**V. COMPREHENSIVE PLAN ANALYSIS**

**LAND USE:** The majority of this property is designated Mixed Use Commercial (MU-COM) (northeast 22+/- acres) and High Density Residential (HDR) (southwest 11+/- acres) on the Future Land Use Map (FLUM) in the [Comprehensive Plan](#) with a narrow sliver of Mixed Use Residential (MU-RES) (3+/- acres) along the southern boundary which will mostly be right-of-way for W. Cobalt Dr. This property is located within the area governed by the [Ten Mile Interchange Specific Area Plan](#) (TMISAP).

The purpose of the MU-COM designation is to encourage the development of a mixture of office, retail, recreational, employment, and other miscellaneous uses, with supporting multi-family or single-family attached residential uses (see pg. 3-9 in the TMISAP for more information).

HDR designated areas are multiple-family housing areas where relatively larger and taller apartment buildings are the recommended building type. HDR areas should include a mix of housing types that achieve an overall average density target of at least 16-25 dwelling units per gross acre (see pg. 3-7 in the TMISAP for more information).

The purpose of the MU-RES designation is to encourage a diversity of compatible land uses that may include a mixture of residential, office, retail, recreational, employment, and other miscellaneous uses (see pg. 3-8 in the TMISAP for more information).

Mixed use designated areas in the TMISAP are recommended locations for development of activity centers that are specifically planned to include both residential and non-residential uses. Mixed use areas are anticipated to have 3 or more significant income producing uses (i.e. retail, office, residential and lodging facilities) with significant functional and physical integration in conformance with a coherent plan (pgs. 3-7 & 3-8).

The site is proposed to develop with a mix of uses (horizontal and vertical) as shown on the conceptual development plan in Section VIII.B. High-density 4-story multi-family residential apartments (380 1- and 2-bedroom units) are proposed in the HDR & MU-RES designated portions of the site with 3-story multi-family flats (137 1- and 2-bedroom units) and townhouse style (24 3-bedroom units) units with a clubhouse/recreation center [14,000 square feet (s.f.)], 3-story vertically integrated mixed use [primarily retail uses on the 1<sup>st</sup> floor (20,025 s.f.) with residential (42 1- and 2-bedroom units) on the 2<sup>nd</sup> and 3<sup>rd</sup> floors] and single-story financial institution (5,000 s.f.), mixed use service retail buildings (52,775 s.f.) and restaurants (9,250 s.f.) with drive-throughs with 2-story office buildings (46,600 s.f.) proposed in the MU-COM designated portion of the site adjacent to Franklin and Ten Mile Roads. A total of 559 residential units and 147,650 s.f. of commercial uses are proposed to develop in the overall site.

Staff finds the mix of income producing uses proposed as well as the vertical and horizontal integration of such uses and residential densities interconnected by pedestrian walkways and amenities is generally consistent with the goals of the TMISAP for this area.

**Transportation:** Cobalt Drive is proposed to be extended as a collector street from S. Ten Mile Rd. at the southeast corner and along the southern boundary of the site consistent with the Master Street Map in the Comprehensive Plan and the Transportation System Map in the TMISAP. *The proposed collector street network approved with the annexation of the Janicek property to the south (AZ-11-001, DA Inst. #112073616) depicts the extension of Cobalt as proposed with this application with the western segment lying off-site on the adjacent property to the south.*

**Design:** Conceptual building elevations were submitted for the multi-family residential structures and the associated clubhouse building. The design of the proposed multi-family structures appear to be of a high quality and are generally consistent in style, materials and colors. Elevations weren't submitted for the commercial portion of the development as tenants are unknown at this time. **Final design of the site and all structures is required to comply with the design elements of the TMISAP per the Application of Design Elements matrix on pg. 3-49 of the TMISAP and the design standards in the Architectural Standards Manual. The commercial portion of the development should incorporate similar design elements, colors and materials as the residential portion of the development.**

**Goals, Objectives, & Action Items:** Staff finds the following Comprehensive Plan policies to be applicable to this application and apply to the proposed use of this property (staff analysis in *italics*):

