STAFF REPORT COMMUNITY DEVELOPMENT DEPARTMENT

HEARING DATE: 6/28/2022
TO: Mayor & City Council
FROM: Alan Tiefenbach, Associate Planner
208-489-0573
SUBJECT: FP-2022-0016
Vertex Subdivision No 2 Final Plat
LOCATION: Parcel #S1405120902, located on the south side of E. Lake Hazel Road between S. Locust Grove Road and S. Eagle Road

I. PROJECT DESCRIPTION

Final plat consisting of 58 buildable lots and 11 common lots on 19.24 acres of land in the R-8 zoning district, by Brighton Development Inc.

II. APPLICANT INFORMATION

A. Applicant Representative:

Josh Beach, Brighton Development Inc. – 2929 W. Navigator Wy, Boise, ID 83713

B. Owner:

Brighton Development – 2929 W. Navigator Wy, Boise, ID 83713

III. STAFF ANALYSIS

In January of 2022, the City Council approved a rezoning from R-4 to R-8, a Preliminary Plat for 97 lots and a modification to the DA (Apex East Subdivision, PP, RZ - H-2021-0086, DA Instr. 2022-018711). This is the second of two phases and consists of 58 buildable lots and 11 common lots, including one common driveway serving two lots.

Amenities approved with the preliminary plat included with this phase are a 44,673 sq. ft. and 48,510 sq. ft. open spaces at the southeast and southwest corners of the property, one of which contains a gazebo, a micropath (shown as Lot 43, Block 1), a 10 ft. wide pathway along the southern perimeter connecting from S. Recreation Ave. to the Farr Lateral, and 10 ft. wide pathways along both sides of S. Recreation Ave. (which are being constructed as part of Interagency Cooperative Development Agreement Instr. 2016-007073). As was required as a condition of approval of the preliminary plat, the landscape plan provides a detail of the picnic area intended within Lot 3 Block 6. The City

Council granted a waiver from the requirement to tile the Farr Lateral as is allowed per UDC 11-3A-6. All development complies with the dimensional standards listed in UDC Table 11-2A-6 for the R-8 zoning district.

Staff has reviewed the proposed final plat for substantial compliance with the approved preliminary plat and development agreement in accord with the requirements listed in UDC 11-6B-3C.2. Because the final plat matches what was approved with the preliminary plat and development agreement, there is no increase in buildable lots, and the plat contains the same amount of qualified open space, Staff finds the proposed final plat is in substantial compliance with the approved preliminary plat as required.

