MEMORANDUM OF UNDERSTANDING

Between

The State of Idaho, Office of Emergency Management

and

Ada County

Regarding State Use of 2022 Homeland Security Grant Program Funding

1. **Parties.** The parties to this Agreement (Agreement or MOU) are the State of Idaho, Office of Emergency Management (IOEM) and Ada County, referred to as "subrecipient".
2. **Authority.** This agreement is authorized under the provisions of Title 46, Chapter 10 Idaho Code.
3. **Purpose.** The purpose of this Agreement is to set forth terms by which the IOEM shall expend FY 22 State Homeland Security Grant Program (SHSP) funds on behalf of the subrecipient. On September 1, 2022 the United States Department of Homeland Security issued grant number EMW-2022-SS-00109 to the State of Idaho. Under this grant award, the State of Idaho, Office of Emergency Management must allocate grant funding to local jurisdictions. Under this SHSP grant award, the subrecipient may authorize the IOEM to 1) obligate and pay vendors directly for equipment purchases and 2) retain funding at state level and provide project management for the 2 below identified priority areas at the state level as required by the Homeland Security Notice of Funding Opportunity (NOFO)
4. **Required Investment in Priority Areas.** In assessing the national risk profile for FY 2022, the Department of Homeland Security (DHS) and the Federal Emergency Management Agency (FEMA) has determined six priority areas attract the most concern. And due to the unique threats that the nation faces in 2022, DHS/FEMA has determined that at least four of these six priorities should be addressed by allocating specific percentages of SHSP funds to each area, for a total of 30 percent. The following are the six priority areas for FY 2022, along with the corresponding percentage of the Idaho SHSP funds that are to be utilized for each priority area in order to obtain a full allocation of SHSP funds:
 1. Enhancing cybersecurity-1.6 percent

2. Enhancing the protection of soft targets/crowded places – 7.5 percent
3. Enhancing information and intelligence sharing and analysis– 4.9 percent
4. Combating domestic violent extremism – 7 percent
5. Enhancing election security- 0 percent
6. Enhancing community preparedness and resilience- 9 percent

5. **Idaho's Investment in Priority areas.** IOEM intends to invest in the following two priority areas by retaining a share of subrecipient SHSP funds for the following Idaho-specific purposes:

1. Priority Area 1 – Enhancing the protection of soft targets/crowded places (including election security)

IOEM / The Idaho Criminal Intelligence Center (IC2)

- IC2 will continue the commitment to the protection of soft targets/crowded places, and will continue to focus on schools. IOEM has developed data streams in coordination with the Idaho Office of School Safety's "Safe-To-Tell," program. IC2 has requested access to the raw data gathered by this program. Analyst recognition of threats in this new data-stream will be heavily reliant upon continued training. Other data streams that enhance the protection of soft targets/crowded places will be maintained and, when possible, expanded, namely: multiple crime/threat tip lines, smartphone crime/threat tip application, and traditional See Something, Say Something reporting that goes directly to IC2 in concert with ad campaigns.
- As bolstering the protection of Idaho's public schools remains a high priority for the state, IOEM has partnered with the Idaho Office of School Safety and Security to harden local schools based up on their state-wide threat and vulnerability assessment project. Local Funds will be dispersed around the state based on priorities from assessment.
- Budget for Priority Area– Enhancing the Protection of Soft Targets / Crowded Places

Cost breakout:

Total expected project costs: \$363,562.50

State share of expected project costs: \$72,712.50

Local share of expected project costs: \$290,850.00

b. Priority Area 2 – Combating Domestic Violent Extremism

- The Idaho Criminal Intelligence Center (IC2) will continue to support an analyst to focus solely on domestic violent extremism. Additionally, funds will allow for the procurement of web crawling software and subscriptions for services that surveil and curate data related to domestic violent extremism.
- Budget for Priority Area– Enhancing the Protection of Soft Targets / Crowded Places

Cost breakout:

Total expected project costs: \$339,325.00

State share of expected project costs: \$67,865.00

Local share of expected project costs: \$271,460.00

6. **Responsibilities.**

- a. **IOEM:** The IOEM will provide SHSP grant fund management on behalf of the subrecipient for:
- i. Equipment purchased at the subrecipient level.
 - 1. Equipment purchases must be authorized and fit within the scope of the SHSP grant.
 - 2. Obligations and payments for qualifying equipment may only occur during the period of this SHSP grant award and any subsequent extensions of this grant award.
 - ii. Provisional funds and project execution for the required Cyber and Soft targets investments.
- b. **Subrecipients:** The duly authorized subrecipient official (elected official or authorized delegate):
- i. Has read and understands the Homeland Security Grant Program Guidance and Standard Terms and Conditions
 - ii. Authorizes the IOEM to obligate and expend Homeland Security Grant Program funds in accordance with the terms of this MOU.