- “Encourage a variety of housing types that meet the needs, preferences, and financial capabilities of Meridian’s present and future residents.” (2.01.02D)

*A variety of multi-family housing is proposed in this development consisting of flats, townhome and apartment style units, which will contribute to the variety of housing types in the City, specifically in the Ten Mile area as desired, that should cater to different financial capabilities.*

- “Permit new development only where it can be adequately served by critical public facilities and urban services at the time of final approval, and in accord with any adopted levels of service for public facilities and services.” (3.03.03F)

*City water and sewer services are available and can be extended by the developer with development in accord with UDC 11-3A-21.*

- “Locate higher density housing near corridors with existing or planned transit, Downtown, and in proximity to employment centers.” (2.01.01H)

*The site is located at a major intersection along two major mobility arterials (Franklin and Ten Mile Roads) and in close proximity to employment centers. Transit services exist in the Ten Mile Crossing development to the east at the intersection of Vanguard/Wayfinder to serve this area – other transit stops may be added in the future.*

- “Encourage and support mixed-use areas that provide the benefits of being able to live, shop, dine, play, and work in close proximity, thereby reducing vehicle trips, and enhancing overall livability and sustainability.” (3.06.02B)

*The proposed project with multi-family residential and a grocery store with nearby employment (retail/office uses) and restaurant uses, should provide a good mix of uses that residents won't have to travel far for, thus reducing vehicle trips and enhancing overall livability and sustainability.*

- “Slow the outward progression of the City's limits by discouraging fringe area development; encourage development of vacant or underutilized parcels currently within City limits.” (4.05.03B)

*This property is an enclave surrounded by City annexed land. Annexation and development of this property will maximize public services.*

- “Annex lands into the corporate boundaries of the City only when the annexation proposal conforms to the City’s vision and the necessary extension of public services and infrastructure is provided.” (3.03.03)

*The proposed development plan is generally consistent with the City’s vision for this property through the Comprehensive Plan; the developer will extend public services and infrastructure as needed for the development.*

## **VI. STAFF ANALYSIS**

### **A. ANNEXATION & ZONING**

The Applicant proposes to annex 40.30 acres of land with R-40 (13.04-acres) and C-C (27.25-acres) zoning districts. A conceptual development plan was submitted as shown in Section VIII.B that proposes offices, a financial establishment, retail pads, a grocery store, vertically integrated residential and multi-family residential in accord with the associated MU-COM, HDR and MU-RES, FLUM designations for the property.

A phasing plan was not submitted; however, the Applicant states the 3-story flats and townhome style multi-family residential and clubhouse would develop in the first phase along with the associated infrastructure; the 4-story high-density multi-family would follow with the commercial last as tenants commit.

The proposed C-C zoning district is listed as a possible zoning choice in the MU-COM and MU-RES; and the R-40 zoning district is listed as the best choice in the HDR and possible choice in the MU-RES FLUM designation, per the Zoning District Compatability Matrix in the TMISAP (pgs. 2-4 & 2-5).

The Kennedy Lateral bisects this site and is proposed to be tiled in certain areas and left open in others as shown on the conceptual development plan. The UDC (11-3A-6B.3) required all laterals crossing or lying within the area being developed to be piped or otherwise covered unless left open and used as a water amenity or linear open space as defined in UDC 11-1A-1. The decision making body may waive the requirement for covering such lateral if it finds that the public purpose requiring such will not be served and public safety can be preserved. **A waiver from Council is requested for portions of the lateral proposed to be left open; if not approved, the lateral is required to be piped.**

Access to the site is proposed as shown on the conceptual development plan in Section VIII.B. ACHD has reviewed the proposed accesses and supports the following: Access A – full access; Access B – right-in/right-out only; Access C – right-out only; Access D – right-in/right-out only; and Cobalt – right-in/right-out/left-in only. **Staff recommends access is restricted through the Development Agreement as supported by ACHD per the comments in Section IX.K.**

Off-street parking is depicted on the concept plan to serve the mixed use development. Based on (291) 1-bedroom units, (250) 2- and 3-bedroom units and 42 vertically integrated residential units, a minimum of 979 spaces consisting of 541 covered spaces and 396 uncovered spaces are required per UDC Table 11-3C-6; a total of 1,034 spaces are depicted. Based on 138,400 s.f. of non-residential uses, a minimum of 277 spaces are required per UDC 11-3C-6B.1 and based on 9,250 s.f. of restaurant uses, a minimum of 37 spaces are required per UDC 11-4-3-49A.1, for a total of 314 spaces; a total of 448 spaces are proposed in excess of the minimum standards.

