall comply with all previous conditions of approval associated with this development [Development Agreement Inst. #2022-041093 (H-2021-0071); H-2024-0060 (PP, PS)].
2. **The applicant shall obtain the City Engineer's signature on the final plat and obtain *final* approval of the private street application within two (2) years of the City Council's approval of the preliminary plat (i.e. by February 18, 2027) as set forth in UDC 11-6B-7 in order for the preliminary plat and private street approval to remain valid; *or*, a time extension may be requested.**
3. Prior to submittal for the City Engineer's signature, the Certificate of Owners and the accompanying acknowledgement signed and notarized.
4. The final plat shown in Section V.B prepared by HMM Engineering, stamped on 1/26/2026 by Ronald W. Hodge, shall be revised as follows:

Plat Notes:

- a. Include a note referring to the private road maintenance agreement which includes info on the perpetual ingress/egress easement required by the development agreement. The agreement needs to have an exhibit showing the easement.
- b. Modify Note #3: "This development is subject to the City of Meridian Development Agreement recorded as Instrument No. 2022-041093.
- c. Modify Note #4: "Direct lot access to W. Ustick Road and N. Linder Road is prohibited except for those access points approved by the Ada County Highway District and City of Meridian as shown on the approved site plan."
- d. Modify Note #5 to include a requirement for maintenance of a paved surface (for the common driveway) capable of supporting fire vehicles and equipment in accord with UDC 11-6C-3D.8.
- e. Note #10: Include the recorded instrument number of the multi-use pathway easement (ESMT-2025-0165).
- f. Note #16: Include the recorded instrument number of the amended easement.

Easement Notes:

- g. Note #1: Include the recorded instrument number of the Maintenance and Use Agreement. Also, specify the cross-access/ingress-egress easement on Lots 3 and 4, Block 1 provides access to all lots in the subdivision.
- h. Note #7: Include the recorded instrument number of the City of Meridian water and sewer easement.
- i. Note #9: Delete as there is no note.
- j. Modify Note #2 to grant an ingress/egress/cross-access easement on Lot 11, Block 1 for all lots in the subdivision to use the private streets.
- k. Include a note for the cross-access/ingress-egress easement on Lots 2 and 3, Block 1 granting access to all lots in the subdivision.

Plat:

- l. Increase the depth of Lots 15-17, Block 2 to accommodate the minimum front setback of 20-feet to the face of garage on these lots. The parking pad shall not encroach on Lot 14, Block 2.
- m. Graphically depict the public use easement (ESMT-2024-0165) for the multi-use pathway on the site along with a reference to the recorded instrument number of the easement.

A copy of the revised plat shall be submitted with the Final Plat Mylar Signature application.

5. The landscape plan shown in Section V.E, prepared by Rodney Evans + Partners, LLC, dated 4/6/26, shall be revised as follows:
 - a. Revise the plan to reflect the revised final plat layout; specifically, Lot 13, Block 1 is now two (2) lots.
 - b. Depict raised curbing (or similar) within Linder Rd. access adjacent to ACHD right-of-way to discourage any left-in or left-out traffic patterns per the development agreement; coordinate with ACHD as necessary, per the development agreement..
 - c. Clearly depict and label the irrigation district easements for the Kellogg Drain and the Creason Lateral; ensure no trees are placed in these easements. If easements prevent compliance with UDC landscape standards, alternative compliance may be requested to the standard.
 - d. Include details that demonstrate compliance with the Quality of Life amenity standards for the dog park (i.e. bags for dog waste disposal, double entrance gate, benches & fencing to enclose a minimum of 5,000 s.f. and secured open space for an off-leash dog park) and dog waste stations (i.e. installed in the ground fixture with waste disposal bags and trash receptacle) in UDC 11-3G-4C; and with the Recreation Activity Area amenity standards for the tot lot (i.e. commercial grade play equipment scaled & designed for the use and safety of younger children with benches for seating nearby) in UDC 11-3G-4D.
 - e. Demonstrate how the arterial street buffers comply with the enhanced buffer requirements listed in UDC 11-3G-3B.3 and 11-3B-7C.3f; make revisions as necessary to comply with these standards.
 - f. Stormwater swales shall be landscaped per the standards in UDC 11-3B-11C. Note: Gravel, rock, sand, or cobble stormwater facilities are not permitted on the surface of required landscape areas, unless designed as a dry creek bed or other design feature.
 - g. Depict landscaping within the street buffers along Linder and Ustick Roads per the standards listed in UDC 11-3B-7C.3e, which require lawn and other grasses requiring regular mowing to comprise no more than 65% of the vegetated coverage of the buffer; all other vegetated coverage shall be mulched and treated as planting area for shrubs or other vegetative cover.
 - h. Revise the calculations table to reflect a minimum of one (1) deciduous shade tree in common open space areas for every 5,000 (instead of 8,000) square feet of area in accord with UDC 11-3G-5B.3 to comply with the current standard.
 - i. Depict a dense 25-foot wide landscape buffer to residential uses entirely on the C-C zoned property; or, split between the C-C and R-15 zoned properties, with dense landscaping consisting of a mix of evergreen and deciduous trees, shrubs, lawn, or other vegetative groundcover that allows trees to touch within five (5) years of planting as set forth in UDC 11-3B-9C.