2022 DHS Standard Terms and Conditions

The 2022 DHS Standard Terms and Conditions apply to all new federal financial assistance awards funded in FY 2022. These terms and conditions flow down to subrecipients, unless an award term or condition specifically indicates otherwise. The United States has the right to seek judicial enforcement of these obligations.

All legislation and digital resources are referenced with no digital links. The FY 2022 DHS Standard Terms and Conditions will be housed on dhs.gov at www.dhs.gov/publication/fy15-dhs-standard-terms-and-conditions.

Assurances, Administrative Requirements, Cost Principles, Representations and Certifications

DHS financial assistance recipients must complete either the Office of Management and Budget (OMB) Standard Form 424B Assurances – Non-Construction Programs, or OMB Standard Form 424D Assurances – Construction Programs, as applicable. Certain assurances in these documents may not be applicable to your program, and the DHS financial assistance office (DHS FAO) may require applicants to certify additional assurances. Applicants are required to fill out the assurances as instructed by the awarding agency.

DHS financial assistance recipients are required to follow the applicable provisions of the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards located at Title 2, Code of Federal Regulations (C.F.R.) Part 200, and adopted by DHS at 2 C.F.R. Part 3002.

By accepting this agreement, the recipient and its executives, as defined in 2 C.F.R. section 170.315, certify that the recipient's policies are in accordance with OMB's guidance located at 2 C.F.R. Part 200, all applicable federal laws, and relevant Executive guidance.

DHS Specific Acknowledgements and Assurances

1. Recipients must cooperate with any compliance reviews or compliance investigations conducted by DHS.

Recipients of multiple awards of DHS financial assistance should only submit one completed tool for their organization, not per award. After the initial submission, recipients are required to complete the tool once every two (2) years if they have an active award, not every time an award is made. Recipients should submit the completed tool, including supporting materials, to CivilRightsEvaluation@hq.dhs.gov. This tool clarifies the civil rights obligations and related reporting requirements contained in the DHS Standard Terms and Conditions. Subrecipients are not required to complete and submit this tool to DHS. The evaluation tool can be found at <https://www.dhs.gov/publication/dhs-civil-rights-evaluation-tool>.

XLI. **John S. McCain National Defense Authorization Act of Fiscal Year 2019**

Recipients, subrecipients, and their contractors and subcontractors are subject to the prohibitions described in section 889 of the J. S. McCain National Defense Authorization Act for Fiscal Year 2019, Pub. L. No. 115-232 (2018) and 2 C.F.R. sections 200.216, 200.327, 200.471, and Appendix 11 to 2 C.F.R. Part 200. Beginning August 13, 2020, the statute - as it applies to DHS recipients, subrecipients, and their contractors and subcontractors - prohibits obligating or expending federal award funds on certain telecommunications and video surveillance products and contracting with certain entities for national security reasons.

XLII. **Required Use of American Iron, Steel, Manufactured Products, and Construction Materials**

Recipients and subrecipients must comply with the Buy America Act (BABAA), which was enacted as part of the Infrastructure Investment and Jobs Act Sections 70901-70927, Pub. L. No. 117-58 (2021); and Executive Order 14005, Ensuring the Future is Made in All of America by All of America's Workers. See also Office of Management and Budget (OMB), Memorandum M-22-11, Initial Implementation Guidance on Application of Buy America Preference in Federal Financial Assistance Programs for Infrastructure. Recipients and subrecipients of federal financial assistance programs for infrastructure are hereby notified that none of the funds provided under this award may be used for a project for infrastructure unless: (1) all iron and steel used in the project are produced in the United States--this means all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States; (2) all manufactured products used in the project are produced in the United States--this means the manufactured product was manufactured in the United States; and the cost of the components of the manufactured product that are mined, produced, or manufactured in the United States is greater than 55 percent of the total cost of all components of the manufactured product, unless another standard for determining the minimum amount of domestic content of the manufactured product has been established under applicable law or regulation; and (3) all construction materials are manufactured in the United States--this means that all manufacturing processes for the construction material occurred in the United States. The Buy America preference only

