RE: Northwest Pipeline Encroachment Agreement

Background

Northwest Pipeline is the owner of two high pressure natural gas lines that run diagonally in a 75' piece of Right of Way thru the undeveloped portion of Discovery Park. The development of Discovery Park phase 2 will make numerous improvements in this Right of Way. This encroachment agreement permits us to construct these improvements. This agreement has been reviewed by our legal department.

Action

We are seeking Council approval of an Encroachment Agreement between the City and Northwest Pipeline.