A copy of the revised landscape plan shall be submitted with the Final Plat Mylar Signature application.

6. All drive aisles/private streets shall be posted as fire lanes with no parking allowed as set forth in UDC 11-3F-4B.2d. In addition, if a curb exists next to the drive aisle, it shall be painted red. Submit photos of the signs and red painted curbing with the Final Play Mylar signature application.
7. Future development shall comply with the minimum dimensional standards listed in UDC Table 11-2A-7 for the R-15 zoning district and UDC Table 11-2B-3 for the C-C zoning district.
8. The common driveway exhibit in Section V.D shall be revised to reflect a 20' front setback on the north side of Lots 15-17, Block 2 to accommodate a 20' x 20' parking pad for on those lots.
9. The plaza in the residential portion of the development shall have lighting in conformance with UDC 11-3A-11 and landscaping in accord with UDC 11-3B, per UDC 11-3G-3B.1d. Details that demonstrate compliance shall be submitted with the final plat application.
10. A floodplain development permit shall be required prior to any site work occurring on the property.
11. The maintenance agreement for the private streets shall be amended to include proportionate cost-share for maintenance of the private streets between all lots within the subdivision.
12. All existing structures shall be removed prior to the City Engineer's signature on the final plat for this property.
13. Raised curbing (or similar) shall be constructed within Linder Rd. access adjacent to ACHD right-of-way to discourage any left-in or left-out traffic patterns. This shall be depicted on the civil drawings; coordinate with ACHD as necessary, per the development agreement.
14. Upon completion of the landscape installation, a written Certificate of Completion shall be submitted to the Planning Division verifying all landscape improvements are in substantial compliance with the approved landscape plan as set forth in UDC 11-3B-14.
15. Staff's failure to cite specific ordinance provisions or conditions from the preliminary plat and/or development agreement does not relieve the Applicant of responsibility for compliance.

B. Public Works

SITE SPECIFIC CONDITIONS:

1. Sewer approved with LD-RSUB-2023-0017
2. There has been some modification to the Water main in the field, however these will be captured with Record Drawings.

GENERAL CONDITIONS:

1. Sanitary sewer service to this development is available via extension of existing mains adjacent to the development. The applicant shall install mains to and through this subdivision; applicant shall coordinate main size and routing with the Public Works Department, and execute standard forms of easements for any mains that are required to provide service. Minimum cover over sewer mains is three feet, if cover from top of pipe to sub-grade is less than three feet than alternate materials shall be used in conformance of City of Meridian Public Works Departments Standard Specifications.

2. Water service to this site is available via extension of existing mains adjacent to the development. The applicant shall be responsible to install water mains to and through this development, coordinate main size and routing with Public Works.
3. All improvements related to public life, safety and health shall be completed prior to occupancy of the structures. Where approved by the City Engineer, an owner may post a performance surety for such improvements in order to obtain City Engineer signature on the final plat as set forth in UDC 11-5C-3B.
4. Upon installation of the landscaping and prior to inspection by Planning Department staff, the applicant shall provide a written certificate of completion as set forth in UDC 11-3B-14A.
5. A letter of credit or cash surety in the amount of 110% will be required for all incomplete fencing, landscaping, amenities, pressurized irrigation, prior to signature on the final plat.
6. The City of Meridian requires that the owner post with the City a performance surety in the amount of 125% of the total construction cost for all incomplete sewer, water infrastructure prior to final plat signature. This surety will be verified by a line item cost estimate provided by the owner to the City. The applicant shall be required to enter into a Development Surety Agreement with the City of Meridian. The surety can be posted in the form of an irrevocable letter of credit, cash deposit or bond. Applicant must file an application for surety, which can be found on the Community Development Department website. Please contact Land Development Service for more information at 887-2211.
7. The City of Meridian requires that the owner post to the City a warranty surety in the amount of 20% of the total construction cost for all completed sewer, and water infrastructure for a duration of two years. This surety amount will be verified by a line item final cost invoicing provided by the owner to the City. The surety can be posted in the form of an irrevocable letter of credit, cash deposit or bond. Applicant must file an application for surety, which can be found on the Community Development Department website. Please contact Land Development Service for more information at 887-2211.
8. In the event that an applicant and/or owner cannot complete non-life, non-safety and non-health improvements, prior to City Engineer signature on the final plat and/or prior to occupancy, a surety agreement may be approved as set forth in UDC 11-5C-3C.
9. Applicant shall be required to pay Public Works development plan review, and construction inspection fees, as determined during the plan review process, prior to the issuance of a plan approval letter.
10. It shall be the responsibility of the applicant to ensure that all development features comply with the Americans with Disabilities Act and the Fair Housing Act.
11. Applicant shall be responsible for application and compliance with any Section 404 Permitting that may be required by the Army Corps of Engineers.
12. Developer shall coordinate mailbox locations with the Meridian Post Office.
13. All grading of the site shall be performed in conformance with MCC 11-1-4B.
14. Compaction test results shall be submitted to the Meridian Building Department for all building pads receiving engineered backfill, where footing would sit atop fill material.
15. The engineer shall be required to certify that the street centerline elevations are set a minimum of 3-feet above the highest established peak groundwater elevation. This is to ensure that the bottom elevation of the crawl spaces of homes is at least 1-foot above.