applies to articles, materials, and supplies that are consumed in, incorporated into, or affixed to an infrastructure project. As such, it does not apply to tools, equipment, and supplies, such as temporary scaffolding, brought to the construction site and removed at or before the completion of the infrastructure project. Nor does a Buy America preference apply to equipment and furnishings, such as movable chairs, desks, and portable computer equipment, that are used at or within the finished infrastructure project. Waivers When necessary, recipients may apply for, and the agency may grant, a waiver from these requirements. (a) When the federal agency has made a determination that one of the following exceptions applies, the awarding official may waive the application of the domestic content procurement preference in any case in which the agency determines that: (1) applying the domestic content procurement preference would be inconsistent with the public interest; (2) the types of iron, steel, manufactured products, or construction materials are not produced in the United States in sufficient and reasonably available quantities or of a satisfactory quality; or (3) the inclusion of iron, steel, manufactured products, or construction materials produced in the United States will increase the cost of the overall project by more than 25 percent. A request to waive the application of the domestic content procurement preference must be in writing. The agency will provide instructions on the format, contents, and supporting materials required for any waiver request. Waiver requests are subject to public comment periods of no less than 15 days and must be reviewed by the OMB Made in America Office. There may be instances where an award qualifies, in whole or in part, for an existing waiver described. For awards by the Federal Emergency Management Agency (FEMA), existing waivers are available and the waiver process is described at "Buy America" Preference in FEMA Financial Assistance Programs for Infrastructure | FEMA.gov. For awards by other DHS components, please contact the applicable DHS FAO. To see whether a particular DHS federal financial assistance program is considered an infrastructure program and thus required to include a Buy America preference, please either contact the applicable DHS FAO, or for FEMA awards, please see Programs and Definitions: Build America, Buy America Act | FEMA.gov.

XLIII. Applicability of DHS Standard Terms and Conditions to Tribes

The DHS Standard Terms and Conditions are a restatement of general requirements imposed upon recipients and flow down to subrecipients as a matter of law, regulation, or executive order. If the requirement does not apply to Indian tribes or there is a federal law or regulation exempting its application to Indian tribes, then the acceptance by Tribes of, or acquiescence to, DHS Standard Terms and Conditions does not change or alter its inapplicability to an Indian tribe. The execution of grant documents is not intended to change, alter, amend, or impose additional liability or responsibility upon the Tribe where it does not already exist.

XLIV. Indirect Cost Rate

2 C.F.R. section 200.211(b)(15) requires the terms of the award to include the indirect cost rate for the federal award. If applicable, the indirect cost rate for this award is stated in the budget documents or other materials approved by FEMA and included in the award file.

XLV. HSGP Performance Goals

In addition to the Biannual Strategy Implementation Report (BSIR) submission requirements outlined in the Preparedness Grants Manual, recipients must demonstrate how the grant-funded project addressed the core capability gap associated with this project and identified in the Threat and Hazard Identification and Risk Assessment (THIRA) or Stakeholder Preparedness Review (SPR) or sustains existing capabilities as applicable. The capability gap reduction must be addressed in the Project Description of the BSIR for each project.

XLVI. Operation Stonegarden Program Hold

The recipient is prohibited from drawing down OPSG funding under this award or reimbursing OPSG subrecipients of this award until each unique, specific, or modified county level, tribal, or equivalent Operations Order or Fragmentary Order (FRAGO) has been reviewed by FEMA/GPD and Customs and Border Protection/United States Border Patrol (CBP/USBP). The recipient will receive the official notification of approval from FEMA/GPD.