The proposed annexation area is contiguous to City annexed property and is within the Area of City Impact Boundary. A legal description and exhibit map for the annexation area is included in Section VIII.A.

The City may require a development agreement (DA) in conjunction with an annexation pursuant to Idaho Code section 67-6511A. **To ensure the site develops as proposed with this application, Staff recommends a DA is required as a provision of annexation (see provision in Section IX.A).**

## VII. DECISION

### A. Staff:

Staff recommends approval of the proposed Annexation & Zoning with the requirement of a Development Agreement per the provisions in Section IX in accord with the Findings in Section X.

## IX. CITY/AGENCY COMMENTS & CONDITIONS

### A. PLANNING DIVISION

1. A Development Agreement (DA) is required as a provision of annexation of this property. Prior to approval of the annexation ordinance, a DA shall be entered into between the City of Meridian, the property owner(s) at the time of annexation ordinance adoption, and the developer.

Currently, a fee of \$303.00 shall be paid by the Applicant to the Planning Division prior to commencement of the DA. The DA shall be signed by the property owner and returned to the Planning Division within six (6) months of the City Council granting the annexation. The DA shall, at minimum, incorporate the following provisions:

- a. The subject property shall develop in substantial compliance with the conceptual development plan and building elevations in Section VIII.B and the land use, transportation, and design elements of the Ten Mile Interchange Specific Area Plan (TMISAP).
- b. The project shall comply with the applicable design elements as noted in the Application of Design Elements matrix in the TMISAP (see pg. 3-49) and the design standards in the Architectural Standards Manual.
- c. Access to the site via W. Franklin Rd., S. Ten Mile Rd. and W. Cobalt Dr. shall be restricted as recommended by ACHD in Section IX.K.
- d. The subject property shall be subdivided prior to any development occurring on the site.
- e. The Kennedy Lateral shall be piped in its entirety where it crosses the subject property as required by UDC 11-3A-6B.3 unless otherwise waived by City Council as set forth in UDC 11-3A-6B.3a.

**B. PUBLIC WORKS**

**1. Site Specific Conditions of Approval**

- 1.1 Any unused sanitary sewer and/or water services or mains must be abandoned.
- 1.2 Ensure no permanent structures (trees, bushes, carports, trash enclosures, etc.) are built within any utility easements.

**X. FINDINGS**

**A. Annexation and/or Rezone (UDC 11-5B-3E)**

Required Findings: Upon recommendation from the commission, the council shall make a full investigation and shall, at the public hearing, review the application. In order to grant an annexation and/or rezone, the council shall make the following findings:

**1. The map amendment complies with the applicable provisions of the comprehensive plan;**

*The Applicant is proposing to annex the subject 40.30-acre property with R-40 and C-C zoning districts consistent with the MU-COM, HDR and MU-RES FLUM designations for this property. (See section V above for more information.)*

**2. The map amendment complies with the regulations outlined for the proposed district, specifically the purpose statement;**

*Staff finds the proposed map amendment complies with the regulations outlined for the R-40 and C-C zoning districts and the purpose statements of the residential and commercial districts.*

**3. The map amendment shall not be materially detrimental to the public health, safety, and welfare;**

*Staff finds the proposed map amendment will not be detrimental to the public health, safety and welfare in this area.*

**4. The map amendment shall not result in an adverse impact upon the delivery of services by any political subdivision providing public services within the city including, but not limited to, school districts; and**

*Staff finds the proposed map amendment will not result in an adverse impact upon the delivery of services by any political subdivision providing public services.*

**5. The annexation (as applicable) is in the best interest of city.**

*Staff finds the proposed annexation is in the best interest of the City.*