IV. DECISION

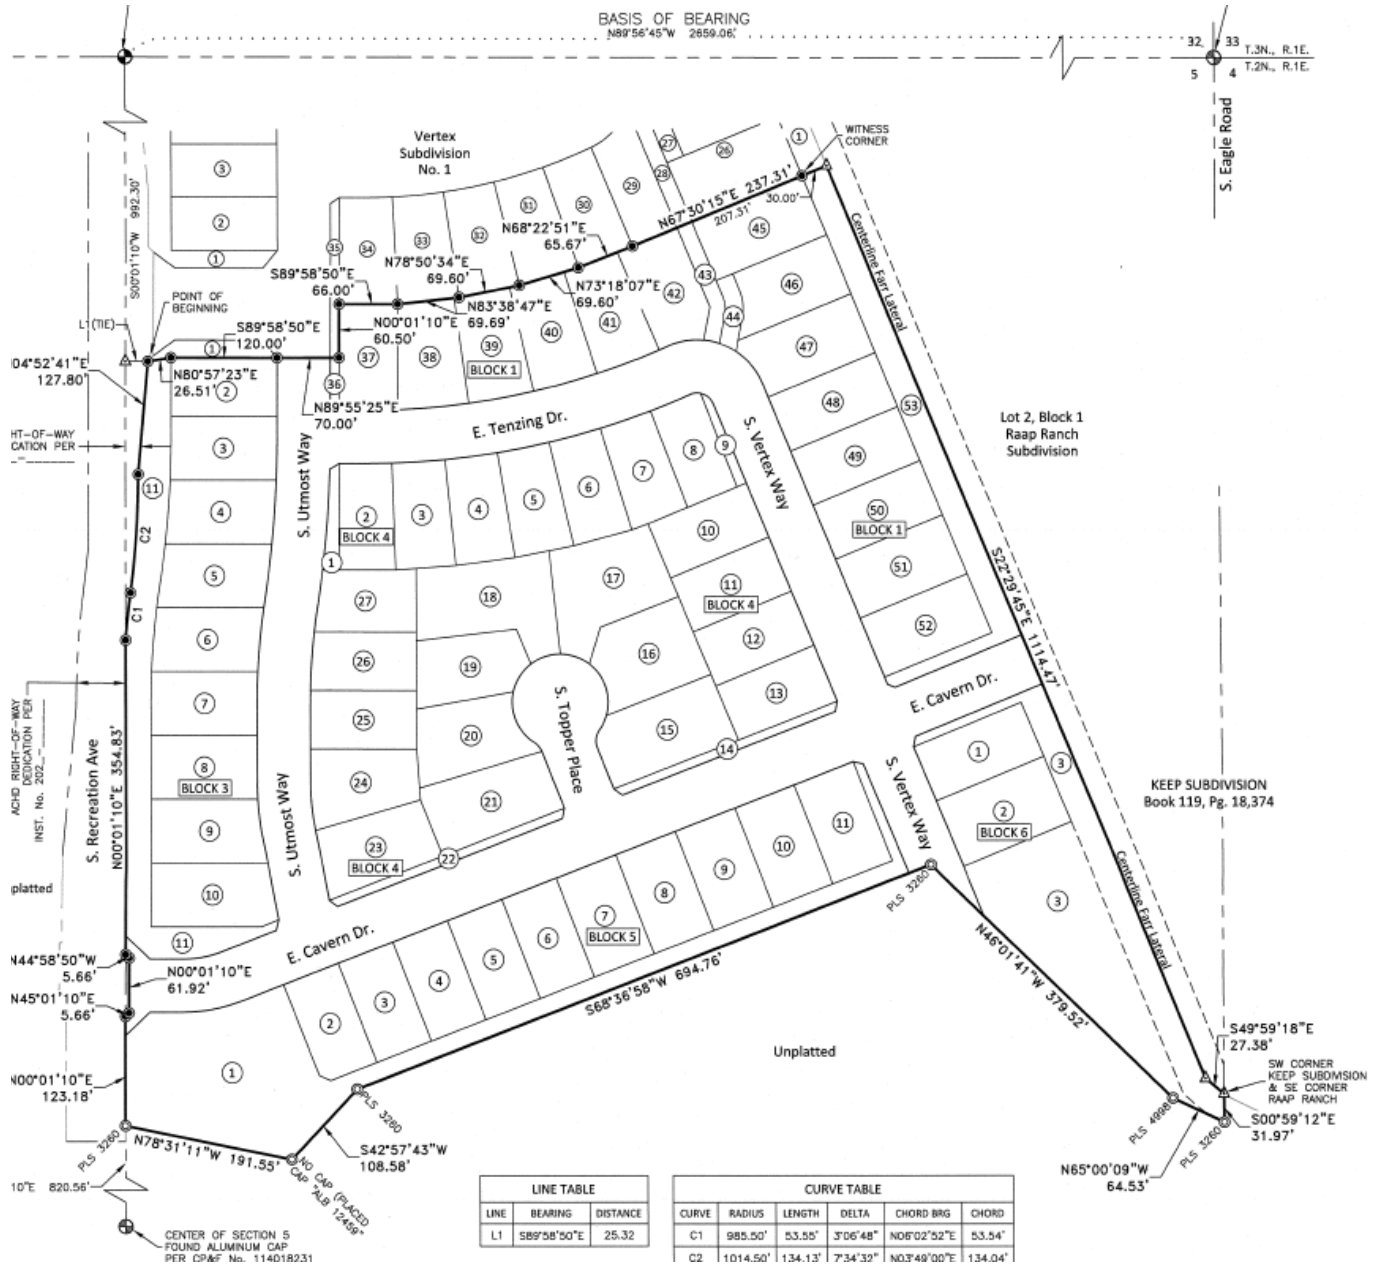

Staff recommends approval of the proposed final plat within the conditions noted in Section VI of this report.
