Good morning, Shanna,

I appreciate you taking the time to reach out and let us know of the safety deficiency. It's a location we've heard about quite a few times. The good news is that ACHD has advanced a Safety and Compliance project to improve Stoddard Road between Victory and Overland in 2027. The project will include completing sidewalk gaps on Stoddard, a buffered multi-use pathway on the west side of the road and include a pedestrian hybrid beacon (PHB) and crosswalk at Victory. Following is a link to the ACHD project website, including contact information, and some additional information. Note that the ACHD website is a little old and has not been updated with the new construction timing.

ACHD Stoddard Road Project Website: <https://engage.achdidaho.org/stoddard-road-victory-road-to-overland-road> (a rendered plan set of the construction is available here)

What is a PHB: <https://highways.dot.gov/safety/proven-safety-countermeasures/pedestrian-hybrid-beacons>

[Image is a screen capture from the rendered plan set available on the ACHD project website.]

Please let me know if you have any other questions on this.

Subject: RE: Request for Mayor and Council

Good morning Shanna,

Thank you for your email, it has been received by the Mayor's Office. We appreciate you taking time to share your thoughts and comments with us regarding a crosswalk need in your neighborhood.

Traffic calming measures such as signage, cross walks and speed limit indicators do require input by the Ada County Highway District (ACHD), who own and operate the public roadways in Meridian. That said, the Meridian Transportation Commission and supporting staff also review and discuss these types of concerns and issues. To that, I have copied Brian McClure the Long-Range Planning Supervisor and ask that he reach out to you directly this week to get some additional details and help determine a good path forward to have these concerns reviewed.

ACHD does have a link (found [HERE](#)) on their website for a form to submit a Traffic Investigation Report. I suggest talking with Brian first, and if this is a good added approach than you and he can determine who is best to submit the request.

Again, thank you for reaching out, as we appreciate you sharing your thoughts and bringing this to our attention.

Subject: Crosswalk Needed

Message: Hello!

My family and I moved to Meridian last summer. We frequently take walks around our neighborhood and

also often cross the street to walk toward the Bear Creek neighborhood from our Timberline neighborhood. I would strongly urge the city to please put a crosswalk in on Victory road near the intersection of Victory and Stoddard. There are many people who cross the street there now. There are many kids from our neighborhood who go to Victory Middle school and some of their parents will not let them walk to school due to it being dangerous to cross there. Two of my children have come very close to being hit by a car when we have crossed the road there. I ask you to please help us keep our children and all of us safe by putting in a crosswalk there. Thank you.

Shanna Parry