XLVII. OPSG Program Performance Goal

In addition to the Biannual Strategy Implementation Report (BSIR) submission requirements outlined in the Preparedness Grants Manual, recipients must demonstrate how the grant-funded project addressed the core capability gap associated with this project and identified in the Threat and Hazard Identification and Risk Assessment (THIRA) or Stakeholder Preparedness Review (SPR) or sustains existing capabilities as applicable. The capability gap reduction or capability sustainment must be addressed in the Project Description of the BSIR for each project.

MEMORANDUM OF UNDERSTANDING

Between

The State of Idaho, Office of Emergency Management

And

Ada County

Regarding the use of FY 2023 Homeland Security Grant Program Funding

1. **Parties.** The parties to this Agreement (Agreement or MOU) are the State of Idaho, Office of Emergency Management (IOEM) and *Ada County*, referred to as "subrecipient".
2. **Authority.** This agreement is authorized under the provisions of Title 46, Chapter 10 Idaho Code.
3. **Purpose.** The purpose of this Agreement is to set forth terms by which the IOEM shall expend FY23 State Homeland Security Grant Program (SHSP) funds on behalf of the subrecipient. On September 12, 2023, the United States Department of Homeland Security issued grant number EMW-2023-SS-00078 to the State of Idaho in the amount of \$4,847,500. Under this grant award, the State of Idaho, Office of Emergency Management must allocate grant funding to local jurisdictions. Based on the SHSP grant guidance issued by The Department of Homeland Security (DHS) and Federal Emergency Management Agency (FEMA), the subrecipient may authorize IOEM to 1) obligate and pay vendors directly for equipment purchases and 2) retain funding at the state level and provide project management for the 4 below identified priority areas at the state level as required by the Homeland Security Notice of Funding Opportunity (NOFO).
4. **Required Investment in Priority Areas.** In assessing the national risk profile for FY 2023, the DHS and the FEMA have determined six priority areas that attract the most concern. And due to the unique threats that the nation faces in 2023, DHS and FEMA have specific percentages of SHSP funds required for each area, for a total of 30 percent of the grant award. The following are the six priority areas for FY 2023, along with the corresponding percentage of Idaho SHSP funds that are to be utilized for each priority area to obtain a full allocation of SHSP funds:
 - a. Enhancing the protection of soft targets / crowded spaces – 6 percent
 - b. Enhancing information and intelligence sharing and analysis – 5 percent
 - c. Combating domestic violent extremism – 5 percent
 - d. Enhancing cybersecurity- 2 percent
 - e. Enhancing community preparedness and resilience – 9 percent
 - f. Enhancing election security – 3 percent

As IOEM is required to pass 80 percent of the FY23 SHSP award to local jurisdictions (IOEM retains 20 percent), the cost share between IOEM and local jurisdictions to satisfy the National Priority Area spending requirements is proportional to the IOEM allocation (20 percent) and local jurisdiction allocation (80 percent).

5. Idaho's Investment Priorities

a. Priority Area – Enhancing the protection of soft targets / crowded places

IOEM / The Idaho Criminal Intelligence Center (IC2)

IC2 will continue its commitment to the protection of soft targets / crowded places and will continue to focus on schools. IOEM has developed data streams in coordination with the Idaho Office of School Safety's "Safe to Tell" program. IC2 has requested access to the raw data gathered by this program. Analyst recognition of threats in this new data stream will be heavily reliant upon continued training. Other data streams that enhance the protection of soft targets / crowded places will be maintained and expanded such as multiple crime and threat tip lines, smartphone crime and threat tip lines and traditional 'See Something, Say Something' reporting that goes directly to IC2 in concert with ad campaigns.

This priority area also includes funding for Idaho's Special Teams including Hazmat, Bomb Squad and Incident Management Assistance Support Team (IMAT), whose mission is to support response to critical incidents requiring specialized equipment and training.

Cost Breakout:

State Share of expected project costs: \$0

Local Share of expected project costs (statewide): \$50,000

Special Teams (hazmat teams, bomb squads, IMAST): \$240,000

Total expected project costs: \$290,000

b. Priority Area- Enhancing Election Security

This priority area includes IOEM partnering with the Secretary of State's office to increase safety and security around Idaho's statewide elections. Projects include creating election data boards and hosting elections and the associated officials at the Idaho Response Center for monitoring, situational awareness, and preparedness to address any issues.