16. The applicants design engineer shall be responsible for inspection of all irrigation and/or drainage facility within this project that do not fall under the jurisdiction of an irrigation district or ACHD. The design engineer shall provide certification that the facilities have been installed in accordance with the approved design plans. This certification will be required before a certificate of occupancy is issued for any structures within the project.
17. At the completion of the project, the applicant shall be responsible to submit record drawings per the City of Meridian AutoCAD standards. These record drawings must be received and approved prior to the issuance of a certification of occupancy for any structures within the project.
18. Street light plan requirements are listed in section 6-7 of the Improvement Standards for Street Lighting (http://www.meridiancity.org/public_works.aspx?id=272). All street lights shall be installed at developer's expense. Final design shall be submitted as part of the development plan set for approval, which must include the location of any existing street lights. The contractor's work and materials shall conform to the ISPWC and the City of Meridian Supplemental Specifications to the ISPWC. Contact the City of Meridian Transportation and Utility Coordinator at 898-5500 for information on the locations of existing street lighting.
19. The applicant shall provide easement(s) for all public water/sewer mains outside of public right of way (include all water services and hydrants). The easement widths shall be 20-feet wide for a single utility, or 30-feet wide for two. The easements shall not be dedicated via the plat, but rather dedicated outside the plat process using the City of Meridian's standard forms. The easement shall be graphically depicted on the plat for reference purposes. Submit an executed easement (on the form available from Public Works), a legal description prepared by an Idaho Licensed Professional Land Surveyor, which must include the area of the easement (marked EXHIBIT A) and an 8 1/2" x 11" map with bearings and distances (marked EXHIBIT B) for review. Both exhibits must be sealed, signed and dated by a Professional Land Surveyor. DO NOT RECORD. Add a note to the plat referencing this document. All easements must be submitted, reviewed, and approved prior to signature of the final plat by the City Engineer.
20. Applicant shall be responsible for application and compliance with and NPDES permitting that may be required by the Environmental Protection Agency.
21. Any wells that will not continue to be used must be properly abandoned according to Idaho Well Construction Standards Rules administered by the Idaho Department of Water Resources (IDWR). The Developer, Owner, or project Engineer, shall provide a statement addressing whether there are any existing wells in the development, and if so, how they will continue to be used, or provide record of their abandonment. If wells are to be abandoned, the project owner or their representative must contact the IDWR Groundwater Protection Section (Aaron Skinner, Hydrogeologist 208-287-4972) BEFORE any work is done to decommission an existing well (even if it is believed that the well is less than 18 ft deep). Proof of communication with IDWR must be submitted to the City prior to any work being done to decommission the well. Failure to communicate with IDWR may result in additional work and expense to decommission the well.
22. Any existing septic systems within this project shall be removed from service per City Ordinance Section 9-1-4 and 9 4 8. Contact the Central District Health Department for abandonment procedures and inspections.

23. The City of Meridian requires that pressurized irrigation systems be supplied by a year-round source of water (UDC 11-3B-6.). The applicant should be required to use any existing surface or well water for the primary source. If a surface or well source is not available, a single-point connection to the culinary water system shall be required. If a single-point connection is utilized, the developer will be responsible for the payment of assessments for the common areas prior to development plan approval.
24. All irrigation ditches, canals, laterals, or drains, exclusive of natural waterways, intersecting, crossing or laying adjacent and contiguous to the area being subdivided shall be addressed per UDC 11-3A-6. In performing such work, the applicant shall comply with Idaho Code 42-1207 and any other applicable law or regulation.