Cost Breakout:

State share of expected project costs: \$95,456

Local Share of expected project costs (statewide): \$50,000

Total expected project costs: \$145,456

c. Priority Areas – Enhancing Information and Intelligence Sharing and Analysis, and Combating Domestic Violent Extremism (DVE)

The Fusion Center's mission includes collecting, analyzing, and disseminating threat information. The funds support leadership, specialized analysts, web crawling software, subscriptions, and training. Another feature of the Idaho Fusion Center is the Fusion Liaison Officer program, which contributes significantly to local law enforcement officials receiving critical intelligence regarding suspicious activity reports. Funding also addresses threats related to domestic violent extremism and drug and human trafficking, sustaining Idaho's capacity to collect, analyze, and share terrorist threat information.

Cost Breakout:

State Share of expected project costs: \$0

Local Share of expected project costs (statewide): \$482,247

Total expected project costs: \$482,247

d. Priority Area- Enhancing Cybersecurity

This investment will support IOEM's Annual Preparedness Conference Cyber Day which includes keynote presentations, workshops and activities designed to support cybersecurity professionals in the most recent threat trends and protective measures. This event is also intended to provide policy makers and agency staff (those who are not cybersecurity professionals) with critical information to increase cyber hygiene and bolster resiliency regarding cyber-attacks. This investment advances many of the 16 recommendations of the Governor's Cybersecurity Task Force.

Cost Breakout:

State Share of expected project costs: \$94,605

Local Share of expected project costs: \$0

Total expected project costs: \$94,605

6. Responsibilities.

2023 DHS Standard Terms and Conditions

The 2023 DHS Standard Terms and Conditions apply to all new federal financial assistance awards funded in FY 2023. These terms and conditions flow down to subrecipients, unless an award term or condition specifically indicates otherwise. The United States has the right to seek judicial enforcement of these obligations.

All legislation and digital resources are referenced with no digital links. The FY 2023 DHS Standard Terms and Conditions will be housed on dhs.gov at www.dhs.gov/publication/fy15-dhs-standard-terms-and-conditions.

under applicable law or regulation; and (3) all construction materials are manufactured in the United States--this means that all manufacturing processes for the construction material occurred in the United States. Nor does a Buy America preference apply to equipment and furnishings, such as movable chairs, desks, and portable computer equipment, that are used at or within the finished infrastructure project, but are not an integral part of the structure or permanently affixed to the infrastructure project. Waivers When necessary, recipients may apply for, and the agency may grant, a waiver from these requirements. (a) When the federal agency has made a determination that one of the following exceptions applies, the awarding official may waive the application of the domestic content procurement preference in any case in which the agency determines that: (1) applying the domestic content procurement preference would be inconsistent with the public interest; (2) the types of iron, steel, manufactured products, or construction materials are not produced in the United States in sufficient and reasonably available quantities or of a satisfactory quality; or (3) the inclusion of iron, steel, manufactured products, or construction materials produced in the United States will increase the cost of the overall project by more than 25 percent. A request to waive the application of the domestic content procurement preference must be in writing. The agency will provide instructions on the format, contents, and supporting materials required for any waiver request. Waiver requests are subject to public comment periods of no less than 15 days and must be reviewed by the OMB Made in America Office. There may be instances where an award qualifies, in whole or in part, for an existing waiver described. For awards by the Federal Emergency Management Agency (FEMA), existing waivers are available and the waiver process is described at "Buy America" Preference in FEMA Financial Assistance Programs for Infrastructure | FEMA.gov. For awards by other DHS components, please contact the applicable DHS FAO. To see whether a particular DHS federal financial assistance program is considered an infrastructure program and thus required to include a Buy America preference, please either contact the applicable DHS FAO, or for FEMA awards, please see Programs and Definitions: Build America, Buy America Act | FEMA.gov.

The execution of grant documents is not intended to change, alter, amend, or impose additional liability or responsibility upon the Tribe where it does not already exist.

XLIV. **Indirect Cost Rate**

2 C.F.R. section 200.211(b)(15) requires the terms of the award to include the indirect cost rate for the federal award. If applicable, the indirect cost rate for this award is stated in the budget documents or other materials approved by FEMA and included in the award file.
